U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

APR 13 2006

82958-1

Term of Issuance:

Conditional

Name of Pesticide Product:

E-Z Seal Plus

NOTICE OF PESTICIDE:

 Registration Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pitney Bowes, Inc.
1 Elmcroft Road
Stamford, CT 06926-0700

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No.82958-1".
 - b. On page 2, there are several claims that refer to this product's effectiveness against microbial contaminants, microorganisms, microbial growth, and bacteria. Since this product does not have efficacy data to support public health organisms, the generic claims must be revised so that it is clear this product is a non public health pesticide. Revise the following claims to read:

2/6

1. Fast Acting against *odor, stain, and/or corrosion causing* microbial contaminants associated with sealing system.
 2. Inhibits the growth of *odor, stain, and/or corrosion causing* bacteria and molds in sealing system.
 3. Effectively inhibits (prevents) the growth of *odor, stain, and/or corrosion causing* bacteria.
 4. E-Z Seal Plus will eliminate and even prevent growth of *odor, stain, and/or corrosion causing* microbial contaminants-water will not.
 5. E-Z Seal Plus helps prevent *odor, stain, and/or corrosion causing* bacteria and algae build-up that can clog and jam your sealing system and cause odors.
 6. Will help prevent build-up caused by *odor, stain, and/or corrosion causing* bacteria and fungi.
 7. Help eliminate *odor, stain, and/or corrosion causing* microbial growth and odors from your sealing system.
 8. Ensure that your sealing system doesn't clog due to impurities like mineral build up or *odor, stain, and/or corrosion causing* microbe build up, use E-Z Seal Plus.
 9. Untreated water can contain *odor, stain, and/or corrosion causing* microorganisms that will grow in the sealing system.
 10. Increases mailroom productivity by reducing downtime due to clogging or servicing by keeping the sealing system free of *odor, stain, and/or corrosion causing* microbial contaminants and algae build up.
- c. Delete the claim, Professional Grade, because it implies heightened efficacy according to PR Notice 93-6.

3. Acute Toxicity

The submitted acute toxicology studies are acceptable.
