Subject: Label Amendment – Changes Required by the Copper Compounds Amended
Interim Registration Review Decision
Product Name: COPPER ALGAECIDE
EPA Registration Number: 75538-2
Received Date: 2/19/2019
Decision Number: 595861

Dear Lucy Feliciano:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Copper Compounds Amended Interim Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Megan Snyderman by phone at 202-566-0639, or via email at snyderman.megan@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'J. Gayoso', is centered below the 'Sincerely,' text.

Jose Gayoso, Senior Regulatory Advisor
Reevaluation Branch
Antimicrobials Division (7510P)
Office of Pesticide Programs

Enclosure: Stamped Label

{All text in brackets [xxxx] is optional and may or may not be included on a final label.}
{All text in braces {xxxx} is administrative for label review and will not appear on final labels.}

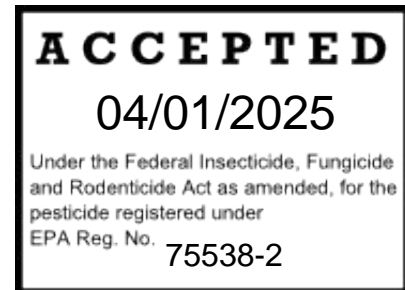

COPPER ALGAECIDE

KEEP OUT OF REACH OF CHILDREN
CAUTION

[See [side] [back] panel for [First Aid and] additional precautionary statements.]

{Alternate Brand names:}
ClearView Copper Strike
PoolPals Copper Algae Eater

{Marketing:}
[Kills Black, and Mustard Algae]
[Algaecide]
[Non-Foaming Algaecide]
[For controlling mustard algae growth in swimming pools]
[Swim immediately after treatment]
[Fast-acting Treatment]
[Easy to use, Swim Immediately]
[Treats up to 40,000 gallons]
[2 fl. oz. treats up to 5,000 gallons]
[4 fl. oz. treats up to 10,000 gallons]
[8 fl. oz. treats up to 20,000 gallons]
[16 fl. oz. treats up to 40,000 gallons]

ACTIVE INGREDIENT:
Copper triethanolamine complex*23.21%
INERT INGREDIENTS76.79%
TOTAL.....100.00%
*metallic copper equivalent, 7.00%
Contains 0.75 lbs of elemental copper per gallon

NET CONTENTS: [16 fl.oz. (473.18 ml)] [32 fl.oz. (946.35 ml)]

EPA Reg. No: 75538-2
EPA Est. No: 75538-2

[MANUFACTURED BY:] [DISTRIBUTED BY:]

Oreq Corporation
42306 Remington Ave

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going for treatment.

[For emergency information on this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.]

[24-hour Emergency Hotline for Technical Assistance and MSDS 1-800-633-8253]

[See [Back] [Side] panel for additional precautionary statements.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms.

{Additional optional product description/marketing statements}

[this product under field conditions, has shown to be effective in controlling a broad range of algae. [Especially effective results have been obtained against Chara (Stone wart), Spirogyra, Cladophora, Vaucheria Ulothrix, Microcystis, Oscillatoria, Mustard Algae and Black Algae.] The triethanolamine complex used in this product prevents the precipitation of the copper with the carbonates or bicarbonates in water.]

Physical and Chemical Hazards:

Do not mix with any other chemicals. Do not use in pools where minerals present a problem.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before draining a treated pool, spa, hot tub, or fountain contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool or spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

This product is made especially to control algae growth in all types of swimming pools. Its long-lasting action will control existing algae. Subsequent doses will control recontamination by algae. Treated water can be used immediately ...no waiting.

This product comes concentrated. Dilute with at least nine parts of water before applying. Pour required amount of this product into plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. This product is not compatible with non chlorine/Baquacil pools.

[DILUTION CHART FOR SWIMMING POOLS (WINTER MAINTENANCE CHART)]

Pool Capacity	Initial Treatment	Maintenance Dose
5,000 gal.	2 fl. Oz.	1 fl. Oz.
10,000 gal.	4 fl. Oz.	2 fl. Oz.
20,000 gal.	8 fl. Oz.	4 fl. Oz.
40,000 gal.	16 fl. Oz.	8 fl. Oz.

{Optional winter use directions.}

[WINTER DIRECTIONS: Use 4 fl.oz. for 10,000 gallons, (8 fl.oz. for 20,000 gallons, 16 fl.oz. for 40,000 gallons) of pool water. Pour the required amount into a plastic watering can, fill with water, and sprinkle the diluted product around the edge of pool. For best results, the mixture must be distributed around the pool.

Add this product to your pool prior to closing. During the winter season check pool periodically for visible signs of algae and reapply this product if necessary.]

STORAGE AND DISPOSAL:

{residential pools}

Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Non-refillable container. Do not reuse or refill this container.

If Empty: Offer for recycling or wrap securely in several layers of newspaper and discard in trash.

If Partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{Refillable container – household/residential use}

[Keep this product in original, tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Refillable container. Refill this container with copper triethanolamine complex solutions only. Do not use this container for any other purpose. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

{commercial pools}

[Do not contaminate food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of onsite or at an approved waste facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then, offer for recycling, if available. If not, dispose of container in a sanitary landfill.]

{Refillable container – non-household/residential use}

[Do not contaminate food or feed by storage or disposal or cleaning of equipment.

PESTICIDE STORAGE: Keep this product in original, tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

Refillable container. Refill this container with copper triethanolamine complex solutions only. Do not use this container for any other purpose.

PESTICIDE DISPOSAL: Cleaning of this container before final disposal is the responsibility of the person disposing of the container.

CONTAINER DISPOSAL: Rinse empty container thoroughly with water to dissolve all material prior to disposal.]
