

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

82552-3

2/03/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

CONCROBIUM MOLD
CONTROL PLUS

Name and Address of Registrant (include ZIP Code):

Scientific & Regulatory Consultants, Inc.
201 W. Van Buren Street
Columbia City, IN 46725

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Jacqueline Hardy

Jacqueline Hardy, Product Manager 34
Regulatory Branch, Antimicrobials Division (7510P)

Date:

2/3/2021

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 82552-3.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 02/03/2021

If you have any questions, please contact Stacey Grigsby at 703.305.6440, or via email at grigsby.stacey@epa.gov

Enclosure: 2/3/21 Accepted Stamped Label

- A [formula] [product] [solution] [technology] you can trust

{Deodorizing Claims:}

- [Eliminate[s]] [Remove[s]] [mold] [musty] odor [stains] [caused by mold and mildew]
- Deodorizer
- Concrobium Mold Control Plus [*insert brand name*] is [specially formulated] [a unique technology] [designed] for effective [control] of [most] offensive [stains][and] odors caused by mold [and] [mildew].
- [Eliminates] [kills] [musty] [foul] [stale] odors [from] [gym] [equipment] [lockers] [front load washing machine[s]].
- Eliminates [musty] [foul] [stale] odors [from] [gym] [sports] [hockey] [football] [baseball] [basketball] [athletic] [equipment] [lockers] [front load washing machine[s]] [shoes]

{General/Cleaning Claims:}

- [Suitable] for [use on] [most] [a variety] [various] [multiple] [indoor] [outdoor] surfaces [including fabrics] [upholstery] [curtains][cushions] {*or may insert one or more of the surfaces and/or sites listed on page 7-8 of this label*}
- [For] [Use] [on] [in] [gym] [sports] [hockey] [football] [baseball] [basketball] [athletic] [equipment] [lockers]
- For [use] on [fabrics] [upholstery] [curtains] [cushions] [too] {*may insert one or more of the surfaces and/or sites listed on page 7-8 of this label*}
- Works on [fabrics] [upholstery][curtains] [cushions] [too] {*may insert one or more of the surfaces and/or sites listed on page 7-8 of this label*}
- No bleach. No mold. No problem.
- [Also] an effective cleaner and degreaser.
- Try it as a cleaner and degreaser.
- [Great for] [Try it for] spot cleaning and degreasing [too].
- [Eliminates] [removes] [stubborn] [tough] stains and grease [too].
- [Good] [Great] [Ideal] for [various] [a variety of] [most] [fabric] [hard, non-porous] surfaces such as {*may insert one or more of the surfaces and/or sites listed on page 7-8 of this label*}
- Patented [formula] [product] [solution] [technology]
- Everyday Everywhere
- Tough [Cleaner].
- Multi-surface [formula] [product] [solution] [technology]
- Will not damage: {*may insert one or more of the surfaces and/or sites listed on page 7-8 of this label*}
- Safe [to use on] [for]: {*may insert one or more of the surfaces listed on page 7-8 of this label*}
- [Also] available in {*insert net contents of alternate sizes here*}
- Contains [no ammonia], [bleach], [alcohol], [acid], or [VOCs] [or] [harmful chemicals]
- Odorless [and] colorless
- [Odorless] [No Scent] [Fragrance-free] [No odor] [scent-less] [scentless] [scent-free]
- [Colorless] [dye-free]
- For use in [homes, businesses or institutions] [residential, commercial or industrial facilities]
- [No] [fumes] [vapors] [odor] [fragrance], [fragrance free].
- Not flammable
- Non-flammable
- Non-combustible
- No mixing [required]
- Ready to use
- Easy to use
- No bleach
- No rinsing [required]
- Rinse free

- No scrubbing [required]
- No VOC's [VOCs] [Volatile Organic Compounds]
- Ditch the bleach.
- For [everyday] [daily] use
- Convenient
- No fuss
- 100% Bleach-free [formula] [product] [solution] [technology]
- Bleach-free
- Combo pack

{Organism List}

[When used as directed this product is effective against:]

Fungicidal/Mildewcidal on hard, non-porous surfaces:

Trichophyton interdigitale (ATCC 9533), Aspergillus niger (ATCC 6275)

