PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

NOV 23 2009

Paul Lorcheim
Clordisys Solutions Co.
5 Concord Road
Lebanon, NJ. 08833

RE: Amendment dated August 18, 2009
Product Name: CSI CD Cartridge
EPA Registration Number: 80802-1

Dear Mr. Lorcheim:

The Agency has reviewed your request for a revised label submitted in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action acceptable.

In summary, your request to add Biological Safety Cabinets and some other minor revisions to your label and the Clordidys Systems Operations Guides, one of four technical bulletins, has been accepted. These technical bulletins are part of your labeling and the Agency must be notified of any changes you make. If you update the label but not Technical Bulletins then copies of the Technical Bulletins do not have to be submitted. The Agency will not post these manuals on our Web page, only the second page with the title and version number.

A stamped copy of the labeling accepted with conditions is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

If you have questions concerning this letter, please contact Tom Luminello by telephone, (703) 308-8075, or by e-mail at luminello.tom@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Tom Luminello".

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Hot Line Number: Have the product container or label with you when calling poison control center or doctor or when going for treatment. You may also contact 1-800-424-9300 for emergency medical treatment information.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

DANGER. Corrosive. Causes eye and skin damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and use only Neoprene gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS: This product contains a strong oxidizing agent. In the event the container is damaged, combustible material contaminated with the product's contents may burn rapidly. Do not expose to hot surfaces, sparks, or open flame.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates, oysters, and shrimp.

STORAGE AND DISPOSAL: DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. Storage: Avoid exposure to high temperatures during storage. Store remote from other chemicals and combustible materials. **Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not throw expended column in the trash. Return used column to an authorized disposal facility, as per manufacturer's instructions.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. People must vacate the chamber during the fumigation process until the fumigant is at or below the OSHA 0.1 ppm TWA level. This product contains a sodium chlorite mixture which, when contacted with chlorine, generates chlorine dioxide. CSI CD Cartridge is for use where sterility conditions are critical for optimal performance. Use CSI CD Cartridge to sterilize sealed spaces/enclosures, such as: sealed rooms, manufacturing and laboratory equipment and spaces, including Biological Safety Cabinets, incubators, fume hoods, HEPA housings, environmental surfaces, implements and components such as: manufacturing vessels, process tanks, piping, filters, portable vessels, beakers, test tubes, devices, and laboratory glassware; rooms; isolators and pharmaceutical isolators. This product is for use in ClorDiSys Solutions, Inc Sterilization Systems ONLY and must be used by trained personnel. For proper generation and application of chlorine dioxide, you must follow the instructions in the ClorDiSys Systems Operations Guides (4).
