If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 – 20 minutes. • Call a poison control center or doctor for treatment advice.
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center. • Do not give anything by mouth to an unconscious person.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call poison control center or doctor for treatment advice.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.</p>	
NOTE TO PHYSICIAN	
<p>Probable mucosal damage may contraindicate the use of gastric lavage.</p>	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS - WARNING: Causes eye irritation. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General:

Weed Spray No. 1 Ready-to-Use is a non-selective weed killer active against all soft plant tissue it comes in contact with, including broadleaf and grassy weeds as well as desirable plants. Do not allow contact with desirable plants or vegetables. **Weed Spray No. 1 Ready-to-Use** works fast. Soon after spraying, the foliage of treated weeds begins to wither and dies. If plant roots are not killed, new foliage may grow from the roots of perennial weeds; however, annual weeds with small root systems will die back completely. Retreatment is required for control of established perennial weeds.

Areas of Use:

Weed Spray No. 1 Ready-to-Use may be used to control weed growth in unplanted areas such as borders, yards, driveways, sidewalks, around mature tree bases, around houses and sheds, in fencerows and around flowerbeds. Do not spray growing vegetables, flowers or lawns.

Weeds Controlled:

Annual Broadleaf Weeds such as: Black medic, Chickweed, Cinquefoil, Lambsquarters, Mustard species, Oxalis species, Pigweed species, Ragweed species.
Perennial Broadleaf Weeds such as: Cinquefoil (silvery), Dandelion, Plantain species, Toadflax, Tufted vetch, Wild carrot.
Annual Grasses such as: Crabgrass, Foxtail species.
Perennial Grasses such as: Bluegrass, Quack grass

Application Directions:

Apply directly as a COARSE spray. Apply so that weed leaves and stems are fully wetted to the point of runoff. Thorough coverage is necessary for control. Repeat treatment if new growth of leaves appears.

Best results are achieved against tender, small weeds less than 4-inches high. Ideally spray in the spring and repeat as necessary over the growing season. Sowing or planting may occur as soon as the weeds begin to wither.

Do not apply this product through any type of irrigation system. Do not allow contact with desirable plants.

Weather:

Apply **Weed Spray No. 1 Ready-to-Use** on a dry day when rain is not expected for at least 4 hours. Rain shortly after spraying will reduce product effectiveness.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Store in a cool, dry place.

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Optional Label Claims:

- Ready to use.
- Easy to use.
- Simple to apply.
- Leaves no harmful residues.
- Non-toxic mode of action.
- Non-toxic weed control (in the home garden).
- A brilliant formula: Fast acting, effective, simple.
- For use on unwanted weeds.
- For weed control in home gardens, yards, driveways, sidewalks, around houses and sheds.
