PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

DANGER. Causes irreversible eye damage. Harmful if swallowed or absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wear safety glasses or goggles and protective gloves made of butyl rubber, PVC, or neoprene. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System Permit (NPDES) and the permitting authority has been notified prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labelling.

MICROL Preservative should be added to the mineral oil component of lubricants compliant with 21 CFR 178.3570 at a maximum level of 1.0% in order to prevent decomposition and odors in the lubricant caused by microorganisms. Add MICROL Preservative at any convenient time during the mixing process.

No finished products containing MICROL Preservative may make any public health claims relating to antimicrobial activity without EPA pesticide registration. When incorporated into lubricant, this product does not protect users of any such treated article or others against foodborne or disease causing bacteria, viruses, germs or other disease causing organisms.

This product is compliant with 21 CFR 184.1021.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Keep product dry during storage.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste facility.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities.
