**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals. Caution:** Harmful if swallowed. Avoid contact of mouth, skin, or eyes. Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**General:**

Animals use urine to communicate in the wild. When they repeatedly smell a predator's odor, animals conclude it's a "dangerous" place and choose instead to move elsewhere. Shake-Away® Deer Repellent Granules creates the illusion that coyotes are present in your lawn or garden.

Use Shake-Away® Deer Repellent Granules to repel:

- Deer
- Elk
- Beavers
- Armadillos
- Javalina
- Domestic Cats

**Application Directions:**

- One application lasts 90 days.

- Shake-Away® Deer Repellent 90-Day Packs kit contains: Four Shake-Away® Deer Repellent 90-Day Packs, two twist ties for hanging.

**Hanging -**

Hang one pack every 10 to 20 feet around your garden or flowerbed perimeter, ensuring there is a pack on every outside corner. Suspend each pack approximately 2 to 4 feet above ground. For best results on isolated trees and bushes, consider hanging one or two packs on each bush or tree. **DO NOT OPEN PACKS OR DISPERSE CONTENTS.**

**Replacing -**

Replace each pack after 90 days. When replacing, hang the new pack in the same location.

Allow up to two to three weeks for Shake-Away® Deer Repellent 90-Day Packs to take full effect.

For best results squeeze the 90- Day Pack a few times when first applying, and four to six weeks thereafter to break up granules to release the scent.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**Pesticide Storage:** Store indoors in original container in a cool, dry place.

**Disposal:** Do not reuse the bag/pack. Place the 90-Day pack in trash.

For packs partially used (less than 90 days): Dispose of partially used packs by placing in trash.