Mildewstat/Fungistat on hard, non-porous surfaces: Aspergillus niger (ATCC 6275)

Mildewstat/Fungistat on cotton fabric surfaces: Aspergillus niger (ATCC 6275), Penicillium variabile (ATCC 32333)

Bactericidal on hard, non-porous surfaces:

Pseudomonas aeruginosa (ATCC 15442), Staphylococcus aureus (ATCC 6538), Salmonella enterica (ATCC 10708)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[Concrobium Mold Control Plus *[insert brand name]* [this product] [kills] [eliminates 99.9% of] [inhibits¹] [or] [and] [prevents¹] [is effective against] mold [and] [mildew] [organisms] [growth] on hard non-porous building materials. Before applying [this product], remove visible mold growth and correct conditions favorable to mold growth.]

READ LABEL BEFORE USING & TEST ON AN INCONSPICUOUS AREA

[Ready to use – do not dilute.]

[Concrobium Mold Control Plus *[insert brand name]* [this product] is suitable for use on [both] hard non-porous [and] [fabric³] surfaces. [If in doubt,] [Perform a] [Test on a small], [inconspicuous] section. Wipe materials vulnerable to water marks immediately after contact with Concrobium Mold Control Plus *[insert brand name]* [this product]. Over-application may result in residue formation, which can be easily wiped away with a wiped away with a [Concrobium Mold Control Plus *[insert brand name]* [dampened cloth] [cloth dampened with the product].]

[Remove visible soil prior to application. [Mold stains may remain visible following treatment.] [This is normal] [In this case] [If so] [If mold stains remain] [following treatment] [reapply] [product] [and] [wipe] [or] [scrub] [area] [away stains] [In some cases, staining may be irreversible.] [[Do not expect] [Concrobium Mold Control Plus *[insert brand name]* [this product] [to] [will not] [whiten] stains [on contact]]. [If, [following treatment], additional steps are taken to [remove] [or] [cover] [address] [treat] the [mold] stain, reapply [[Concrobium Mold Control Plus *[insert brand name]* [this product]]] as a final step [as] [per] [as indicated in] [the] [Preventative Treatment] [To Prevent] [of] [[mold] [and] [mildew] section] [to protect area from regrowth.]]

To clean: Apply [Concrobium Mold Control Plus *[insert brand name]* by hand-spray, [electric or compression sprayer].

To prevent (inhibit) (control) mold and mildew (and) (or) (disinfect): Apply [Concrobium Mold Control Plus *[insert brand name]* [this product] by hand-spray [electric or compression sprayer], Expect 350-2800 sq. ft. of surface coverage per gallon depending on surface type [and application method].

[For use [on, in]: {*select one or more of the surfaces and use sites from page 7-8*}]

FOR CLEANING [AND] [DEGREASING] {numbering of steps is optional}

[1)] Apply [product] [Concrobium Mold Control Plus *[insert brand name]*] on area until wet.

[2)] Wipe [or scrub][Wipe/scrub] clean [and dry]. [No rinsing required.]

[3)] [For tough stains, reapplication may be necessary.]

PREVENTATIVE TREATMENT [FOR] [TO PREVENT] [OF] [MOLD] [AND] [MILDEW]

To [inhibit] [prevent] mold and mildew growth on hard, non-porous surfaces [and fabrics³]:

{numbering of steps is optional}

[1)] Clean surfaces.

[2)] Apply [product] [Concrobium Mold Control Plus *[insert brand name]*] on area until evenly wet.

[3)] [[If desired][If dry time][If water staining][is a] [potential] [concern] [To promote drying] [and] [to][avoid residue marks], [use a] [clean cloth] [or] [paper towel] [dampened with] [product] Concrobium Mold Control Plus *[insert brand name]*] [to] [wipe] [off] [wipe off] [clean] [clean off] [off excess wetness] [with a clean cloth or paper towel].

[4)] Allow treated surfaces to dry completely. [The product generally dries within 2 hours and may take up to 24 hours depending on surface absorbency, temperature and [drying] conditions.]
[[5)] [If treated surfaces are to be [cleaned] [and] [/] [or] [painted], allow [product] [Concrobium Mold Control Plus [*insert brand name*]] to dry for 24 hours.]

