Subject: Fresh Cab (Alternate Brand Name Stay Away)  
 EPA Registration No. 82016-1  
 Label Amendment application dated: May 12, 2008

Dear Karen:

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(5), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(b). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

If you have any questions contact John Fournier at 703-308-0169 or by email at: [fournier.john@epa.gov](mailto:fournier.john@epa.gov). A stamped copy of the label is enclosed for your records.

Sincerely,

Linda A. Hollis, Chief

EPA Est. No.: 82016-ND-1

Net Contents: 2.5 oz

**KEEP OUT OF REACH OF CHILDREN**

**General Information:**

The Mouse Pouch repels by odor that is offensive to rodents, but not to humans.  
This product can be used effectively to repel rodents from treated areas for up to 30 days.

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Indoors:** Use in non-living areas (attics, basements, cellars, storage areas, garages, sheds, pantries and barns). Place one scent pouch per 8 square feet in areas to be protected (i.e. use 4 pouches in a single car garage or one pouch in a pantry). Replace when scent has diminished. Length of effectiveness depends on air exchange rates and temperatures.

**Enclosed Spaces:** Use in autos, R.V.'s, airplanes, boats, tractor, trucks, etc. Place four scent pouches per storage unit per season to freshen the average size camper, boat, truck or auto. Replace scent pouches when scent has diminished. The product lasts up to 30 days in cold storage areas. Length of effectiveness depends on the air exchange rates and temperature condition of storage areas.

**Storage And Disposal:** Do not contaminate water, food or feed by storage and disposal.  
**Storage:** Store in original container in a cool, dry place inaccessible to children and pets. Keep container tightly closed to prevent evaporation.  
**Disposal:** Nonrefillable container. Do not reuse or refill this container. Promptly

dispose of used pouches in the trash so as not to attract ravenous mice. Contents and packaging are biodegradable.

**Notice:** Buyer assumes all responsibility for safety and use not in accordance with directions.

**Crane Creek Gardens**

This innovative product was invented out of necessity. I was offended by the toxic smell of moth balls and the unpleasant odors we found in our farm implements in the spring, so I came up with a plant-based alternative that would both freshen and protect our storage areas for up to three months. This product is safe when used as directed and offers a kinder way to repel rodents from vacant storage areas.

I wish to personally thank you for purchasing this product. In doing so, you support American farmers, less advantaged communities and our precious environment. I welcome your comments and suggestions.
