Subject: PRIA Label Amendment – Adding Efficacy Claims  
Product Name: CONCROBIUM MOLD CONTROL PLUS  
EPA Registration Number: 82552-3  
Received Date: 09/10/2022  
Action Case Number/Decision Number: 00321941

Dear Ms. Mannion:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

Page 2 of 2  
EPA Reg. No. 82552-3  
Action Case No./Decision No. 00321941

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Terria Northern via email at [northern.terria@epa.gov](mailto:northern.terria@epa.gov)

Sincerely,

A handwritten signature in black ink, appearing to read "Marcel Howard", written in a cursive style.

**{Organism List}**

[When used as directed this product is effective against:]

Fungicidal/Mildewcidal on hard, non-porous surfaces:

Trichophyton interdigitale (ATCC 9533), Aspergillus niger (ATCC 6275)

Mildewstat/Fungistat on hard, non-porous surfaces: Aspergillus niger (ATCC 6275)

Mildewstat/Fungistat on untreated wood and cotton fabric surfaces: Aspergillus niger (ATCC 6275), Penicillium variabile (ATCC 32333)

Bactericidal on hard, non-porous surfaces:

Pseudomonas aeruginosa (ATCC 15442), Staphylococcus aureus (ATCC 6538), Salmonella enterica (ATCC 10708)

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[Concrobium Mold Control Plus *[insert brand name]* [this product] [kills] [eliminates 99.9% of] [inhibits<sup>1</sup>] [or] [and] [prevents<sup>1</sup>] [is effective against] mold [and] [mildew] [organisms] [growth] on indoor hard non-porous building materials. [Concrobium Mold Control Plus *[insert brand name]* [this product] [It] [also] [inhibits<sup>1</sup>] [or] [and] [prevents<sup>1</sup>] [is effective against] mold [and] [mildew] organisms [growth] on [both][hard non-porous][and][fabric] [untreated wood,]surfaces that have been subjected to [moist or] wet environments.] Before applying [this product], remove visible mold growth and correct conditions favorable to mold growth.]

## READ LABEL BEFORE USING & TEST ON AN INCONSPICUOUS AREA

[Ready to use – do not dilute.]

[Concrobium Mold Control Plus *[insert brand name]* [this product] is suitable for use on [both] hard non-porous [untreated wood] [and] [fabric<sup>3</sup>] surfaces. [If in doubt,] [Perform a] [Test on a small], [inconspicuous] section. Wipe materials vulnerable to water marks immediately after contact with Concrobium Mold Control Plus *[insert brand name]* [this product]. Over-application may result in residue formation, which can be easily wiped away with a [Concrobium Mold Control Plus *[insert brand name]* [dampened cloth] [cloth dampened with the product].]

[Remove visible soil prior to application. [Mold stains may remain visible following treatment.] [This is normal] [In this case] [If so] [If mold stains remain] [following treatment] [reapply] [product] [and] [wipe] [or] [scrub] [area] [away stains] [In some cases, staining may be irreversible.] [[Do not expect] [Concrobium Mold Control Plus *[insert brand name]* [this product] [to] [will not] [whiten] stains [on contact]]. [If, [following treatment], additional steps are taken to [remove] [or] [cover] [address] [treat] the [mold] stain, reapply [[Concrobium Mold Control Plus *[insert brand name]* [this product]]] as a final step [as] [per] [as indicated in] [the] [Preventative Treatment] [To Prevent] [of] [[mold] [and] [mildew] section] [to protect area from regrowth.]]

To clean: Apply [Concrobium Mold Control Plus *[insert brand name]*] by hand-spray, [electric or compression sprayer].

Modes of Application to prevent (inhibit) (control) mold and mildew (and) (or) (disinfect): Apply [Concrobium Mold Control Plus *[insert brand name]*] [this product] by hand-spray [automatic or compression sprayer] [high pressure spray] [low pressure spray], Expect 350-2800 sq. ft. of surface coverage per gallon depending on surface type [and application method].

[For use [on, in]: {select one or more of the surfaces and use sites from page 7-8}]

### FOR CLEANING [AND] [DEGREASING] {numbering of steps is optional}

[1)] Apply [product] [Concrobium Mold Control Plus *[insert brand name]*] on area until wet.

[2)] Wipe [or scrub][Wipe/scrub] clean [and dry]. [No rinsing required.]

[3)] [For tough stains, reapplication may be necessary.]

### PREVENTATIVE TREATMENT [FOR] [TO PREVENT] [OF] [MOLD] [AND] [MILDEW]

To [inhibit] [prevent] mold and mildew growth on hard, non-porous surfaces [untreated wood] [and fabrics<sup>3</sup>]:

{numbering of steps is optional}

[1)] Clean surfaces.

[2)]Apply [product] [Concrobium Mold Control Plus *[insert brand name]*] on area until evenly wet.

[3] [[If desired][If dry time][If water staining][is a] [potential] [concern] [To promote drying] [and] [to][avoid residue marks], [use a] [clean cloth] [or] [paper towel] [dampened with [product] Concrobium Mold Control Plus [insert brand name]] [to] [wipe] [off] [wipe off] [clean] [clean off] [off excess wetness] [with a clean cloth or paper towel].

