Carson City, Nevada 89701

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is **conditionally** registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. You will make the following label changes before you release the product for shipment:

a. Revise the EPA Registration Number to read "EPA Registration Number 75844-8."

b. Delete "Contains AMR\*\*", [Seven in One Protection], [7 in 1 Protection], [Six in One Protection], [6 in One Protection], [Five in One Protection], and [5 in One Protection]. Claims relating to product effectiveness may not be false or misleading, and heightened efficacy/ comparative claims are not acceptable.

EPA Reg. No. 75844-8

c. Revise the pet precautions within the box to read as follows: "DO NOT USE ON CATS. Accidental application to cats and/or grooming a recently treated dog may result in tremors and/or unconditional muscle movements. If this occurs, immediate veterinary care should be provided.". The coloring of the box and text must provide "contrasting color" to other label text as to be clearly legible and readily identified by the consumer.

d. Under Storage and Disposal Statements change "Do not reuse this container." to "Do not reuse or refill this container." for tubes. Also add "Place in trash or offer for recycling" for the bottle container disposal.

3. Under Environmental Hazards we note the precaution, "Do not allow treated dogs to go swimming for 12 hours following treatment.". Is this an efficacy related claim? Or does it pertain to residues in water? Is this statement based on data and has it been submitted to the Agency?

4. You must generate studies corresponding to guidelines 830.6317 (one year storage stability) and 830.6320 (corrosion characteristics). The results must be submitted to the Agency along with an electronic format also.

5. Please note that a notice of availability of EPA's registration eligibility document (RED) for product containing Permethrin was published in the FR on June 28, 2006 (Vol 71 No. 124 page 36788). Additional data and/or labeling changes may be required for products containing Permethrin.

6. Please submit two (2) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.
