

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

75661-1

APR - 7 2004

Term of Issuance:

Unconditional

Name of Pesticide Product:

Cold-Ster

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Attn: Susan Palmer
Positive Impact Waste Solutions
P.O. Box 14692
Odessa, TX 79768

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 75661-1".
 - b. Under the "First Aid" heading, add the statement "Have product label with you when calling poison control center, doctor, or going for treatment advice."
 - c. Bold the heading, "Note to Physician."
 - d. Due to the chemical's corrosive nature, the acute dermal and acute inhalation routes of exposure data requirements were waived and assigned a toxicity category II. Therefore, ther "Precautionary Statements," must be revised by deleting the statement, "Harmful if absorbed through the skin," and revising the statement, "May be fatal if inhaled," to include the phrase "or absorbed through the skin."

Antimicrobials Division (7510C)

**PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals**

Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear full-face shield, NIOSH/MSHA cartridge respirator if airborne test exceeds 2 mg/m3 for 8-hr exposure. If airborne test is below the value, wear safety goggles and dust mask. Wear full protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

Environmental Hazards: Do not discharge effluent containing this product to lakes, streams ponds, estuaries, oceans or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact State Water Agency or Regional Office of the USEPA.

Physical and Chemical Hazards: Cold-Ster reacts with water and may generate heat. If confined in containers, the heat generated could ignite combustible materials.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Cold-Ster is designed for use only in the PIWS-3000 Treatment System as described in the Operations Manual. The hopper containing Cold-Ster is opened by workers wearing the appropriate personal protective equipment described above and is replenished on an as needed basis. The amount of Cold-Ster used is equivalent to 7.5% of the weight of the material to be treated and is added automatically, at the beginning of the treatment process, by the equipment. At the same time the Cold-Ster is being added, a water spray is also automatically introduced into the system. The treated waste exits the waste chute and is directly deposited into enclosed general commercial trash containers located at each facility. The waste is disposed in a sanitary landfill.

COLD-STER™

**For treatment of Medical Waste
Using the PIWS-3000 Treatment System**

Active Ingredient:	
CALCIUM OXIDE	88.8%
Inert Ingredients	13.2%
	100.0%

**For Commercial Use Only
KEEP OUT OF REACH OF CHILDREN**

DANGER

First Aid

IF IN EYES : Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes then continue rinsing.

IF ON SKIN OR CLOTHING : Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF INHALED : Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably, mouth-to-mouth. Call poison control center or doctor for further treatment advice.

IF SWALLOWED : Call poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

with COMMENTS
in EPA Letter Dated:
Questions? 1-432-550-5883

APR 7 2004

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, this pesticide,
registered under EPA Reg. No.
75661-1

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a dry place. Keep away from moisture.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Completely empty bag into Cold-Ster Hopper. Then dispose of empty bag in the PIWS 3000 system or in a sanitary landfill.