[4] Allow treated surfaces to dry completely. [The product generally dries within 2 hours and may take up to 24 hours depending on surface absorbency, temperature and [drying] conditions.]

[[5] [If treated surfaces are to be [cleaned] [and] [/] [or] [painted], allow [product] [Concrobium Mold Control Plus [insert brand name]] to work for 7 days.]

### **REMEDIAL TREATMENT [TO] [REMEDiate] [OF] MOLD [AND] [MILDEW]**

Concrobium Mold Control Plus [insert brand name] must be used as part of a comprehensive mold remediation or water damage restoration program, [including] [this should also include]:

- Monitor[ing] for conditions favorable to mold growth such as [moisture ingress] [moisture] [water leaks] [flooding] [and] [high relative humidity] [and] [or] [condensation]
- Eliminate [Eliminating] [Correct[ing]] conditions favorable to mold growth
- Dry[ing] affected areas to below 20% moisture content

[[This product] Concrobium Mold Control Plus [insert brand name] must come in direct contact with mold [and] [mildew] to be effective.]

When water damage is suspected, first [eliminate] [correct] the water source. Next, remove excess water and dry surfaces thoroughly. [This product] [Concrobium Mold Control Plus] [insert brand name] can be used on materials removed for disposal. If excess water is removed within 24 hours and hard, non-porous surfaces, untreated wood, or fabrics<sup>3</sup> are thoroughly dried, spraying affected surfaces with Concrobium Mold Control Plus [insert brand name] [this product] will [inhibit<sup>1</sup>] [prevent<sup>1</sup>] [mold] growth. [Structural members and/or contents] [Building materials] exposed to water in excess of 24 hours may have extensive microbial growth that is not visible. Prepare a complete assessment and remediation plan to incorporate the use of Concrobium Mold Control Plus [insert brand name] [this product].

Consult the following websites for remediation guidance.

#### **Recommended Mold and Mildew Remediation Websites**

- IAQA – Indoor Air Quality Association ([www.iaqa.org](http://www.iaqa.org))
- EPA – Environmental Protection Agency ([www.epa.gov](http://www.epa.gov))
- New York City “Guidelines on Assessment and Remediation of Fungi in Indoor Environments” ([www.nyc.gov](http://www.nyc.gov))
- IICRC – Institute of Inspection, Cleaning and Restoration Certification ([www.iicrc.org](http://www.iicrc.org))
- [Concrobium – [www.concrobium.com](http://www.concrobium.com)]
- [Standard and Reference Guide for Professional Water Damage Restoration” (IICRC S500) published by the Institute of Inspection, Cleaning and Restoration Certification [([www.iicrc.org](http://www.iicrc.org))]

Refer to the Personal Protection Equipment (PPE) Requirements for Applicators section for the appropriate PPE to wear. [This section along with additional directions for use are contained on [inside] [fold out] [other appropriate reference] portion of labeling.]

#### **Small Areas – Total Surface Area Affected Less Than 30 Square Feet**

Areas of [mold] growth less than 30 square feet [(area of a single [drywall] [sheet] [wall panel])] can normally be remediated easily. [Apply [this product] Concrobium Mold Control Plus [insert brand name] to [retard] [stop] the [growth] [and] spread of fungal spores<sup>1</sup> until the area can be thoroughly cleaned and remediated]. [If] [ceiling tiles or other] [Contents] [with mold] [that] [are] [easily removable] [items] [and] [of nominal value] [are moldy], remove them, seal in a plastic bag and dispose with normal trash. If the surface is not easily [replaceable] [removable] [take the following steps]:

---

Note: Bracketed [ ] information is optional text. Text separated by a comma(,)denotes–and/or-options. {Bracketed Text}is for administrative purposes only and will not appear on the printed label.

{numbering of steps is optional}

[1)] Remove soil [with a commercial style HEPA vacuum]. [Clean surface with Concrobium Mold Control Plus [*insert brand name*] [this product].] [For best results, [and to avoid possible interference from other chemicals,] use Concrobium Mold Control Plus [*insert brand name*] [this product] for initial cleaning.] [Use a cleaning tool (cloth, cleaning pad) suitable for the surface being cleaned.] Remove as much dirt and mold as possible and ensure surface is thoroughly dried. [Remove as much dirt and mold as possible. Ensure surface is thoroughly dried prior to application.]

[In some cases, staining may be irreversible.] [[Do not expect] Concrobium Mold Control Plus [*insert brand name*] [this product] [to] [will not] [remove] [whiten] stains [on contact].]

[2)] Refer to the Preventative Treatment section for application.

{*The following steps may be inserted in place of step 2*}

[2)] Apply [product] [Concrobium Mold Control Plus [*insert brand name*]] on area until evenly wet.

[3)] [[If desired] [If dry time] [If water staining] [is a] [potential] [concern] [To promote drying] [and] [to] [avoid residue marks], [use a] [clean cloth] [or] [paper towel] [dampened with Concrobium Mold Control Plus [*insert brand name*] [product]] [to] [wipe off excess wetness.][with a clean cloth or paper towel.]

