

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

80285-6

Date of Issuance:

07/20/2022

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Promex™ IPBC 100

Name and Address of Registrant (include ZIP Code):

Prom Chemie AG
Austrasse 79
P.O. Box 26 FL-9490
Vaduz, Liechtenstein

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Heather Garvie, Senior Regulatory Advisor
Regulatory Management Branch II
Antimicrobials Division (7510M)
Office of Pesticide Programs

Date:

07/20/2022

2. You are required to comply with the data requirements described in the DCI or EDSP order identified below:
 - a. IPBC GDCI-107801-17764

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI or EDSP for more information on these proposed data requirements, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 80285-6.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.
5. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) must be provided. A one-year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 06/24/2022

If you have any questions, please contact Lorena Rivas via email at rivas.lorena@epa.gov.

Enclosure: Stamped Label; Updated Product Chemistry Review dated 7/12/22

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER

Corrosive. Causes irreversible eye damage. May be fatal if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear appropriate protective eyewear such as goggles, safety glasses or face shield. Wear coveralls over short-sleeved shirt and short pants, socks, chemical resistant footwear, and waterproof gloves. When mixing and loading, wear a chemical resistant apron. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT: Applicators and other handlers must wear long sleeve shirts, long pants, chemical-resistant gloves and shoes plus socks. Follow manufacturer's, instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY REQUIREMENTS: Users must wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users must remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users must remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly.

ENVIRONMENTAL HAZARDS

This chemical is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA .

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

APPLICATION INSTRUCTIONS

The following are suggested use levels for Promex™ IPBC 100. Typical use levels are given for the various applications indicate the approximate levels for the particular application. All suggestions are in percentage by weight and refer to the product Promex™ IPBC 100. In order to determine the most effective use level for Promex™ IPBC 100 in a given use, field trials are suggested.

PAINTS AND STAINS: Generally use 0.3-0.5%. For hot humid areas use up to 1%. For interior paints use 0.1-0.32%. For wood protective stains use 0.3-0.5%.

PLASTICS: Use in PVC plastics such as shower curtains, tarpaulins, umbrellas at a level of 0.05-0.6%.

CUTTING OILS: Use 0.03-0.3%

HOME CLEANERS AND LAUNDRY ADDITIVES: 0.025-0.5%

Wood: For above ground use only at rates of 0.3-0.5% depending on protection desired. For sapstain control use 0.3% within 24 hours of cutting. For millwork use 0.3-0.5%. Do Not use on wood that comes in contact with food. Surfaces which may be in continuous contact with skin should be coated with a varnish, or lacquer after treatment with Promex™ IPBC 100.

TEXTILES: Use for coatings or dyes at 0.05-0.5%. Not for use in fabrics for human wear.

PAPER COATINGS: Use in aqueous and solvent based coatings applied to paper at 0.025-0.05%.

CANVAS AND CORDAGE: Use 0.05-0.5%

ADHESIVES: Use 0.025-0.5%

INKS: Use 0.05-0.5%

Not to be used in pesticidal formulations which come into contact with food.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to pack into hard lumps due to its low melting point. Storage temperatures below 90°F (32°C) and above 32°F (0°C) are suggested.

PESTICIDE DISPOSAL: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA. Regional office for guidance.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Offer for recycling if available or dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
