Subject: Label Amendment – Addition of Marketing Claims for “Dry” Formula & New ABN
Product Name: Insect Guard “25-S” Aerosol
EPA Registration Number: 79533-6
Application Date: August 6, 2014
Decision Number: 496413

Dear Mr. Reynolds:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA. If you have any questions, please contact Mr. Carmen J. Rodia, Jr. by phone at (703) 306-0327, or via e-mail at Rodia.Carmen@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Richard J. Gebken".

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS ON THIS PRODUCT LABEL.** Apply this product only as specified on this label.

Shake Well Before Each Use. Hold container 6 to 8 inches from exposed skin and/or clothing with a slow, sweeping motion. DO NOT spray in enclosed areas. Avoid breathing a spray product, and DO NOT use it near food. Repellents should be applied only to exposed skin and/or clothing (as directed on this product label). DO NOT use under clothing. Never use repellents over cuts, wounds or irritated skin. Use of this product may cause skin reactions in rare occasions. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you. Use just enough of this product to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness. For maximum protection, spread evenly with hand to moisten all exposed skin. If biting insects do not respond to a thin film of repellent, apply a bit more. DO NOT allow children to handle this product, and DO NOT apply to children's hands. When using on children, apply product to your own hands and then put it on the child. DO NOT use on infants. DO NOT apply more than 3 times per day to children ages twelve (12) and under. After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days. DO NOT apply on or near acetate, rayon, Spandex or other synthetic fabrics (other than nylon), furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (Including automobiles).

To Apply to Face: When using sprays, do not spray directly into face, spray on hands first and then apply to face. DO NOT apply near eyes and mouth, and apply sparingly around ears. Wipe palms after applying.

When Applying to Clothing: DO NOT use under clothing. To apply to clothing, spray shirts, pants, socks and hats. For chiggers and ticks, also spray cuffs, socks and around openings in outer clothing. Wash treated clothing before wearing it again. Will not damage cotton, wool or nylon. DO NOT apply on or near acetate, rayon, Spandex or other synthetic fabrics (other than nylon). DO NOT apply on or near leather.

STORAGE AND DISPOSAL

STORAGE: Keep this product in its tightly closed original container when not in use. Store in a cool, dry (preferably locked) area, that is inaccessible to children and animals, and away from heat and open flame. **CONTAINER DISPOSAL: Do Not Puncture or Incinerate!** Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency [or 1-800-CLEANUP] for disposal instructions.

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS
WARNING**

Causes substantial but temporary eye injury. Harmful if swallowed. Avoid contact with eyes and lips. DO NOT get in eyes. DO NOT apply to children's hands. DO NOT use on infants. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID
If in eyes: <ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye• Call a poison control center or doctor for treatment advice
If swallowed: <ul style="list-style-type: none">• Call poison control center or doctor immediately for treatment advice• Have a person sip a glass of water if able to swallow• Do not induce vomiting unless told to do so by a poison control center or doctor• Do not give anything by mouth to an unconscious person
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies, or pesticide incidents), call toll free 1-XXX-XXX-XXXX, 24 hours a day, seven days a week.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

NOTE. The First Aid statement's grid format will be used if market label space permits. Otherwise a paragraph format will be used.

PHYSICAL OR CHEMICAL HAZARDS

Flammable Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.
