Washington D.C., 20037

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

EPA grants this reregistration under the authority of section 3(c)(5) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). With this accepted labeling, all requirements set forth in the Reregistration Eligibility Decision for **Paradichlorobenzene** have been satisfied. Therefore, EPA reregisters the product listed above. This action is taken under the authority of section 4(g)(2)(c) of FIFRA, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Confidential Statement of Formula

The acceptable Confidential Statement of Formula (CSF) on record for this product is:

1 Basic CSF - dated 05/31/11

Any previously dated CSFs are superseded.

(next page)

Existing Stocks Provisions

Submit one (1) copy of final printed labeling incorporating the above changes before you release the product for shipment. Amended labeling will supersede all previously accepted labels. A copy of your label stamped "Accepted" is enclosed for your records. Products shipped after 12 months from the date of this Notice or the next printing of your label, whichever occurs first, must bear the new revised label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have any questions regarding this label, please contact Gene Benbow at (703) 347-0235 or via email at benbow.gene@epa.gov.

[Net Wt. 4 oz (113.4g)]

[IMS Moth Balls] [Smart Living Moth Balls] provide protection for articles stored in clean, air tight containers (e.g., chests and trunks), garment bags, and storage closets. They should be sprinkled or placed on the bottom of the storage space, between the folds and layers of clothes, and on top before securely closing the container.

Right Side Panel:

[Protect in winter and summer and spring and fall.]

[[IMS Moth Balls] [Smart Living Moth Balls] were specially developed to provide the excellent protection of moth balls without the strong smell. [IMS Moth Balls] [Smart Living Moth Balls] combine an effective mothproofing ingredient with a fresh [lavender] [cedar] scent to create pleasant smelling, reliable moth balls. These pleasant smelling moth balls are wrapped in breathable paper packets, which allow the active ingredient to work while protecting your clothes from messy flakes or residue.]

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with labeling.

TO KILL CLOTHES MOTHS AND CARPET BEETLES

IMPORTANT: Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions: To kill clothes moths (larvae and adults) and carpet beetles in clean, air-tight containers (e.g. chests and trunks), garment bags, and storage closets. Do not use in containers, dry cleaning and garbage bags, or closets that allow vapors to escape into occupied rooms. Do not use this product with any other moth control chemical. Do not use in plastic storage containers or in contact with plastic items as paradichlorobenzene damages some plastics. For use only on cloth containing wool or wool blends in fabrics, silks, blended fabric, and furs.

Pre-Application Directions: Before storing, dry clean, wash or brush articles to be protected.

Application Directions: Apply product in clean, air-tight containers, bags and closets listed above at the following rates:

Use at rate of [1 box (4 oz) for each 13 cubic feet]
[1 box (5 oz) for each 16 cubic feet]
[1 box (6 oz) for each 19 cubic feet]
[1 box (8 oz) for each 25 cubic feet]
[1 box (10 oz) for each 30 cubic feet]
[1 box (12 oz) for each 38 cubic feet]
[1 box (14 oz) for each 44 cubic feet]
[1 box (20 oz) for each 63 cubic feet]
[1 box (24 oz) for each 75 cubic feet]

[Use Rates for Moth Ball Packets:

4 packets	Small storage (3 cu.ft)
16 packets	Average garment bag (12 cu.ft)
20 packets	Large trunk (15 cu.ft)]

[To properly treat larger volumes, the use of additional containers of moth ball packets may be required. Use the specified amount of moth ball packets to ensure protection of your clothes. Do not remove the moth balls from the packets.] For larger closets, multiply the height, width, and depth of the space and divide by 50 to determine the number of pounds of product needed. For example, a closet 8 feet high, 4 feet wide, and 3 feet deep (i.e., 96 cubic feet) would need about 2 pounds of product ($96/50 = 1.9$).

Post-Application Directions: Keep product in air-tight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

Retreatment: Since moths are active all year, replenish air-tight containers, bags, and closets 2 times a year.

[IMS Moth Balls] [Smart Living Moth Balls] will not harm the finest woolens, furs, silk, or other fabrics. Pleasant odor quickly vanishes when articles are aired.

Paradichlorobenzene moth balls must not be mixed or placed in contact with naphthalene moth balls or flakes, or other moth preventive products or chemicals.

Do not use plastic storage box or place in contact with plastic items as paradichlorobenzene damages some plastics.
