WASHINGTON, D.C. 20460

February 25, 2026

Nathan Ehresman  
nathane@albaughllc.com  
ALBAUGH NORTH AMERICA LIMITED

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment - Update label with new company information  
Product Name: Albaugh Bifenazate TGAI  
Admin Number: 81598-109  
EPA Receipt Date: 12/31/2025  
Action Case Number: 00683430

Dear Nathan Ehresman:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

The primary brand name of this product has been changed from Albaugh Bifenazate TGAI to DAI Bifenazate TGAI, and our records have been updated accordingly. This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have questions, please contact Lydia Crawford via email at [crawford.lydia@epa.gov](mailto:crawford.lydia@epa.gov).

Sincerely,

*Lydia Crawford*

Lydia Crawford, Acting PM 01

# DAI BIFENAZATE TGAI

**ACTIVE INGREDIENT:**

Bifenazate: Hydrazine carboxylic acid, 2-(4-methoxy-[1, l-biphenyl]-3-yl)-1 methylethyl ester .....98.6%

**OTHER INGREDIENTS:**.....1.4%

**TOTAL:** .....100.0%

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 888-347-6732 for emergency medical treatment information.

**EPA Reg. No.** 81598-109

**EPA Est. No.** XXXXXX-XXX-XXX

**NET CONTENTS:** \_\_\_\_\_ LBS

**MANUFACTURED FOR:**

Albaugh North America Limited  
4900 Stockyards Expressway  
Saint Joseph, MO 64504

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL or CHEMICAL HAZARDS**

Do not use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

(3) uses for which US EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and

(4) uses for experimental purposes that are in compliance with US EPA requirements.

This product is for use only by formulators in the manufacture of agricultural acaricidal product(s) offered for sale to the public, and which are duly registered with the U.S. EPA. Formulators using this product are responsible for obtaining EPA registration for their formulated product(s).

Detailed information on chemical and physical properties and other formulation recommendations for bifenthrin are available upon request from Albaugh. Obtain and read this information before undertaking the formulation of bifenthrin in order to avoid formulation hazards and insure a satisfactory finished product.

Labeling for products formulated from this product must conform to that which is currently registered with the U.S. EPA. For specific information on federally registered uses, contact Albaugh. Any variance from the federally registered labeling for products containing bifenthrin will have to be supported by data provided by the formulator.

### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children preferably in a locked storage area.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available, or puncture and dispose of in a sanitary landfill, or by other procedures allowed by State and local authorities.

Dispose of carton in same manner.

**IMPORTANT NOTICE** - Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions not reasonably foreseeable to seller, and to the extent consistent with applicable law, the buyer assumes the risk of any such use.
