<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. (In the U.S.) You may also contact 1-800-222-1222 for emergency medical treatment information.</p>	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals. Caution: Harmful if swallowed. Avoid contact of mouth, skin, or eyes. Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General:

Animals use urine to communicate in the wild. When they repeatedly smell a predator's odor, animals conclude it's a "dangerous" place and choose instead to move elsewhere. Shake-Away® Deer Repellent Granules creates the illusion that coyotes are present in your lawn or garden.

Use Shake-Away® Deer Repellent Granules to repel:

- Armadillo
- Beavers
- Deer
- Elk
- Domestic Cats
- Groundhogs
- Javalina
- Rabbits
- Woodchucks

Directions for Use for 90-Day Packs -

Application Directions:

- One application lasts 90 days.
- Shake-Away® Deer Repellent 90-Day Packs kit contains: Four Shake-Away® Deer Repellent 90-Day Packs, two twist ties for hanging.

Hanging -

Hang one pack every 10 to 20 feet around your garden or flowerbed perimeter, ensuring there is a pack on every outside corner. Suspend each pack approximately 2 to 4 feet above ground. For best results on isolated trees and bushes, consider hanging one or two packs on each bush or tree. **DO NOT OPEN PACKS OR DISPERSE CONTENTS.**

Replacing -

Replace each pack after 90 days. When replacing, hang the new pack in the same location. Allow up to two to three weeks for Shake-Away® Deer Repellent 90-Day Packs to take full effect. For best results squeeze the 90- Day Pack a few times when first applying, and four to six weeks thereafter to break up granules to release the scent.

Directions for Use for loose granules -

Application Directions:

Use Restrictions – This product is not for direct application to plants intended for human consumption (i.e. food plants). Apply only to the perimeter of where food plants are grown. To create a repellent barrier, apply this product to soil, ground cover, bark mulch, perimeter vegetation and non-food vegetation adjacent to food plants.

General use in yards, around gardens -

Apply Shake-Away® Deer Repellent twice a week for the first two weeks, then twice a month for maintenance. Sprinkle Shake-Away® Deer Repellent lightly in and around areas where animals are causing damage, or in areas you want to protect. Allow up to two to three weeks for Shake-Away® Deer Repellent to take full effect.

Coverage -

Each bottle of Shake-Away® Deer Repellent will cover up to (600 linear feet – for 20 oz bottle) (3800 linear feet – for 12 lb bottle) when applied as directed.

<p>STORAGE AND DISPOSAL</p> <p>Do not contaminate water, food or feed by storage and disposal.</p> <p>Storage: Store in a cool, dry place.</p> <p>If empty: Do not reuse this container. Place in trash or offer for recycling if available.</p> <p>If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.</p>