[4)] Allow treated surfaces to dry completely. [The product generally dries within 2 hours and may take up to 24 hours depending on surface absorbency, temperature and [drying] conditions.] [If treated surfaces are to be cleaned or painted, allow Concrobium Mold Control Plus [*insert brand name*] [product] to work for 7 days.]

[[5)] [If treated surfaces are to be [cleaned] [and] [/] [or] [painted], allow Concrobium Mold Control Plus [*insert brand name*] [product] to work for 7 days.]]

### **Large Areas – Total Surface Area Affected Greater Than 30 Square Feet**

Areas larger than 30 square feet require special procedures and individuals trained in remediation. Refer to the recommended websites for guidelines on remediation [or consult a mold remediation [professional] [specialist] [technician] [company]. Before using [this product] Concrobium Mold Control Plus [*insert brand name*] to mitigate large areas, you should understand one or more of these guidelines. Follow these guidelines to apply [this product] [Concrobium Mold Control Plus [*insert brand name*]].

When water damage is suspected, first find the source of water and eliminate it. [Next,] Remove excess water and ensure surfaces are thoroughly dried {or} [and thoroughly dry surfaces [to below 20% moisture content]]. See IICRCS500 (Recommended Websites) for guidance on water removal. If excess water is removed within 24 hours and surface thoroughly dried, spraying affected surfaces with Concrobium Mold Control Plus [*insert brand name*] [this product] will [inhibit<sup>1</sup>] [prevent<sup>1</sup>] [mold] growth.

Hard, non-porous [untreated wood] [or] [fabric] [Structural members and/or contents] [Building materials] [Surfaces] [and/or] [Items] exposed to water in excess of 24 hours may have extensive microbial growth that is not visible. Prepare a complete assessment and remediation plan to incorporate Concrobium Mold Control Plus [*insert brand name*] use, provide for user and occupant safety and document and monitor the remediation process. Concrobium Mold Control Plus [*insert brand name*] can be used on materials removed for disposal and in other applications where antimicrobial use is indicated. If you are not experienced in preparing and executing such a plan, contact Rust-Oleum Corporation Customer Service at (866) 811-4148 [for assistance].

### **REAPPLICATION**

Reapply [weekly] when growth or odor reappears. Determine and correct the cause of re-growth and ensure the hard, non-porous surface [untreated wood] [or fabric<sup>3</sup>] has been thoroughly dried before reapplication. Reapply [[product] [Concrobium Mold Control Plus [*insert brand name*]] if surfaces [or fabrics<sup>3</sup>] are washed [cleaned] [or] [painted] [after initial application] [to maintain the protective [barrier] [shield] [film].

Reapply weekly on hard, non-porous and untreated wood and monthly [every 28 days] on fabrics<sup>3</sup>, or whenever [new growth] [mildew] [mold] [regrowth] appears.

### **PERSONAL PROTECTION EQUIPMENT REQUIREMENTS FOR APPLICATORS**

[For areas less than 30 sq. feet,] an N-95 respirator, gloves and goggles/eye protection are recommended to avoid mold or mold spore exposure. [For areas greater than 30 sq. feet, use an N-95 respirator or half-face respirator with HEPA filter, disposable overalls, gloves and goggles/eye protection.]

#### **To Disinfect [and] [, Kill Fungi [& Mildew]]:**

{numbering of steps is optional}

[1] Clean surfaces.

[2] From a distance of 6-8", spray product on hard, non-porous surfaces until thoroughly wet. Allow to remain wet for 10 minutes.

[3] [Wipes surfaces] [and] [or] [allow to air dry].

*{For sizes 1 gallon or less}*

#### **STORAGE AND DISPOSAL**

Store in original container in areas inaccessible to small children. Keep securely closed. Nonrefillable container. Do not reuse or refill this container. Rinse thoroughly. Offer for recycling if available or [wrap and] discard in trash. [If product freezes, allow to thaw [out] at room temperature.]

*{For sizes over 1 gallon}*

#### **STORAGE AND DISPOSAL:**

Do not contaminate water, food or feed by storage or disposal. [If product freezes, allow to thaw [out] at room temperature.]

**PESTICIDE STORAGE:** Store in original container in areas inaccessible to small children. Keep securely closed.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. For more information on the disposal of unused, unwanted product and the clean up of spills, contact the EPA Regional Office or the Manufacturer for guidance.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill; or incinerate, or, if allowed by state and local authorities, burn. If burned, stay out of smoke.

*{for containers of 5 gallons or 50 lbs. or more}*

#### **ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting agency has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

## **PRECAUTIONARY STATEMENTS**

### **Hazards to Humans and Domestic Animals**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear goggles or safety glasses, gloves and protective clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

{For use only with “Bag On Valve” configuration}

### **PHYSICAL AND CHEMICAL HAZARDS**

Contents under pressure. Keep away from heat, sparks and open flame.

Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

### **FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies, call the poison control center at 1-800-222-1222.

{Graphic options of approved use sites and claims}

{Secondary container label for use if contents of 1 gallon (or larger) label are placed in smaller containers}