REMEDIAL TREATMENT [TO] [REMEDiate] [OF] MOLD [AND] [MILDEW]

Concrobium Mold Control Plus [*insert brand name*] must be used as part of a comprehensive mold remediation or water damage restoration program, [including] [this should also include]:

- Monitor[ing] for conditions favorable to mold growth such as [moisture ingress] [moisture] [water leaks] [flooding] [and] [high relative humidity] [and] [or] [condensation]
- Eliminate [Eliminating] [Correct[ing]] conditions favorable to mold growth
- Dry[ing] affected areas to below 20% moisture content

[[This product] Concrobium Mold Control Plus [*insert brand name*] must come in direct contact with mold [and] [mildew] to be effective.]

When water damage is suspected, first [eliminate] [correct] the water source. Next, remove excess water and dry surfaces thoroughly. [This product] [Concrobium Mold Control Plus] [*insert brand name*] can be used on materials removed for disposal. If excess water is removed within 24 hours and hard, non-porous or fabric³ surface is thoroughly dried, spraying affected surfaces with Concrobium Mold Control Plus [*insert brand name*] [this product] will [inhibit¹] [prevent¹] [mold] growth. [Structural members and/or contents] [Building materials] exposed to water in excess of 24 hours may have extensive microbial growth that is not visible. Prepare a complete assessment and remediation plan to incorporate the use of Concrobium Mold Control Plus [*insert brand name*] [this product].

Consult the following websites for remediation guidance.

Recommended Mold and Mildew Remediation Websites

- IAQA – Indoor Air Quality Association (www.iaqa.org)
- EPA – Environmental Protection Agency (www.epa.gov)
- New York City “Guidelines on Assessment and Remediation of Fungi in Indoor Environments” (www.nyc.gov)
- IICRC – Institute of Inspection, Cleaning and Restoration Certification (www.iicrc.org)
- [Concrobium – www.concrobium.com]
- [Standard and Reference Guide for Professional Water Damage Restoration” (IICRC S500) published by the Institute of Inspection, Cleaning and Restoration Certification [(www.iicrc.org)]

Refer to the Personal Protection Equipment (PPE) Requirements for Applicators section for the appropriate PPE to wear. [This section along with additional directions for use are contained on [inside] [fold out] [other appropriate reference] portion of labeling.]

Small Areas – Total Surface Area Affected Less Than 30 Square Feet

Areas of [mold] growth less than 30 square feet [(area of a single [drywall] [sheet] [wall panel])] can normally be remediated easily. [Apply [this product] Concrobium Mold Control Plus [*insert brand name*] to [retard] [stop] the [growth] [and] spread of fungal spores¹ until the area can be thoroughly cleaned and remediated]. [If] [ceiling tiles or other] [Contents] [with mold] [that] [are] [easily removable] [items] [and] [of nominal value] [are moldy], remove them, seal in a plastic bag and dispose with normal trash. If the surface is not easily [replaceable] [removable] [take the following steps]:

{numbering of steps is optional}

[1)] Remove soil [with a commercial style HEPA vacuum]. [Clean surface with Concrobium Mold Control Plus [*insert brand name*] [this product].] [For best results, [and to avoid possible interference from other chemicals,] use Concrobium Mold Control Plus [*insert brand name*]

[this product] for initial cleaning.] [Use a cleaning tool (cloth, cleaning pad) suitable for the surface being cleaned.] Remove as much dirt and mold as possible and ensure surface is thoroughly dried. [Remove as much dirt and mold as possible. Ensure surface is thoroughly dried prior to application.]

[In some cases, staining may be irreversible.] [[Do not expect] Concrobium Mold Control Plus [insert brand name] [this product] [to] [will not] [remove] [whiten] stains [on contact].]

[2]) Refer to the Preventative Treatment section for application.

{The following steps may be inserted in place of step 2}

[2]) Apply [product] [Concrobium Mold Control Plus [insert brand name]] on area until evenly wet.

[3]) [[If desired] [If dry time] [If water staining] [is a] [potential] [concern] [To promote drying] [and] [to] [avoid residue marks], [use a] [clean cloth] [or] [paper towel] [dampened with] Concrobium Mold Control Plus [insert brand name] [product]] [to] [wipe off excess wetness.][with a clean cloth or paper towel.]

