

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Antimicrobials Division (7510P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

75538-5

Date of Issuance:

7/19/17

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Bromtek Bromine Tablets

Name and Address of Registrant (include ZIP Code):

Oreq Corporation  
 c/o Ms. Marianne Radtke  
 MCR Regulatory Consultant LLC  
 5010 South 20<sup>th</sup> Street  
 Milwaukee, WI 53221

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Demson Fuller, Product Manager 32  
 Regulatory Management Branch II  
 Antimicrobials Division (7510P)  
 Office of Pesticide Programs

Date:

7/19/17

2. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 75538-5.”
3. The following alternate brand names: 1.) “Clear Spa 104 Spa Solutions Bromo Bright Tablets;” 2.) “Clear View Bromo Tabs;” and 3.) “Poolpals Bromine Tabs.” have been added to the product record.
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

Basic CSF dated 02/23/2017

If you have any questions, please contact Killian Swift by phone at 703-308-6346, or via email at [Swift.Killian@epa.gov](mailto:Swift.Killian@epa.gov).

Sincerely,

Demson Fuller, Product Manager 32

# BROMTEK

## Bromine Tablets

[Bactericide][Algicide][Sanitizer]

ACTIVE INGREDIENT:  
Bromochloro-5, 5-Dimethylhydantoin ..... 98%  
OTHER INGREDIENTS ..... 2%  
TOTAL ..... 100%  
Provides 64.9% available bromine, 29% available chlorine

**ACCEPTED**

07/19/2017

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 75538-5

### KEEP OUT OF REACH OF CHILDREN DANGER

**Corrosive and strong oxidizer.**  
See additional precautions on [back] [side] panel.

Net Contents [oz.][Lbs.] ( [gm][kg])

EPA. Reg. No. 75538-5 EPA Est. No. 75538-CA-1

### FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**If in Eyes:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**If on Skin or Clothing:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**If Inhaled:**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

**If Swallowed:**

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

#### DANGER

**Corrosive.** Causes irreversible eye damage and skin burns. Eye contact may cause loss of vision. May be fatal if inhaled. Irritating to nose and throat. Harmful if absorbed through skin or swallowed. Use with adequate ventilation. Do not smoke, drink, or eat when handling this product. Do not breathe dust or spray mist. Do not get in eyes, on skin, or on clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear goggles with side-shields, face shield or safety glasses; protective clothing and rubber gloves. Wear a mask or pesticide respirator jointly approved by Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing, and wash before reuse.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms.

## PHYSICAL OR CHEMICAL HAZARDS

Strong oxidizer, mix with water only. Reaction with combustible organic materials, bases, moisture or with oxidizers may generate heat, hazardous gases and, possible fire or explosion. Do not add to dispensers or other equipment that is not dry and clean of any chemical residues. Does not burn, but will decompose from about 320°F (160°C) releasing toxic gases. Do not break or crush tablets and avoid exposure to dust.

- **Special Precautions, please read before opening container. Misuse may result in serious personal injury requiring hospitalization. Related complications may lead to death.**

**Prevention of Physical Injury:** This product emits a powerful bromine gas. Open container outdoors, or if opening indoors, open in a well ventilated area, away from other chemicals. Hold away from face when opening to avoid breathing fumes. Mixing with other chemicals may cause a violent and instantaneous chemical reaction. Do not add this product to water in a pail. Do not add water to this product in a pail. Follow label instructions exactly. Do not experiment.

**Prevention of Property Damage:** When undissolved, contact between this product and vinyl liners, painted surfaces or other property in or around the [pool] or [spa] will result in permanent bleaching of the color.

*Note to reviewer: Package label will show either swimming pool use directions, spa use directions, or both.*

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.  
{Marketing Statement}

Use of this product will help to keep your [pool], [spa], or [hot tub] sparkling clean and inviting. This product is an effective [non-chlorine] [pool], [spa], or [hot tub] water sanitizer. This product is effective in a wide pH range and is low in odor. This product is best used in a spa with a floating bromine [dispenser] or [floater] or [feeder].

*Note to reviewer: The following paragraph, {Optional Marketing Statement}, can be used on label brands that are marketed for easy product identification by the consumer.*

{Optional Marketing Statement}

[There are three important steps to follow to maintain sparkling clean water in your [pool] [spa] or [hot tub:]

[Step 1 – Add [SANITIZER] or [DISINFECTANT] to control bacteria.]

[Step 2 – Add SHOCK to destroy contaminants.]

[Step 3 – Add ALGAECIDE to prevent algae before it starts.]

[All three steps are vital to achieve sparkling clean water.]

**Sanitizer for Swimming Pools:** When using other products in conjunction with this product, follow the instructions on those products. NEVER mix different products together in the same bottle, pail, or similar container. Adjust pH of pool water to the range of 7.2-7.6. When initially feeding this product into the pool establish a bromine residual of 2-4 ppm. If a bromine feeder or brominator is being used to establish bromine residual, start by increasing the brominator to the highest setting or feed rate, according to the manufacturer's instructions. Once there is a residual of 2-4 ppm of bromine reduce the setting of the brominator to deliver a consistent level of bromine to the water. To maintain bromine residual, adjust the brominator setting to deliver a consistent feed of bromine to the water. Test water frequently using testing strips or a test kit to ensure proper sanitizer levels. Do not re-enter swimming pool until bromine residual is 4 ppm or less as determined by a bromine test kit.

**Sanitizer for Spas and Hot Tubs:** When using other products in conjunction with this product, follow the instructions on those products. NEVER mix different products together in the same bottle, pail, or similar container. Adjust pH of spa water to the range of 7.2-7.6. If spa is freshly filled and before initially using this product in your spa or hot tub add sodium bromide, according to label instructions. Fill bromine feeder and adjust the dispensing levels, according to the manufacturer's instructions, to introduce a bromine residual of 2-4 ppm. Check feeder regularly and ensure that this product is continuously introducing bromine into the water. When empty or when levels are low, add additional as necessary to maintain bromine residual. To ensure sparkling clean water and that your spa chemicals work effectively, water in residential spas should be emptied and refilled with fresh water every 60-90 days. Commercial spas should have the water changed every 3 to 5 days. Do not re-enter spa or hot tub until bromine residual is 4 ppm or less as determined by a bromine test kit.

### [Pool] [Spa] Gallon Calculator (all dimensions in feet)

Square or Rectangular: Length x Width x Average depth x 7.5 = Gallons

Round or Oval: Length x Width x Average depth x 5.9 = Gallons

Each Tablet weighs approximately 0.70 oz. (19.8 grams)

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage:** Keep this product dry in the tightly closed, original container when not in use. Store in dark, cool, dry, well-ventilated area. Keep product away from energy sources, combustible organic materials, oxidizers, strong bases, and moisture.

**Pesticide Disposal:** Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse (or equivalent) promptly after emptying.

**Spills:** When handling or dealing with spills, use impact-resistant goggles with side shields, or face shield, body-covering clothes, including impervious rubber or plastic gloves and boots; use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If drum contents are contaminated or decomposing, do not reseal container; isolate unsealed drum in the open or in a well ventilated area; flood with large volumes of water if necessary.

**In Case of Fire:** Do not use ammonium phosphate extinguisher near water and this product. Hazardous reactions may occur.

*All text in brackets [xxx] is optional and may or may not be included on final label. All italicized text is administrative and will not appear on final label.*
