Product Name: Integro Sulfur Tech
EPA Reg. No.: 79702-2
Subject: Label Notification dated February 20, 2012
OPP Decision Number: 462114

Dear Mr. Robinson:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 and PRN 2007-4. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and PRN 2007-4 and finds that the label changes requested fall within the scope of PRN 98-10 and PRN 2007-4.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Robert Westin by phone at (703) 305-5721 or via email at westin.robert@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Mary L. Waller".
