Subject: Vital Technologies
Vital Oxide
EPA Registration No. 82972-1
Submissions Dated: 10/31/06 and 12/5/06
Receipt Date: 11/06/06 and 12/13/06

Dear Ms. Laird:

The following amendment submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended to update the First Aid section, is accepted with comments.

1. You must add the following statement to the First Aid section: Have product container or label with you when calling a poison control center or doctor, or going for treatment.
2. Make the word lens plural in the First Aid statement.

General Comments

A stamped copy of the labeling is enclosed. Submit one copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please call Wanda Henson at (703) 308-6345.

Sincerely,

Emily H. Mitchell

**Disinfects As It Cleans
Eliminates Odors • Fragrance Free**

VITAL-OXIDE provides broad-spectrum disinfectant efficacy, mold & mildew prevention, and odor elimination.

A FEW SUGGESTED USES: For disinfecting hard surfaces such as glass, laminate, chrome, stainless steel, polyurethane coated hardwood floors, glazed ceramic tile, sealed concrete & linoleum floors. Use as a mold & mildewstat on hard surfaces such as tile, and porous surfaces such as fabric.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Shake well before using. Test fabric for color fastness. Contains a dilute oxidizing agent. Do not mix with vinegar or acetic cleaners.

Pre-cleaning Instructions: Remove gross filth and heavy soil by cleaning. Spray product straight onto soils, scrub and wipe clean with a dry paper towel or cloth. For cleaning floors add one cup VITAL-OXIDE per gallon of water in bucket and clean with sponge, mop or pad.

To Disinfect Hard Non-porous Surfaces: Apply VITAL-OXIDE full strength to surface, wetting thoroughly with spray, sponge, mop, or by immersion in solution. Allow surfaces to remain wet for 10 minutes. For immersion replace solution daily, or more frequently if it becomes significantly soiled or diluted.

To Prevent Mold or Mildew on Floors, Walls, Ceilings & Fabric: Remove as much surface dirt, mold, or mildew as possible by cleaning. Then spray on VITAL-OXIDE from a distance of 12 inches until visibly wet and let air dry.

To Deodorize: VITAL-OXIDE works by oxidation, not by masking of odors. Eliminates odors caused by fire smoke, tobacco smoke, musty odors, stale-cooking odors. Simply spray, fog or wipe on full strength and let air dry to provide long lasting residual deodorizing action. When fogging apply 1 quart per 2000 cubic ft. following fogger manufacturers directions for use. VITAL-OXIDE must come into contact with the cause of the odor to be effective. For pet urine stains in carpet, blot urine as dry as possible then saturate stain with VITAL-OXIDE through carpet pad.

VITAL-OXIDE™

BROAD SPECTRUM DISINFECTANT ALL PURPOSE CLEANER

**Disinfects As It Cleans
KILLS 99.9% OF BACTERIA***

**MILDEWSTAT
MOLD & MILDEW REMOVER
PREVENTS MOLD & MILDEW ON
HARD SURFACES & FABRIC**
