	<p align="center"><b>U.S. ENVIRONMENTAL PROTECTION AGENCY</b> Office of Pesticide Programs Registration Division (7505P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460</p>	<p>EPA Registration No. <b>79533-2</b></p>	<p>Date of Issuance: <b>JAN 23 2008</b></p>
<p><b>NOTICE OF PESTICIDE:</b>    <input type="checkbox"/> Registration   <input checked="" type="checkbox"/> Reregistration  (under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</p>	<p>Term of Issuance: <b>Conditional</b></p>		
	<p>Name of Pesticide Product: <b>Everglades Insect Repellent</b></p>		
<p><b>Name and Address of Registrant (include ZIP Code):</b> <b>Wisconsin Pharmal Company, LLC</b> <b>N 168 W 22223 Main Street</b> <b>P.O. Box 198</b> <b>Jackson, WI 53037</b></p>			
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>			
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above provided that the following change is made to the label:</p> <ol style="list-style-type: none"> <li>1. Remove the following marketing claims:             <ol style="list-style-type: none"> <li>a. 100% DEET * ( *Relative DEET)</li> <li>b. Long Lasting Protection</li> <li>c. Repels Mosquitoes that may transmit West Nile Virus.</li> <li>d. Protects [for] up to 10 hours.</li> <li>e. Hours of protection against insect<sup>1</sup></li> </ol> </li> <li>2. Change the heading "Hazards to Humans and Domestic Animals to "Hazards to Humans".</li> </ol>			

1 This statement is incomplete, and the Agency is currently requiring specific hours of efficacy.

3. Within the First Aid section remove the following row and associated text: "IF YOU SUSPECT A REACTION TO THIS PRODUCT: • Discontinue use • Take off contaminated clothing • Rinse skin immediately with plenty of water for 15-20 minutes • Call a poison control center or doctor for treatment advice."<sup>2</sup>
  
4. Change the text within the **Storage And Disposal** section to read as follows:  
**"PESTICIDE STORAGE:** Store the product in a cool and dry place. Keep out of reach of children.  
**CONTAINER DISPOSAL:**  
 Store the product in a cool and dry place. Keep out of reach of children.  
**IF EMPTY:** Do not reuse this container. Place in trash or offer for recycling if available.  
**IF PARTLY FILLED:** Call your local solid waste agency(or toll free number which meets the criteria in paragraph II.E of PR Notice 2001-6)<sup>3</sup> for disposal instructions. Never place unused product down any indoor or outdoor drain."
  
5. Per PR Notice 2001-3 revise only the following language within the Directions for Use as follows:
  - a. Replace "Do not apply near eyes and mouth. Apply sparingly around ears" with **"Do not apply near eyes and mouth, and apply sparingly around ears. When using sprays, do not spray directly into face; spray on hands first and then apply to face."**
  - b. Replace "Do not apply over cuts, wounds or irritated skin" with **"Never use repellents over cuts, wounds, or irritated skin."**
  - c. Replace "Do not allow children to handle this product. Do not apply to children's hands. When using on children, apply to your own hands, and then put it on the child" with: **"Do not allow children to handle this product, and do not apply to children's hands. When using on children, apply to your own hands and then put it on the child."**
  - d. Replace "Avoid over-application of this product" with: **"Use just enough repellent to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness; if biting insects do not respond to a thin film of repellent, apply a bit more."**
  - e. Replace "After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again" with: **"After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days. Also, wash treated clothing before wearing it again."**
  - f. Remove the repetitive text marked with strike-through after "Do not spray in enclosed areas." ~~If used on the face, spray on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face.~~

2 This text is required as part of the Directions for Use, and PR Notice 2001-1 does not have specific language permitting inclusion of these statements within the FIRST AID section.

3 The registrant is required to fill in the correct phone number to complete the information that is required by the Agency.

6. To be eligible for reregistration, aerosol and pump spray formulations must be packaged in containers utilizing a concave trigger to help aim product or other comparable mechanism that will ensure that the product will not be inadvertently sprayed in the eyes.
7. The Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

You must submit two copies of the finished label revised in accordance with the comments listed above before the product is released for shipment under this label.

A copy of your label stamped "Accepted with Comments" is enclosed for your records.
