**Subject: Amended Labeling; Updated Product Master Label/CSF Related to Product Transfer from EPA Reg. No. 54287-19 to EPA Reg. No. 79533-6 Dated April 26, 2013
Insect Guard "25-S" Aerosol, EPA Reg. No. 79533-6
Your Submission Dated February 12, 2013 and E-Mail Resubmissions September 30, 2013 & Dated December 16, 2013**

Dear Mr. Reynolds:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website, smart phone/tablet app and/or a QR code reader on your product label, please be aware that the website, smart phone/tablet app and/or a QR code reader becomes labeling under FIFRA and is subject to review by the Agency. If the website, smart phone/tablet app, and/or a QR code reader is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website, smart phone/tablet app, and/or a QR code reader is referenced on a product's label, claims made on the website, smart phone/tablet app, and/or a QR code reader may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website, smart phone/tablet app, and/or a QR code reader contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website, smart phone/tablet app, and/or a QR code reader will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Copies of your label stamped "Accepted" and the product chemistry review completed in support of the registration of this product are enclosed for your records. If you have any questions, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely Yours,

For

Richard J. Gebken

 Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended, for the
 pesticide registered under:

EPA. Reg. No: 79533-6

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS ON THIS PRODUCT LABEL.** Apply this product only as specified on this label.

Hold container 6 to 8 inches from exposed skin and/or clothing with a slow, sweeping motion. DO NOT spray in enclosed areas. Avoid breathing a spray product, and DO NOT use it near food. Repellents should be applied only to exposed skin and/or clothing (as directed on this product label). DO NOT use under clothing. Never use repellents over cuts, wounds or irritated skin. Use of this product may cause skin reactions in rare occasions. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you. Use just enough of this product to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness. For maximum protection, spread evenly with hand to moisten all exposed skin. If biting insects do not respond to a thin film of repellent, apply a bit more. DO NOT allow children to handle this product, and DO NOT apply to children's hands. When using on children, apply product to your own hands and then put it on the child. DO NOT use on infants. DO NOT apply more than 3 times per day to children ages twelve (12) and under. After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days. DO NOT apply on or near acetate, rayon, Spandex or other synthetic fabrics (other than nylon), furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (Including automobiles).

When using sprays, do not spray directly into face, spray on hands first and then apply to face. DO NOT apply near eyes and mouth, and apply sparingly around ears. Wipe palms after applying.

DO NOT use under clothing. To apply to clothing, spray shirts, pants, socks and hats. For chiggers and ticks, also spray pant cuffs, socks and around openings in outer clothing. Wash treated clothing before wearing it again. Will not damage cotton, wool or nylon. DO NOT apply on or near acetate, rayon, Spandex or other synthetic fabrics (other than nylon).

STORAGE AND DISPOSAL

STORAGE: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area, that is inaccessible to children and animals, and away from heat and open flame. **CONTAINER DISPOSAL: Do Not Puncture or Incinerate!** Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions.

4/5

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS
WARNING**

Causes substantial but temporary eye injury. Harmful if swallowed. Avoid contact with eyes and lips. DO NOT get in eyes. DO NOT apply to children's hands. DO NOT use on infants. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID
If in eyes: <ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye • Call a poison control center or doctor for treatment advice
If swallowed: <ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice • Have a person sip a glass of water if able to swallow • Do not induce vomiting unless told to do so by a poison control center or doctor • Do not give anything by mouth to an unconscious person
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies, or incidents), call toll free 1-800-940-4464, 8:00am-5:00pm (CST), Monday-Friday. During other times, call the Poison Control Center 1-800-222-1222.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

NOTE. The First Aid statement's grid format will be used if market label space permits. Otherwise a paragraph format will be used.

PHYSICAL OR CHEMICAL HAZARDS

Flammable Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

Optional Marketing Claims

1. Up to 8 hours of mosquito protection
2. Repels mosquitoes that may carry (St. Louis) (Western equine) encephalitis and (Dengue Fever) [for up to 8 hours]
3. Repels ticks that may carry (Lyme disease) (Rocky Mountain Spotted Fever) (Tick Paralysis) (Ehrlichiosis) (Powassan Encephalitis) [for up to 8 hours]
4. Protection [you can count on for up to 8 hours][from mosquitoes that may carry West Nile Virus]
5. Provides up to 8 hours of protection from mosquitoes and biting flies, gnats, sand flies, stable flies, black flies. Also repels ticks, chiggers and fleas from treated skin.
6. Lasts up to 8 hours
7. Repels Mosquitoes [for up to 8 hours]
8. Mosquito Repellent
9. Repels mosquitoes that may carry West Nile virus
10. Repels Mosquitoes, Chiggers, Ticks, Biting Flies, Black Flies, Deerflies, Stable Flies, Sand Flies, Gnats, No-See-Ums, and Fleas on Exposed Skin Surfaces [for up to 8 hours]
11. Contains 25% DEET
12. Contains DEET
13. Long Lasting Protection
14. Unscented
15. Aerosol Spray
16. Use on skin and clothing for maximum protection
17. Repels mosquitoes that may carry West Nile Virus [for up to 8 hours]
