U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
79628-1

Date of Issuance:
NOV - 5 2003

**NOTICE OF PESTICIDE
Registration**

Term of Issuance:
UnConditional Registration

Name of Pesticide Product:
Disodium Octaborate Tetrahydrate

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):
**Wood Treatment Products, LLC
Henry Jacoby, Regulatory Consultant
6709 Ilex Court
New Market, MD 21774**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5).
Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of data under FIFRA section (3)(c)(2)(B).

1. Make the following label changes:
 - a. Revise the EPA Registration Number to read, EPA Reg. No. "79628-1".
 - b. Under the "Environmental Hazards" Statements add the following sentence at the beginning of the paragraph: "This pesticide is toxic to fish".
 - c. Revise the "Hazards to Humans and Domestic Animals" to read as follows:

CAUTION: "Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Personal protective clothing, normal work clothes (ie. Long pants, shoes plus socks, a long sleeved shirt) plus waterproof gloves for all handlers, and a NIOSH/MSHA certified respirator during mixing and loading. Wash thoroughly with soap and water after handling. Avoid contamination of food and feed. Do not have container where children or animals may gain access.

- d. The "Directions for Use" statement must appear before the paragraph on treatments.

Signature of Approving Official:  Linda Arrington, Acting Product Manager 10	Date: NOV - 5 2003
---	------------------------------

- 2. Submit four (4) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label "Accepted with Comments is enclosed for your records.

PRECAUTIONARY STATEMENT

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

"CAUTION": Harmful if swallowed. Causes moderate eye irritation.
Avoid contact with eyes or clothing.

FIRST AID

If swallowed

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice

If on skin or clothing

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-207-2940 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lake, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA

DISODIUM OCTABORATE TETRAHYDRATE

A preservative for Protection and Treatment of Wood
And Wood-Foam Composite Structural Components
Against Decay Fungi and Wood-Destroying Insects.

ACTIVE INGREDIENT:

Disodium Octaborate Tetrahydrate.....99.98%

OTHER INGREDIENTS.....0.02%

TOTAL.....100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

ACCEPTED
with COMMENTS
In EPA Letter Dated:

NOV 5 2003

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.

79628-1

PRESSURE TREATMENT: Pressure treatment must rigidly adhere to the current specifications of DISODIUM OCTABORATE TETRAHYDRATE and/or those of the American Wood Preserver Association (AWPA).

PRE-TREATMENT: Wood-foam composite structural components may be treated to prevent infestation of attacking organisms. Apply 10% aqueous solution of DISODIUM OCTABORATE TETRAHYDRATE (1 lb/gallon solution). Solution may be applied by spray or brush until surface is thoroughly wetted (approximately 7-10 gallons per 1000 sq. ft.). Current DISODIUM OCTABORATE TETRAHYDRATE and/or American Wood Preserver's Association specifications and test methods should be followed to ensure adequate chemical loadings in wood.

PRE-TREATMENT of Polystyrene beads prior to expansion: Mix DISODIUM OCTABORATE TETRAHYDRATE dry chemical 3% to 5% by weight to the dry polystyrene beads and process in normal manner to manufacturer Polystyrene insulation.

Note: a quart or 32 oz. Container loosely packed equals one pound.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

PESTICIDE STORAGE: Store in a dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

NOTICE: Because of many varying conditions affecting use and application, manufacturers warns buyer that these may impair or vary the results of the use of this product. In any event, complete prevention of decay by fungi or other organisms is not guaranteed. Neither manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for purpose not indicated by the label or when used contrary to the directions or instructions hereon nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms, assumes all risk of usage and handling except when used or handled in accordance with this label. Neither manufacturer nor seller, makers, and their employees and agents are permitted to make, any representations or warranties, express or implied bylaw, not specifically set forth herein.

DIRECTIONS FOR USE: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING. DISODIUM OCTABORATE TETRAHYDRATE IS A WATER SOLUBLE INORGANIC BORATE SALT FOR THE PROTECTION AND TREATMENT OF LUMBER AND WOOD-FOAM COMPOSITE STRUCTURAL COMPONENTS AGAINST DECAY FUNGI AND WOOD BORING BEETLES INCLUDING powder Post Beetles (Lyctidae), Furniture Beetles and Old House Borers (Anodidae), Longhorn Beetles (Gerambycidae). This treatment is not effective against wood staining fungi and may require mixing with compatible products. DISODIUM OCTABORATE TETRAHYDRATE also controls Subterranean Termites (Reticulitermes, Coptotermes, Heterotermes), Dampwood Termites (Zootermopsis), Drywood Termites (Kaloterms, Incisitermes), and Carpenter Ants (Camponotus). DISODIUM OCTABORATE TETRAHYDRATE is recommended for all interior and exterior wood and wood-form composite structural components, which will be protected, from rain and not in direct contact with soil. The treatment of lumber is permanent even after cutting and finishing providing the wood is not exposed to moisture or in contact with the soil. This product is toxic to wood destroying insects but surface etching of treated wood and wood-form composite structural components may occur.
