Term of Issuance: Unconditional

Name of Pesticide Product: Weed Works
Weed and Grass Killer

NOTICE OF PESTICIDE:

X Registration
Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Organic Works, Inc.
c/o BioNet International Corp., Agents
9619 Evans Ford Road
Manassas, VA 20111

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA section 3(c)(5) and is subject to the following terms and conditions:

- 1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data.
2. Revise the EPA Registration Number to read, "EPA Reg. No. 81936-1."
3. Submit five (5) copies of the revised final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals:

DANGER: Corrosive - causes irreversible eye damage. Wear goggles or face shield when handling. Harmful if absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling. Wear personal protection equipment when handling and/or applying.

PERSONAL PROTECTION EQUIPMENT (PPE): Applicators and other handlers must wear appropriate protective eyewear, such as or face shield or goggles and face mask (with MSHA/NIOSH approval number prefix such as N-95, R-95, or P-95), long sleeved shirt and long pants, waterproof gloves and shoes plus socks.

USER SAFETY REQUIREMENTS: Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for PPE, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS: Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Master Label – Outdoor Residential & Non-agricultural Commercial Uses

WEEDWORKS WEED AND GRASS KILLER

Label Version: 14 February, 2007

Environmental Hazards:

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Do not apply to roosting or nesting birds, or to flowering plants during times of day when bees are actively foraging.

OTHER PRECAUTIONS: Avoid application to reactive metals such as aluminum, tin, iron or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces. In case of contact, rinse the sprayed surfaces with water.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Keep unprotected persons out of treated area until spray residues have dried.

WEEDWORKS is a fast-acting, non-selective contact killer containing an organic acid that is non-residual in soil. Foliar contact results in rapid desiccation and control of annual weeds and grasses, and top growth reduction of herbaceous perennial weeds and grasses (see tables below). Retreatment may be required for control of established perennial weeds. **PROTECT ORNAMENTALS FROM SPRAY DRIFT.**

EARLY SEASON ANNUAL WEED CONTROL: Apply undiluted product when weeds are small (3 to 5 leaf stage) and actively growing. Spray WEEDWORKS on unwanted vegetation to point of wetness. For best results spray in full sunshine at temperatures above 50 degrees Fahrenheit. Dilution of product will reduce effectiveness. Avoid spraying landscape plants, ornamentals and other desirable foliage.

TYPICAL WEEDS CONTROLLED

ANNUAL BROADLEAF WEEDS	PERENNIAL BROADLEAF WEEDS
Black Medic	Cinquefoil (silvery)
Chickweed	Dandelion
Cinquefoil (rough)	Ground ivy.
Common groundsel	Plantain spp
Hairy nightshade	Toadflax
Lamb's quarters	Tufted vetch
Mustard spp.	Wild carrot
Oxalis spp.	
Pigweed spp.	
Ragweed spp.	
Shepards purse	
Smart weed (Lady's thumb)	
Velvet leaf	
ANNUAL GRASSES	PERENNIAL GRASSES
Crab grass	Bluegrass
Foxtail spp.	Quack grass
Italian Ryegrass	Witches grass
Poa annua	

WEEDWORKS WEED & GRASS KILLER

This food-grade, 20.0% Acetic Acid is labeled for use as a horticultural vinegar for residential and non-agricultural uses at all sites indicated below!

WEEDWORKS is recommended for the control of herbaceous broadleaf and grassy weeds and unwanted grasses:

- around buildings, storage areas, fence rows and driveways;
- in home lawns and landscaped areas, private association ornamental gardens, golf courses, school play fields, municipal, state and federal parks and recreation areas, non-cropland driveways, patios, sidewalks and bike/hike trails, kennels, dog runs, and other animal enclosures;
- Interstate Freeways/Highways, Federal and State Highways and City/County roads and walk ways, railroad rights-of-way, tank farms, power stations and easements, and other rights-of way, industrial sites, and vacant lots.

Suitable to keep down weeds on all botanical and private association ornamental gardens, kennels, dog runs, and other animal enclosures and on Interstate Freeways/Highways, Federal and State Highways and City/County roads and walk ways.

6/7

FOR SPOT TREATMENT APPLICATION: Use a single nozzle or a hand-gun applicator to direct the spray and thoroughly wet undesirable weed foliage. Re-treatment of perennial weed growth may be required for control.

FOR BROADCAST SPRAY APPLICATIONS: For broadcast spray application to control weeds, use at the rate of 15 to 30 gallons per acre. Thorough coverage is necessary to achieve desirable control. For dense weed populations and/or heavy foliage, use the higher spray volume to ensure adequate coverage. Apply with flat fan nozzles and at sufficient pressure to achieve required coverage.

(Alternative label text for product packaged in spray bottles – **FOR SPOT TREATMENT:** Direct spray to thoroughly wet undesirable weed foliage. Re-treatment of perennial weed growth may be required for control.)

FOR CONTROL OF LARGER ANNUALS AND BURNDOWN OF PERENNIAL WEED GROWTH: Larger annual weeds and perennials are more difficult to control and may require retreatment. Treat initially as recommended above and repeat if new growth of leaves appears. Thorough coverage of all weed foliage is necessary to achieve desirable control.

TIMING OF APPLICATIONS: Best results are achieved from applications to actively growing young weeds. Weeds that are mature, dormant or hardened due to moisture stress are more tolerant of herbicide treatments. For best results spray in full sunshine at temperatures above 50°F. Only contacted vegetation will be affected.

DO NOT APPLY THIS PRODUCT THROUGH ANY TYPE OF IRRIGATION SYSTEM.

NOTE: ALL CONTACTED VEGETATION WILL BE AFFECTED. AVOID CONTACT WITH DESIRABLE PLANTS. OVERSPRAY OR DRIFT WILL INJURE OR KILL CONTACTED VEGETATION.

----- Text in the following section for product LABELED FOR COMMERCIAL non-agricultural use -----

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep from freezing. Store only in original tightly sealed container and out of reach of children

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent), then offer for recycling or reconditioning or purchase, and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

----- Alternative text in the following section for product LABELED FOR OUTDOOR RESIDENTIAL use only -----

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep from freezing. Store only in original tightly sealed container and out of reach of children

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
