**Long Lasting Protection**  
 Proven effective in killing  
 ROACHES (waterbugs)  
 PALMETTO BUGS  
 ANTS SILVERFISH

ACTIVE INGREDIENT  
 BORIC ACID 99%  
 INERT INGREDIENTS 1%  
 Net Contents 1 lb

KEEP OUT OF REACH OF CHILDREN

**CAUTION**

SEE BACK PANEL FOR OTHER CAUTIONS AND DIRECTIONS

ROACH RIDD is an odorless, non-staining powder which is effective in killing roaches (water bugs, palmetto bugs), ants and silverfish. As long as the powder remains dry, it provides long lasting protection from future infestations. ROACH RIDD clings to all roaches it comes in contact with. Contaminated roaches spread the powder to other areas where roaches are hiding and multiplying. The result is that you kill the roaches you see and the roaches you don't see!

**CAUTION**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**

Avoid contamination of food and feedstuffs

Harmful if swallowed. Wash hands thoroughly after handling. Apply only in areas inaccessible to children and pets. Notify physician or poison control center immediately if swallowed.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using. Snip off end of easy to use applicator spout at the first ridge. Apply ROACH RIDD by using the handy squeeze bottle or by using a teaspoon or small (paint type) brush. Any powder visible after application should be carefully brushed into cracks and crevices, or removed. Reapply as necessary. Do not use in areas where powder will become wet.

**HOUSEHOLD APPLICATIONS:** Remove all lower drawers in kitchen and bath, and scatter liberally in drawer wells. Spread 1/2 teaspoon in each corner of shelf. Use in closets, garage, and around window sills and door jambs. Also use under cabinets, dressers, bookcases, behind refrigerator, range, washer, dryer, and dishwasher. Recommended application rate - 1 lb. per 1,000 square feet.

**NEW CONSTRUCTION AND COMMERCIAL APPLICATIONS:** Drill 1/2" holes in kick plates of cabinets and apply liberally with applicator spout. Also use in walls, soffits, and sub cabinet voids, behind long banks of appliances or lockers, into pits under dumbwaiters and under booth seats. Apply under pallets and behind boxes in storerooms. Recommended application rate - 1 lb. per 500 square feet.

**DISPOSAL**

Do not reuse empty container. Wrap container and put in trash receptacle.
