

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

**EPA Reg. Number:**

75373-1

**Date of Issuance:**

4/22/15

**NOTICE OF PESTICIDE:**

Registration  
 Reregistration  
 (under FIFRA, as amended)

**Term of Issuance:**

Unconditional

**Name of Pesticide Product:**

BleachTech 16% Solution -  
 Ultraclear

**Name and Address of Registrant (include ZIP Code):**

BleachTech LLC  
 19301 Shaker Boulevard  
 Cleveland, OH 44122

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

**Signature of Approving Official:**

Demson Fuller, Product Manager 32  
 Regulatory Management Branch II, Antimicrobials Division  
 (7510P)

**Date:**

4/22/15

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 75373-1.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 10/31/2014

If you have any questions, please contact Wanda Henson by phone at (703) 308-6345, or via email at [henson.wanda@epa.gov](mailto:henson.wanda@epa.gov).

Sincerely,

Demson Fuller, Product Manager 32

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**DANGER: Corrosive**, Causes irreversible eye damage and skin burns. Harmful if inhaled, swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Do not get in eyes, on skin or clothing. Wear goggles, face shield or safety glasses, and neoprene jacket, coveralls, boots and rubber gloves when handling this product. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. -

### Environmental Hazards

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer system without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### Physical or Chemical Hazards

**STRONG OXIDIZING AGENT**. Mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas that is irritating to eyes, lungs and mucous membranes.

### DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Note: This product degrades with age. Use a test kit and increase dosage as necessary to obtain the required level of available chlorine.

### CLEANING FORMULATIONS, BLEACHING, & NON-PESTICIDE CHEMICAL

**MANUFACTURING:** This product may be used for cleaning formulations, bleaching and non-pesticide chemical manufacturing. Only specifically designed handling and dispensing equipment should be used in accordance with manufacturer's instructions and according to operating instructions or product formulations defined by the use facility.

**Formulators, reformulators and repackages of this product are responsible for obtaining EPA registration of their product.**

Only for manufacturing use in formulation of products intended for the following uses:

- Swimming pools/spas/hot-tubs/immersion tanks water disinfection
- Nonporous/porous, food/non-food contact surface sanitization
- Nonporous non-food contact surface disinfection
- Sewage and wastewater effluent disinfection

- Sewage and wastewater slime control
- Drinking water (emergency/public/individual systems) disinfection
- Public water system disinfection
- Emergency water disinfection after floods/fires/droughts/main breaks
- Cooling tower/evaporative condenser water treatment
- Laundry sanitizer (household/commercial)
- Farm premises disinfection
- To control microorganisms in pulp and paper mill process water systems
- Agricultural uses (potato sanitation for post-harvest protection, leaf cutting, bee cells/boards/domiciles disinfection), food egg sanitization, fruit and vegetable washing
- Aquacultural uses for control of algae and bacteria (fish pond/equipment, Maine lobster ponds, conditioning live oysters, scavenger control in fish hatchery ponds)
- Dialysis machine sanitization
- Mildew/fungus control on asphalt or wood roofs/sidings
- Slime control on boat bottoms
- Artificial sand beach sanitization
- Toilet bowl sanitizers

### **STORAGE AND DISPOSAL**

Do not contaminate food or feed by storage, disposal or cleaning of equipment.

**Storage:** Store in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water.

**Product Disposal:** Product or rinsates that cannot be used must be diluted with water before disposal in a sanitary sewer.

**Container: [Tank Cars and Trucks]:** Refill with bleach OR triple or pressure rinse empty tank car or tank truck to remove bleach residues before filling with other product.

*[Use the following for container handling statement for refillable containers.]*

**Container Handling [for] [Drums] [Totes] and/or [Intermediate Bulk Containers (IBC)]:** Refillable container. Refill with sodium hypochlorite only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Offer container for recycling if available or reconditioning if appropriate or place in trash.