[4]) Allow treated surfaces to dry completely. [The product generally dries within 2 hours and may take up to 24 hours depending on surface absorbency, temperature and [drying] conditions.] [If treated surfaces are to be cleaned or painted, allow Concrobium Mold Control Plus [insert brand name] [product] to dry for 24 hours.]

[[5]) [If treated surfaces are to be [cleaned] [and] [/] [or] [painted], allow Concrobium Mold Control Plus [insert brand name] [product] to dry for 24 hours.]]

Large Areas – Total Surface Area Affected Greater Than 30 Square Feet

Areas larger than 30 square feet require special procedures and individuals trained in remediation. Refer to the recommended websites for guidelines on remediation [or consult a mold remediation [professional] [specialist] [technician] [company]. Before using [this product] Concrobium Mold Control Plus [insert brand name] to mitigate large areas, you should understand one or more of these guidelines. Follow these guidelines to apply [this product] [Concrobium Mold Control Plus [insert brand name]].

When water damage is suspected, first find the source of water and eliminate it. [Next,] Remove excess water and ensure surfaces are thoroughly dried {or} [and thoroughly dry surfaces [to below 20% moisture content]]. See IICRCS500 (Recommended Websites) for guidance on water removal. If excess water is removed within 24 hours and surface thoroughly dried, spraying affected surfaces with Concrobium Mold Control Plus [insert brand name] [this product] will [inhibit¹] [prevent¹] [mold] growth.

Hard, non-porous (or fabric) [Structural members and/or contents] [Building materials] [Surfaces] [and/or] [Items] exposed to water in excess of 24 hours may have extensive microbial growth that is not visible. Prepare a complete assessment and remediation plan to incorporate Concrobium Mold Control Plus [insert brand name] use, provide for user and occupant safety and document and monitor the remediation process. Concrobium Mold Control Plus [insert brand name] can be used on materials removed for disposal and in other applications where antimicrobial use is indicated. If you are not experienced in preparing and executing such a plan, contact Siamons International Customer Service at (866) 811-4148 [for assistance].

REAPPLICATION

Reapply [weekly] when growth or odor reappears. Determine and correct the cause of re-growth and ensure the hard, non-porous (or fabric³) surface has been thoroughly dried before reapplication. Reapply [[product] [Concrobium Mold Control Plus [insert brand name]] if hard, non-porous (or fabric³) surfaces are washed [cleaned] [or] [painted] [after initial application] [to maintain the protective [barrier] [shield] [film].

Reapply weekly on hard, non-porous surfaces and monthly [every 28 days] on fabrics³, or whenever [new growth] [mildew] [mold] [regrowth] appears.

PERSONAL PROTECTION EQUIPMENT REQUIREMENTS FOR APPLICATORS

[For areas less than 30 sq. feet,] an N-95 respirator, gloves and goggles/eye protection are recommended to avoid mold or mold spore exposure. [For areas greater than 30 sq. feet, use an N-95 respirator or half-face respirator with HEPA filter, disposable overalls, gloves and goggles/eye protection.]

To Disinfect [and] [, Kill Fungi [& Mildew]]:

{numbering of steps is optional}[1] Clean surfaces .

[2] From a distance of 6-8", spray product on hard, non-porous surfaces until thoroughly wet. Allow to remain wet for 10 minutes.

[3] [Wipes surfaces] [and] [or] [allow to air dry].

{For sizes 1 gallon or less}

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to small children. Keep securely closed. Nonrefillable container. Do not reuse or refill this container. Rinse thoroughly. Offer for recycling if available or [wrap and] discard in trash. [If product freezes, allow to thaw [out] at room temperature.]

{For sizes over 1 gallon}

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. [If product freezes, allow to thaw [out] at room temperature.]

PESTICIDE STORAGE: Store in original container in areas inaccessible to small children. Keep securely closed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. For more information on the disposal of unused, unwanted product and the clean up of spills, contact the EPA Regional Office or the Manufacturer for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill; or incinerate, or, if allowed by state and local authorities, burn. If burned, stay out of smoke.

{for containers of 5 gallons or 50 lbs. or more}

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting agency has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
