RE: Notification for Alternate Brand Name change to "HayFresh"  
EPA Registration Number: 82808-2  
Date of Submission: Fax copy June 22, 2007

Dear Mr. DeMarco:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated fax copy June 22, 2007 for the product HayGuard. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in black ink, appearing to be "Linda Arrington".

Re: Name change of registered pesticide

Joyce,

Enclosed is the application for the name change of "HayGuard" 82808-2, to "HayFresh".

This is the only change which is being made, product formulation, method of manufacturing, etc., are all staying unchanged.

Thanks,

A handwritten signature in cursive script that reads "R J DeMarco".

Robert J. DeMarco

President

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. HayFresh is a preservative for hay that is baled at 16% to 30% moisture. It can be used on alfalfa, bermuda grass, blue grass, broome grass, clover, cowpea hay, fescue, lespedeza, lupines, orchard grass, peanut hay, peavine hay, rye grass, soybean hay, sudan grass, timothy, and vetch. When used in accordance with label directions, it will prevent the growth of mold in the hay and the related heating, discoloration, and loss of feed value.

FOR USE ON HAY: Spray HayFresh on the hay as it is fed into the baler using the application rates below:

Small Square & Large Round Balers			Large Square Balers	
Hay Moisture	Stem Moisture	Dew Moisture	Stem Moisture	Dew Moisture
16%-22%	4 lb / ton	2 lb / ton	6 lb / ton	3 lb / ton
22%-26%	8 lb / ton	6 lb / ton	10 lb / ton	8 lb / ton
27%-30%	16 lb / ton	12 lb / ton	do not bale	16 lb / ton

*not recommended for hay above 30% moisture*

1. Avoid baling if the windrow moisture level exceeds 30 percent.
2. Always check the hay moisture level before baling high moisture hay.
3. For rained-on hay or poorly ventilated storage, increase the application rate by 4-5 lb/ton.
4. Make sure that the spray nozzle's openings and placement are such that good coverage is obtained.
5. Make sure that the storage area for the baled hay is well ventilated.
6. Do not store untreated dry hay on top of treated wet hay.

## HAYFRESH PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER.** Causes irreversible eye damage. Do not get in eyes. Wear protective eyewear (goggles, face shield, or safety glasses). Harmful if swallowed or absorbed through skin. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Wear chemical resistant gloves, chemical resistant aprons, chemical-resistant footwear, and goggles or face shield when loading application equipment unless a closed loading system is used. Avoid working near high concentrations of spray or mist vapor. Use with adequate ventilation.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Seal tightly. Do not store in direct sunlight.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
