JAN 05 2006

Term of Issuance:

Unconditional

Name of Pesticide Product:

Weed Spray No.1 Ready To Use

NOTICE OF PESTICIDE:

Registration

Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

for **Punya Innovations ApS**
Technology Sciences Group, Inc.
 1101 17th Street, NW, Suite 500
 Washington, DC 20036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA Sec. 3(c)(5) provided you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA Sec.3 (c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA Sec. 4.
2. Revise the EPA Registration Number to read, "EPA Reg. No. 81952-2."
3. Submit the results from a 2-year storage stability and corrosion characteristics study by August 31, 2007.
4. Submit two (2) copies of your final printed label for the record, before you release the product for shipment.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS - WARNING: Causes eye irritation. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General:

Weed Spray No. 1 Ready-to-Use is a non-selective weed killer active against all soft plant tissue it comes in contact with, including broadleaf and grassy weeds as well as desirable plants. Do not allow contact with desirable plants or vegetables. **Weed Spray No. 1 Ready-to-Use** works fast. Soon after spraying, the foliage of treated weeds begins to wither and dies. If plant roots are not killed, new foliage may grow from the roots of perennial weeds; however, annual weeds with small root systems will die back completely. Retreatment is required for control of established perennial weeds.

Areas of Use:

Weed Spray No. 1 Ready-to-Use may be used to control weed growth in unplanted areas such as borders, yards, driveways, sidewalks, around mature tree bases, around houses and sheds, in fencerows and around flowerbeds. Do not spray growing vegetables, flowers or lawns.

Weeds Controlled:

<p>Annual Broadleaf Weeds such as: Black medic, Chickweed, Cinquefoil, Lambsquarters, Mustard species, Oxalis species, Pigweed species, Ragweed species.</p>

<p>Perennial Broadleaf Weeds such as: Cinquefoil (silvery), Dandelion, Plantain species, Toadflax, Tufted vetch, Wild carrot.</p>
--

<p>Annual Grasses such as: Crabgrass, Foxtail species.</p>

<p>Perennial Grasses such as: Bluegrass, Quack grass</p>

Application Directions:

Apply directly as a COARSE spray. Apply so that weed leaves and stems are fully wetted to the point of runoff. Thorough coverage is necessary for control. Repeat treatment if new growth of leaves appears.

Best results are achieved against tender, small weeds less than 4-inches high. Ideally spray in the spring and repeat as necessary over the growing season. Sowing or planting may occur as soon as the weeds begin to wither.

Do not apply this product through any type of irrigation system. Do not allow contact with desirable plants.

Weather:

Apply **Weed Spray No. 1 Ready-to-Use** on a dry day when rain is not expected for at least 4 hours. Rain shortly after spraying will reduce product effectiveness.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Store in a cool, dry place.

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Optional Label Claims:

- Ready to use.
- Easy to use.
- Simple to apply.
- Leaves no harmful residues.
- Non-toxic mode of action.
- Non-toxic weed control (in the home garden).
- A brilliant formula: Fast acting, effective, simple.
- For use on unwanted weeds.
- For weed control in home gardens, yards, driveways, sidewalks, around houses and sheds.
