- 3. Product Chemistry data requirements for the 830 Series Subgroup A and Subgroup B guidelines are satisfied, except for the one year storage stability study. Storage stability (830.6317) data are outstanding and must be submitted to satisfy the requirements of 40CFR 158.190. This study should be conducted on the treated garment under typical storage conditions.
- 4. Since the clothing apparel will be treated with permethrin before sewn into final clothing pieces the establishment that performs the final construction of the apparel is considered a pesticide manufacturer. Such establishments must either obtain their own registrations or be under contract with the basic registrant to manufacture the final apparel pieces. If there are clothing manufacturers or other establishments that will cut, sew, and label the final product under the Garnik registration number then they must be under contract with you to do this processing. They must also obtain EPA establishment numbers. You have also confirmed that no further apparel processing other than cutting and sewing the final apparel pieces will be performed.
- 5. Please note that a notice of availability of EPA's reregistration Eligibility document (RED) for products containing permentrin was Published in the FR on June 28, 2006 (Vol 71 no. 124 page 36788). Additional data and/or labeling changes may be required for products containing pyrmethrin.
- 6. Please submit (3) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(c). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

PRO-TEK 50 Fabric Treatment

This fabric [garment] has been treated with PRO-TEK 50 Fabric Treatment containing the insect repellent permethrin.

ACCEPTED with COMMENTS In EPA Letter Dated:

OCT 2 4 2006 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under, EPA Reg. No.

Repels Mosquitoes, Ticks, Ants, Flies, Chiggers and Midges Repellency remains effective through 25 washings

DO NOT DRYCLEAN

EPA Reg. No. 83122-XXX EPA Establishment No. XXXX-XX-XXX

Active Ingredient:	
Permethrin	0.52%
Other Ingredients:	<u>99.48%</u>
Total	100.00%

Manufactured by: Garnik Industries. 484 Brown's Cove Road Ridgeland, SC 29936

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not re-treat fabric [garment] with other permethrin insect repellent products. [For protection of exposed skin, use in conjunction with an insect repellent registered for direct application to skin.]

Wash separately [from other clothing]. Do not dry clean. Dry cleaning removes active ingredient.

Storage and Disposal Do not contaminate water, food or feed by storage or disposal. Disposal: Discard in trash. Do not reuse.

RETAIN THIS TAG FOR FUTURE REFERENCE ON PROPER HANDLING [OF THIS FABRIC [GARMENT]. THIS TAG NOT TO BE REMOVED EXCEPT BY CONSUMER..

Neither Garnik Industries nor any other insect protection product can guarantee complete protection from insects, insect bites, or related reactions or diseases.
