Office of Pesticide Programs Antimicrobials Division (7510C) 1200 Pennsylvania Avenue NW Washington, D.C. 20460

NOTICE OF PESTICIDE:

x Registration

Reregistration

EPA	Reg.
Num	ber:

Date of Issuance:

82771-1

January 4, 2007

Term of Issuance:

Unconditional

Name of Pesticide Product:

King Pine Brand Disinfectant

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Saba Chemical Corporation 18 Stewart Street Brooklyn, NY 11207

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
- 2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration Number 82771-1".

Signature of Approving Official:

Date:

Adam Heyward

Product Manager Team-34

Regulatory Management Branch II Antimicrobials Division (7510P) January 4, 2007

- b. Delete the claim for "Dog Bath" from the label. If you want to keep this claim, the label must revise in accordance with PR Notice 96-6, section IV. In addition, appropriate directions for use on domestic animals such as cats and dogs must be provided on the label.
- c. The establishment number(s) must be listed on the label.
- 3. Submit three (3) copies of the final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward Product Manager 34

\*Effective against specific gram-negative household bacteria, such as those causing Salmonellosis (food poisoning) This product is a [concentrated] heavy duty cleaner, disinfectant\* and deodorizer; leaves a long-lasting flasting fresh] smell.

Cleans

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Disinfect, Clean and Deodorize Hard, Non-Porous Surfaces in One Operation: Use a mop, sponge or brush to apply a solution of 1/4 cup [2 oz.] disinfectant to one gallon of water for moderately soiled surfaces such as floors, tubs, toilet seats and exterior surfaces, sinks, locker rooms, walls, pet quarters and garbage cans, maintaining a thoroughly wet surface for 10 minutes. Mix fresh solution before each use; no rinsing necessary except on rubber or asphalt tile and on food contact surfaces. Heavily soiled surfaces must be pre-cleaned first, followed by a second application using directions above to disinfect. Use full strength for cutting grease, crayon, old wax or other heavy-duty cleaning jobs; rinse immediately. Laundry: Use full strength on heavily soiled areas such as collars, cuffs and grease stains. Rub in well and use 1/2 cup [4] oz.] in washer along with regular detergent as a cleaning booster and deodorizer.

Pre-Soaking: To kill odor-causing bacteria, use 1/2 cup [4 oz.] per gallon of water for diapers, baby crothes and bedding. Dog Bath: Use 3 tablespoons per gallon of water.

(For product packaged in containers one gallon or less:)

### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep container closed when not in use. Store in a cool, dry (preferably locked) place inaccessible to children and pets, and away from heat or open flame. Disposal: Do not reuse empty container; wrap and put in trash.

01/04/07

(For product packaged in containers greater than one gallon:)

#### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Keep container closed when not in use. Do not store near heat or open flame. **Pesticide Disposal:** Do not clean equipment or dispose of equipment wastewaters in a manner that will contaminate water resources. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Triple rinse (or equivalent) then offer for recycling or reconditioning; or puncture and dispose of in a sanitary landfill; or incineration; or if allowed by state and local authorities, by burning (if burned stay out of smoke).

# PRECAUTIONARY STATEMENTS Hazards to Humans & Domestic Animals DANGER
