Atlanta, GA 30308

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS**

CAUTION. Causes eye irritation. May be harmful if swallowed. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NDPES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

AQUASTAT-XRC is to be used only for formulation into an end-use antimicrobial pesticide for, (1) the following uses: manufacturing or fabricating bacteriostatic water filters, media and components (for use with cold water only); (2) uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and (3) uses for experimental purposes that are in compliance with USEPA requirements.

AQUASTAT-XRC is to be used to protect water filter media or components itself against growth of bacteria and to prevent odors and unpleasant tastes or discoloration. Manufacturers of copper-based water-filter bacteriostatic media and components must test each type of unit to ensure that the unit does not leach more than 1.3 ppm of copper into the drinking water and must indicate the following instructions on their product label:

“Use only with cold water.”

“Flush this water filter unit with water for a minimum of # minutes to remove sediments and particulate matter. Do not use the flushed water for any purpose. Discard the flushed water.”

“This water filter unit has a maximum expected use life of # gallons, or # months of use based on normal use being # gallons/day/# months.”

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Nonrefillable container. Do not reuse or refill this container.

Pesticide Storage: Do not store in areas accessible to children. Keep product dry and containers covered during storage.

Pesticide Disposal: Wastes from the use of this product may disposed of on site or at an approved waste disposal facility

Container Disposal: [only one will appear, based on the container type]

Plastic containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration.

Fiber drums with liners: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles.

Empty residue into application equipment. Then offer for recycling if available or dispose of liner in a sanitary landfill or by incineration if allowed by state authorities. If drum is contaminated and cannot be reused, dispose of it in the manner required for its liner.
