
 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (H7505C) 401 M St., S.W. Washington, D.C. 20460</p> <p>NOTICE OF PESTICIDE Registration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number: 79427-2	Date of Issuance: MAR 16 2006
	Term of Issuance: Conditional Registration	
	Name of Pesticide Product: Wellcare ADM Fiber	
Name and Address of Registrant (include ZIP Code): George G. Misko, Keller & Heckman LLP Wellman, Inc. P.O. Box 31331 Charlotte, NC 28231		
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.		

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

Make the following label changes:

- Revise the EPA Registration Number to read, EPA Reg. No.79427-2
- Remove the following marketing claims or statements:
 - “Wellcare ADM® Fiber optional claims:”
 - “Fiber releases boric acid, which inhibits the proliferation of dust mites.”
 - “Wellcare ADM® Fiber is a performance polyester that exhibits anti-dust mite properties incorporated into the fiber during manufacturing.”
 - “Eliminates dust mites, which are a source of allergens”
 - “Dust mites produce an allergen that may cause allergies in humans.”
 - “Dust mites produce an allergen shown to cause allergies in some humans.”
 - “Boron oxide in the fiber fill is slowly converted to boric acid by moisture in the air. Boric acid provides control of dust mites.”
 - “Wellcare ADM® Fiber may also be used to manufacture carpet pile and backing.”
 - “Studies have shown fibers are effective against dust mites even following ten machine washings.”
 - remove: “for effective control of dust mites for the life of the article.” from the sentence “Articles must contain 100% of Wellcare ADM® Fiber.”
 - “May not be mixed with untreated PET fiber.”
- The Agency has determined that this product is Tox Category III for Eye Irritation, and

therefore, the following Sections and respective statements must be added to the label:

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID	
If in Eyes:	<ul style="list-style-type: none"> •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. •Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-xxx-xxxx ¹ for emergency medical treatment information.	

- 4.. Physical and Chemical Hazards:
 - a. Remove "PET will burn in a fire." The Agency chemistry review dated September 29, 2004 the Agency agreed that this product is in the non-flammable and non-explodable category for pesticide products.
- 5.. Storage and Disposal: Revise the Storage and Disposal as follows:
 - a.

Storage and Disposal	
Do not contaminate water, food, or feed by storage and disposal.	
Storage:	Store fiber in an area separate from strong oxidizing agents, strong acids or bases.
Disposal:	Wastes resulting from the use of this product may be disposed of on site in accordance with the label directions, or at an approved waste disposal facility. Completely empty bale into application equipment. Dispose of bale wrap in a sanitary landfill, by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Bale wrap may also be returned to Wellman, Inc. for reuse.

- 6. Within the Directions for Use, add the following statements:

EPA encourages registrants to include a company telephone number or toll-free hotline number on the pesticide label as first suggested in PR Notice 97-4, Consumer Access Numbers on Pesticide Labels.

Signature of Approver <i>Richard Cell</i>	Date MAY 6 2006
--	--------------------

- a. This product is a miticide fiber fill product that must only be used in U.S. EPA registered end use products. It may be used to manufacture additional end use products for specific use(s) not listed on the MP label if the manufacturer has complied with U. S. EPA data submission requirements regarding the support of such use(s).
- b. Do not mix or incorporate any other fiber fill materials when using this product to manufacture EPA registered end use products.
- c. Delete the statement "May not be mixed with untreated PET fiber." This has been superceded by 6(b) above.

Submit two copies of the revised final printed label for the record. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped draft copy of the label is enclosed for your records.

Sincerely,

Richard J. Gebken
 Product Manager 10
 Insecticide Branch
 Registration Division (7505C)

Wellcare ADM[®] Fiber optional claims:

"Fiber releases boric acid, which inhibits the proliferation of dust mites."

"Wellcare ADM[®] Fiber is a performance polyester that exhibits anti-dust mite properties incorporated into the fiber during manufacturing."

Physical or Chemical Hazards

PET will burn in a fire. Not compatible with strong oxidizing agents, strong bases and strong acids.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal. Store fiber in area separate from strong oxidizing agents, strong acids or bases. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Completely empty bale into application equipment. Then dispose of bale wrap in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Bale wrap may also be returned to Wellman, Inc. for reuse.

**ACCEPTED
with COMMENTS
In EPA Letter Dated
MAY 16 2006**

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.

79427-2

**Wellcare
ADM[®] Fiber**

"Eliminates dust mites, which are a source of allergens"

"Dust mites produce an allergen that may cause allergies in humans."

"Dust mites produce an allergen shown to cause allergies in some humans."

ACTIVE INGREDIENT:

Boron oxide.....0.6%
OTHER INGREDIENTS.....99.4%
Total.....100.0%

Boron oxide in the fiber is slowly converted to boric acid by moisture in the air. Boric acid provides control of dust mites.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Wellcare ADM[®] Fiber is for indoor use only.

Wellcare ADM[®] Fiber may be used as fill in household products, such as pillows, comforters, mattress pads, mattress tops, stuffed toys and furniture stuffing.

Wellcare ADM[®] Fiber may also be used to manufacture carpet pile and backing.

Articles made from this fiber may be washed as usual. Studies have shown fibers are effective against dust mites even following ten machine washings.

Articles must contain 100% of Wellcare ADM[®] Fiber for effective control of dust mites for the life of the article. May not be mixed with untreated PET fiber.
