

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510C)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg. Number: 75341-15

Date of Issuance: SEP 6 2012

Term of Issuance: Unconditional

Name of Pesticide Product: ORD-X029

NOTICE OF PESTICIDE:
[x] Registration
Reregistration

(under FIFRA, as amended)

Name and Address of Registrant: (include ZIP Code):

Osmose Utilities Services, Inc
980 Ellicott Street
Buffalo, NY 14209

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act.

This product (OPP Decision No. D-459779) is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Revise the "EPA Registration Symbol to read, "EPA Reg. No. 75341-15".
b. Revise the "User Safety Recommendations" heading and 4th statement to be in agreement with PR Notice 2000-5, Mandatory Labeling by deleting "Recommendations" and "should" stating "Requirements" and "must."

Signature of Approving Official:

Handwritten signature of Jacqueline Campbell

Product Manager Team-34
Regulatory Management Branch II
Antimicrobials Division (7510P)

Date:

SEP 6 2012

- c. According to PR Notice 95-1, commercial or industrial products sold in containers greater than 5 gallons must have the following NPDES language under the "Environmental Hazards":
- d. Revise the Pesticide Disposal statement to read "*Wastes resulting from the use of this product must be disposed of on site or at an approved waste facility.*"
- e. Revise the 3rd statement under the "External Treatment" directions to be in compliance with PR Notice 2000-5, Mandatory Labeling, by deleting the term, should, and state "*must.*"

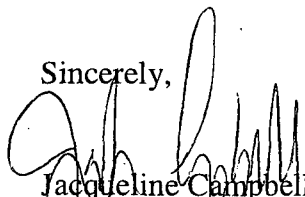

3. Submit a 1 year storage stability and corrosion characteristic study following OPPTS 830.6317 and 830.6320 guidelines one year from the date of this notice.

4. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Should you have any questions regarding this letter, please contact Glen McLeod by telephone at (703) 347-0181 or by email at mcleod.glen@epa.gov.

Sincerely,

Jacqueline Campbell

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Harmful if swallowed, or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling, before eating, drinking, chewing gum or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment (PPE)

Applicators and other handlers must wear eye protection, such as goggles or face shield, and chemical-resistant gloves (such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, polyvinyl chloride, vitro). Mixers, loaders, applicators, and other handlers must wear the following: long-sleeve shirt or protective sleeves, long pants, shoes plus socks. Protective clothing must be changed when it shows signs of contamination. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS RECOMMENDATIONS
Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing/ PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing. Wash the outside of gloves before removing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater/rinsate.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

PESTICIDE STORAGE: Store product away from food or feed. Keep container closed when not in use.

PESTICIDE DISPOSAL:

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these pesticides cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Offer for recycling, if available or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

BATCH NO: _____

DESCRIPTION

ORD-X029 is designed for remedial treatment of insecticide service poles, posts, and other timber members. It may be applied by brush, trowel or pump.

DIRECTIONS FOR USE

It is a pesticide registered under EPA Reg. No. 1534 in a manner consistent with its labeling.

ORD-X029 must not be applied to poles, posts or timber members in aquatic environments.

EXTERNAL TREATMENT: Apply to a thickness of 1/16" on poles or timber. Typical pole application from 3" above to 18" below groundline and lower where deeper decay is suspected. Application on poles to be restored extend the length of wrap-around type repair systems. Wrap the treated area with water-proof bandage, OSMOSHIELD.

Proper use includes the covering of any exposed product above the groundline in areas where children or livestock may come in contact with it. Various products which can be used for this purpose are Osmose's Pasture Wrap or some other type of barrier which prevents the product from being easily removed and consumed.

INTERNAL TREATMENT: For control of internal decay in poles and other timbers, holes may be drilled in areas of the poles or timber where protection is required. Fill drilled holes, decay pockets, and voids using a grease gun or other pressurized applicator. Plug application holes with secure-fitting dowels. Product may be diluted with water if a less viscous solution is desired.
