

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Antimicrobials Division (7510P)
 1200 Pennsylvania Avenue NW
 Washington, D.C. 20460

EPA Reg. Number:
 75538-2

Date of Issuance:

Term of Issuance:
Conditional

Name of Pesticide Product:
 COPPER ALGAECIDE

NOTICE OF PESTICIDE:

- Registration
- Reregistration
 (under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

OREQ Corporation
 42306 Remington Avenue
 Temecula, CA 92590

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. D-484007) is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one (1) copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and it's implementing regulation at 40 CFR 152.3.

COPPER ALGAECIDE

KEEP OUT OF REACH OF CHILDREN
CAUTION

[See [side] [back] panel for [First Aid and] additional precautionary statements.]

ACTIVE INGREDIENT:

Copper triethanolamine complex*23.21%

INERT INGREDIENTS76.79%

TOTAL.....100.00%

*metallic copper equivalent, 7.00%

Contains 0.75 lbs of elemental copper per gallon

NET CONTENTS:

EPA No: 75538-2
EST No.

DISTRIBUTED BY:

Oreq Corporation
42306 Remington Ave.
Temecula, CA 92590

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going for treatment.

[For emergency information on this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.]

[See [Back] [Side] panel for additional precautionary statements.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes moderate eye irritation. Harmful if swallowed, absorbed through the skin, or inhaled. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

{For products in containers of less than 5 gallons:}

[This product is toxic to fish and aquatic organisms.]

{For products in containers of 5 gallons or more:}

[This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.]

{Additional optional product description/marketing statements}

[This product under field conditions, has shown to be effective in controlling mustard and black algae. The triethanolamine complex used in this product prevents the precipitation of the copper with the carbonates or bicarbonates in water.]

PHYSICAL AND CHEMICAL HAZARDS

Do not mix with any other chemicals. Do not use pools where minerals present a problem.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is made especially to control algae growth in all types of swimming pools. Its long-lasting action will control existing algae. Subsequent doses will control recontamination by algae. Treated water can be used immediately ...no waiting.

This product comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount of this product into plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. This product is not compatible with non chlorine pools/Baquacil pools.

DILUTION CHART FOR SWIMMING POOLS (WINTER MAINTENANCE CHART)

Pool Capacity	Initial Treatment	Maintenance Dose
5,000 gal.	2 fl. oz.	1 fl. oz.
10,000 gal.	4 fl. oz.	2 fl. oz.
20,000 gal.	8 fl. oz.	4 fl. oz.
40,000 gal.	16 fl. oz.	8 fl. oz.

{Optional winter use directions.}

{WINTER DIRECTIONS: Use 4 fl.oz. for 10,000 gallons (8 fl. oz. for 20,000 gallons; 16 fl. oz. for 40,000 gallons) of pool water. Pour the required amount into a plastic watering can, fill with water, and sprinkle the diluted product around the edge of pool. For best results, the mixture must be distributed around the pool.

Add this product to your pool prior to closing. During the winter season check pool periodically for visible signs of algae and reapply this product if necessary.]

STORAGE AND DISPOSAL

{Residential Pools}

Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Nonrefillable container. Do not reuse or refill this container.

If Empty: Offer for recycling or wrap securely several layers of newspaper and discard in trash. **If**

Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Refillable container – household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Refillable container. Refill this container with copper triethanolamine complex solutions only. Do not use this container for any other purpose. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

{Commercial Pools}

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Keep product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container Triple rinse (or equivalent). Then, offer for recycling, if available. If not, dispose of container in a sanitary landfill.

{Refillable container – non-household/residential use}

[Do not contaminate food or feed by storage or disposal or cleaning of equipment.

PESTICIDE STORAGE: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Refillable container. Refill this container with copper triethanolamine complex solutions only. Do not use this container for any other purpose.

PESTICIDE DISPOSAL: Cleaning of this container before final disposal is the responsibility of the person disposing of the container.

CONTAINER HANDLING: Rinse empty container thoroughly with water to dissolve all material prior to disposal.]
