Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) and (B) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Submit the following data:

One year storage stability (830.6317) and corrosion characteristics (830.6320) studies. These studies can be run concurrently. It is recommended that the observation must be made at 0, 3, 6, 9, and 12 months period and the results must be submitted to the Agency on completion. - b. Revise the Directions for Use as follows: "SVP10 is for use in the manufacture of SVP7, a dog spot-on product. SVP7 will require registration with the U.S. Environmental Protection Agency."
- c. Delete the following statements from Directions for Use: "Please consult technical literature for specific manufacturing suggestions. Mix before dispensing." The Agency has not reviewed the technical literature, and the statement about mixing before dispensing indicates an end-use which cannot be allowed on a manufacturing use product..
- d. Add a Note to Physician below the First Aid statement. Please refer to the acute toxicity review that was mailed to you on January 18 for the types of information that may be included, if applicable for the eye hazard.
- e. In the First Aid statement, move the last sentence starting with "Call a poison control center....." in the *If on skin* box to the box right below it.
- f. Revise the Storage and Disposal statement as indicated below:

Storage and Disposal

Do not contaminate water, food or feed by storage and disposal

Pesticide Storage: Keep pesticide in original container. Store in a cool, dry place. Protect from freezing.

Pesticide Disposal: Wastes resulting from this product may be disposed off at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Do not reuse container. Offer for recycling or reconditioning., or puncture and dispose in a sanitary landfill, or by other procedures approved by state and local authorities.

- g. Move the Environmental Hazard statement out of the Storage and Disposal box.
4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Rita Kumar
