DIRECTIONS FOR USE	
HOW TO APPLY	<ul style="list-style-type: none"> • Fill a bucket or watering can with 1 gallon of water. [For trees with circumference greater than 50', use 2 gallons of water.] • Shake the bottle of Enforce™ 1.47% FL well. • Remove the measuring cup. [Each marking inside is one ounce.] • Carefully measure required amount of product into bucket. • Slowly pour the solution evenly around the tree. For best results, pour as close to the TRUNK/main stem of the tree/shrub as possible. • Fill the bucket with clean water and pour it around the trunk as well.
FOR BEST RESULTS	<p>Use this product as part of an overall tree and shrub health care program before problems start [preferably in the fall]. However, Enforce™ 1.47% FL can be applied anytime except when the ground is waterlogged or frozen. These conditions inhibit the movement of the product down into the root zone.</p> <p>During prolonged dry periods [spells], water the tree/shrub well the night before making an application.</p> <p>For severe infestations, treat with a foliar insecticide labeled for use on ornamentals then use Enforce™ 1.47% FL as part of a routine care program.</p>
HOW Enforce™ 1.47% FL WORKS	<p>The insecticide dissolved in water moves down through the soil, where it is absorbed by the roots. Once absorbed, it moves up through the tree or shrub providing year-long insect protection. Enforce™ 1.47% FL even moves into new growth after application, thus protecting it, too. To get complete protection, the insecticide must distribute completely through the tree/shrub. Depending on the size and health of the plant, this may take one week to three months (for very large trees). Rain or water cannot wash off this internal protection.</p>

(NOTE: Application to trees heavily infested may not prevent their eventual loss due to existing pest damage and tree stress)

IMPORTANT- DIRECTIONS FOR STORAGE AND DISPOSAL
<p>Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet.</p> <p>IF EMPTY:</p> <ul style="list-style-type: none"> • Do not reuse container. • Place empty container in trash or offer for recycling if available. <p>IF PARTLY FILLED:</p> <ul style="list-style-type: none"> • Call your local solid waste agency for disposal instructions. • Never place unused product down any indoor or outdoor drain.
