Wash thoroughly with soap and water after handling. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

- If swallowed:
 - Call a poison control center or doctor immediately for treatment advice.
 - Have person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to do so by a poison control center or doctor.
 - Do not give anything by mouth to an unconscious person.
- On Skin or Clothing:
 - Wash contaminated clothing immediately with plenty of water for 15 to 20 minutes.
 - Call a poison control center or doctor for treatment advice.
- If Inhaled:
 - Move person to fresh air.
 - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
 - Call a poison control center or doctor for further treatment advice.
- If In Eyes:
 - Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye.
 - Call a poison control center or doctor for treatment advice.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

FOR MANUFACTURING USE ONLY INTO END-USE PRODUCTS

Not to be sold for treatment of pests. Formulators using this product are responsible for obtaining EPA registration for their formulated products.

**FT-CUELURE
Technical Grade**

A manufacturing use product for the formulation into end use products for the control of certain Tephritidae flies of the order Diptera on non edible food crops and non food/feed handling establishments.

ACTIVE INGREDIENTS:	
Cuelure (4-[p-(Acetoxyphenyl)-2-Butanone].....	98.0%
OTHER INGREDIENTS:	
4-(p-Hydroxyphenyl)-2-Butanone.....	2.0%
TOTAL INGREDIENTS.....	100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

BEFORE USING:

EPA Reg.No 81325-1
EPA Est. No 81325-ca-01

ACCEPTED

SEP 29 2005

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 81325-1

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This manufacturing use product may be used in end-product insecticides, such as trap-and-kill, for control of certain Tephritidae flies of the order Diptera, if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding the support of such use(s).

Note to Manufacturers of End-Use Products: The following language must appear in the directions for use section of any end-use product label formulated from this manufacturing use product: "Traps must be regularly cleaned of dead insects before they begin to rot."

FOR USE IN TRAPS AND LURES IN ACCORDANCE WITH LABEL DIRECTIONS

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE:

Store in a well ventilated area. Protect from ignition sources. Avoid contact with high temperatures, acids, bases or prolonged contact with air. Provide means of controlling leaks or spills. Absorb spilled material in dry, inert material. Use NIOSH approved respirator, protection equipment, neoprene or rubber gloves and goggles if splashes could occur.

PESTICIDE DISPOSAL:

Wastes resulting from the use of this product must be incinerated or placed in an approved waste disposal facility.

CONTAINER DISPOSAL:

Triple rinse (or equivalent). Then, offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by State and Local authorities.
