Subject: COP-R-PLASTIC WOOD PRESERVING COMPOUND  
EPA Registration No.: 75341-5  
Application Date: August 11, 2009  
Receipt Date: August 11, 2009

Dear Ms. Muchow:

This acknowledges receipt of the notification identified above submitted under the provision section 3 (c) 9 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended and PR Notice 98-10.

**Proposed Notification:**

Revised Precautionary Statements:

- Update Container Language as per PR Notice 2007-4

**General Comment:**

A copy of this accepted notification has been inserted in your file for future reference.

Should you have any questions or comments concerning this letter, you may contact Stacey Grigsby by telephone at (703) 305-6440 or by e-mail at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov) during the hours of 8:00am to 4:00pm EST. When submitting information or data in response to this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

ShaRon Carlisle  
(Acting) Product Manager (34)  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

CONCURRENCES

SYMBOL	SURNAME	DATE					

**DESCRIPTION**

COP-R-PLASTIC™ is designed for remedial treatment of in-service poles, piling, posts, and other timber members. It may be applied by brush, trowel or caulking/grease gun.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**EXTERNAL TREATMENT:** Excavate the soil from the groundline of the pole for a depth of 18 inches, or deeper where specified. Remove rotted wood. Clean the surface of the pole to be treated. Apply by brush or trowel to a thickness of 1/16" on poles or timber. Typical pole application is from 3" above to 18" below groundline and lower where deeper decay is suspected. Application on poles to be restored should extend the length of wrap-around type repair systems. Wrap the treated area with water-proof bandage, OSMOSHIELD.

**INTERNAL TREATMENT:** For control of internal decay in poles and other timbers, holes may be drilled in areas of the poles or timber where protection is required. Fill drilled holes, decay pockets, and voids using a caulking/grease gun. Plug application holes with secure-fitting dowels.

Application of this product may produce a strong, lingering unpleasant odor.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store product in original container only. Keep container closed when not in use.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

Triple rinse (or equivalent). Puncture and dispose of in sanitary landfill, or by other procedures approved by state and local authorities, by burning. If burned, stay out of smoke.

~~If product is in metal container, do not attempt to burn or incinerate. Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.~~

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide; spray mixture or rinsate is a violation of Federal law. If these wastes can not be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**BATCH NO:** \_\_\_\_\_

INDUSTRIAL USE ONLY. NOT FOR HOUSEHOLD USE

**COP-R-PLASTIC  
WOOD PRESERVING COMPOUND**

ACTIVE INGREDIENTS:

Sodium Fluoride .....	44.4%
Copper Naphthenate* .....	20.0%
Inert Ingredients** .....	35.6%
TOTAL	100.0%

\*Equivalent to 2.0% Copper as Metal

\*\*Contains Petroleum Distillates

NOTIFICATION  
Date Reviewed: 9/22/09  
Reviewed By: J. Higgins

FOR EXTERIOR USE ONLY.  
KEEP OUT OF REACH OF CHILDREN

**DANGER**

FIRST AID

If inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice.
If on skin or clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
If in eyes	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If swallowed	Call poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical questions, emergencies or accidents involving this product, call CHEM-TREC at 1-800-424-9300.	
<b>NOTE TO PHYSICIAN:</b> Probable mucosal damage may contraindicate the use of gastric lavage.

NET CONTENTS: 5 Gallons (18.93 L)

**DESCRIPTION**

COP-R-PLASTIC™ contains recognized salt preservatives used successfully in the art of wood preservative for more than forty (40) years. This combination of sodium fluoride and copper naphthenate provides deep, long lasting protection against decay. COP-R-PLASTIC™ is designed for use in groundline treatment of standing poles, piling and other timber members.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**DANGER:** Corrosive. Causes irreversible eye damage. May be fatal if swallowed. Harmful if absorbed through skin. Do not get in eyes, on skin or on clothing. Wear face shield or goggles. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Do not breathe vapors or mist during brush, roll, spray or dip applications. Wear a NIOSH/MHSA-approved mist/vapor respirator when spraying for continued or prolonged use of this product or for frequent use of this product.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL OR CHEMICAL  
HAZARDS**

Do not use, pour, spill or store near heat or open flame.
