Single size mattress (ActiveGuard™ Fabric on one side) includes 2.6 oz. of ActiveGuard™ Fabric.]

[Back panel:]

ActiveGuard™ Fabric

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product [mattress, box spring, sofa bed and furniture] contains ActiveGuard™ Fabric for residual bed bug control.

The ActiveGuard™ Fabric is treated with permethrin at a rate of 0.0001125 lb. of active ingredient per square foot (0.55 grams of active ingredient per square meter) of fabric. This ActiveGuard™ Fabric is then incorporated into this article.

[Bulk Roll]

Cut sheet to match the bedding size. Secure the mattress liner label to the sheet, e.g. stapling, permanent glue, etc. Fit the ActiveGuard™ Fabric over the bedding. Secure down the edges of the fabric to insure a tight fit against the bedding. Place another surface such as mattress pad, barrier encasement or bottom sheet over the mattress liner

Note: Washing the ActiveGuard™ Fabric removes the active ingredient and reduces the effectiveness of the product against bed bugs.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: When not in use, store product in a cool, dry place away from direct sunlight.

DISPOSAL: Discard the outer packaging and this used product in the trash.
