PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

Joseph A. Conti
Summit VetPharm
400 Kelby Street
Fort Lee, New Jersey 07024

MAY 9 2007

Dear Mr. Conti:

Subject: Labeling Amendment; General Changes
SVP3
EPA Registration No. 83399-2
Submission Date: May 3, 2007

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following provisions:

1. On page 2 of the label, revise the statements concerning use on cats to read:
DO NOT USE ON CATS
Due to their unique physiology and inability to metabolize certain compounds, this product must not be used on cats. If applied to a cat, or ingested by a cat that actively grooms a recently treated dog, this product may have serious harmful effects. If this occurs contact your veterinarian immediately.
2. Revise the label claim "SVP3 contains dinotefuran, a neonicotinoid insecticide with a fast knockdown, which is specific to the nervous system of insects" to read "SVP3 contains dinotefuran, a neonicotinoid insecticide which is specific to the nervous system of insects".

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the referenced label, incorporating the above changes, before releasing the product for shipment. If you have any questions regarding this letter, please contact Kable Bo Davis at (703) 306-0415.

Sincerely,

Venus Eagle

BACK PANEL OF OUTER BOX

READ ENTIRE LABEL BEFORE EACH USE

USE ONLY ON DOGS [OR] [AND] PUPPIES OVER THE AGE OF 7 WEEKS (OVER 7 WEEKS OLD) (7 WEEKS OF AGE OR OLDER)

DO NOT USE THIS PRODUCT ON CATS

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: Causes moderate eye irritation. Harmful if swallowed. Harmful if absorbed through skin. Remove and wash contaminated clothing before reuse. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only

Do not use on puppies less than 7 weeks old

Do not use this product on debilitated, aged, medicated, pregnant or nursing animals or animals known to be sensitive to pesticide products without first consulting a veterinarian. Sensitivities may occur after using ANY pesticide product for pets, such as slight transitory redness of the skin at the site of application. If signs of sensitivity occur, bathe your pet with mild soap or shampoo and rinse with large amounts of water. (If signs of individual animal sensitivity occur and persist, contact your veterinarian. Have the product container or label with you when calling (company) (or) your veterinarian for advice.)

DO NOT USE ON CATS

Due to their unique physiology and inability to metabolize certain compounds, **THIS PRODUCT SHOULD NOT BE USED ON CATS.** Accidental application to cats and/or grooming a recently treated dog, this product may result in tremors and/or uncoordinated muscle movements. If this occurs immediate veterinary care should be provided.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

NEXT DOSE STICKERS/ TREATMENT REMINDER CALENDAR

Prototype:

9/10

SVP3: EPA REGISTRATION No. 83399- 2
REVISED LABELING
Date: 5/4/07

NEXT DOSE STICKERS AND REMINDER CALENDAR

It can be hard to remember when your dog's due for its next dose of Product. So we developed these tools to help you keep track of every dose. When you use the last tube in this package, call your veterinarian to order more Product.

Attach these stickers to your wall calendar or day planner on the date you give the first dose of Product, and then place another sticker on the same date for each of the next two months.

To use the calendar, simply write in the dates you are planning to use Product. Then, peel off the backing and place it in a hard-to-miss location.
