Subject: EPA Reg. 82052-1 & 82052-3 "Organic" Label Amendments

Dear Mr. Messerschmidt:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided you make the following changes to the label.

1. The term "Organic" must be removed from the brand name. This wording is not allowed under PR-Notice 2003-1, as is does not fall under the allowable usage of the term "organic".

Amended labeling will supercede all previous accepted ones. A stamped copy of labeling is enclosed for your records. If you have any questions please call Erik Kraft at 703-308-9358.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim A. Tompkins", followed by a flourish.

James A. Tompkins
Product Manager 25
Herbicide Branch
Registration Division (7505P)

NATURE'S AVENGER

Organic Herbicide

ACTIVE INGREDIENT: d-limonene.....17.5%
INERT INGREDIENTS:.....82.5%
Total 100.0%

KEEP OUT OF REACH OF CHILDREN
CAUTION

 **FOR ORGANIC PRODUCTION**

{Front panel; marketing claims may be used on any panel}

- Ready to Use (RTU)
- Non-selective: controls most weeds, grasses and broadleaves
- Can be used around pets and wildlife
- Contains citrus oil
- Weed eliminator

FIRST AID	
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted con detalle. (If you do not understand the label, find someone to explain it to you in detail.)	
If on Skin or Clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If in Eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes. Then continue rinsing eye.• Call a poison control center or doctor for treatment advice
Have the product container or label with you when calling a poison control center or doctor or going for treatment.	

PHYSICAL AND CHEMICAL HAZARDS

Combustible: Do not use or store near heat or open flame.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NATURE'S AVENGER is a broad spectrum weed killer that contains a citrus extract. It is non-selective and controls most annual weeds, both grasses and broadleaves. It is recommended for non-food areas such as borders, driveways, sidewalks, around mature trees and ornamentals, around building, in greenhouses, fencerows and around flower beds

NATURE'S AVENGER is fast acting. Foliar contact results in control of annual grasses and broadleaves and top growth reduction of deep rooted perennial weeds. Re-treatment is required

for control of perennial weeds. Spray until thoroughly wet. For best performance, **complete** coverage of target weeds is necessary.

For Control of SMALL ANNUAL WEEDS: apply NATURE'S AVENGER to the foliage of the small weeds (less than 6 inches) making sure leaves are thoroughly wet and uniformly covered. Do not apply if a strong threat of rain is expected within 2 hours.

For Control of LARGER ANNUAL WEEDS and BURNDOWN of PERENNIAL WEEDS: Larger annual weeds (more than 6 inches) and perennials are more difficult and may require re-treatment. Treat as described above.

Best results are obtained when applied to young, actively growing weeds. Weeds that are mature, dormant or hardened due to moisture stress are more resistant to herbicide treatment.

Do not apply this product through any type of irrigation system.

NOTE: All contacted vegetation is affected. Avoid contacting desirable plants. Overspray or drift will injure or kill contacted vegetation.

PESTICIDE STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Keep from freezing. Store only in original sealed container and keep out of reach of children.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container (plastic bottle). Rinse thoroughly before discarding in trash.

Conditions of Sale and Warranty

The **Directions For Use** of this product reflects the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result, because of factors such as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Cutting Edge Formulations or the Seller. To the extent consistent with applicable law, all such risks are assumed by the Buyer.

To the extent consistent with applicable law, Cutting Edge Formulations warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the **Directions For Use**, subject to the inherent risks, referred to above. To the extent consistent with applicable law, Cutting Edge Formulations makes no other express or implied warranty of fitness or merchantability or any other express or implied warranty. To the extent consistent with applicable law, shall Cutting Edge Formulations or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. To the extent consistent with applicable law, Cutting Edge Formulations and the Seller offer this product, and the Buyer and user accept it, subject to the foregoing **Conditions of Sale and Warranty** which may be varied only by agreement in writing signed by a duly authorized representative of Cutting Edge Formulations.
