Comments
(Continued)**

3. In Directions for Use, revise the first statement beginning with "Kills clothes moths..." to Read: "Kills clothes moths, and their eggs and larvae in clean, airtight containers such as: storage closets, turnks, chests, and garment bags."
4. Revise the third sentence by replacing the word Paradichlorbenzene with "other" moth products.
5. Under Storage and Disposal, add: "**If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partially filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain."

Conclusions

Submit one (1) copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted" is enclosed for your records.

Physical or Chemical Hazard: Combustible. Do not use or store near heat or open flame.

Storage and Disposal

Storage: Store in original container in a dry place not accessible to children and pets.
Disposal: Do not reuse empty container. Discard in trash or offer for recycling.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Kills clothes moths and their larvae and eggs in storage closets, trunks, chests, garment bags, and containers (air tight). Do not use dry cleaning bags or containers which will allow vapors to escape into occupied rooms. Naphthalene moth balls should not be mixed or placed in contact with paradichlorobenzene moth products. For use only on clothes containing wool or wool blends.

Before storing clothes, have them dry cleaned, wash or brush articles to be protected and stored. Apply at a rate of one ounce of moth balls per three cubic feet.

Apply product in air tight containers, bags, and closets at the following rates:

<u>Ounces of Product</u>	<u>Volume of Enclosed Space</u>
6	Average garment bag (12 cu. ft.)
5.7	Large trunk (15 cu. ft.)
18	Small closet (50 cu. ft.)

For other spaces, volumes can be calculated by measuring and multiplying the height, width, and depth of the area for treatment. To insure protection, use the recommended amount of product and maintain treatment for a minimum of seven days. To maintain protection over long term storage, replace moth balls that have dissipated.

Upon removing clothing from treatment, place in well ventilated area, odor will dissipate.
