	differing in substance from that accepted in connection with this registrate base label in commerce. In any correspondence on this product always refer		
	formation furnished by the registrant, the above I Insecticide, Fungicide, and Rodenticide Act (FII	1	ereby registered

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration/registration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
- 2. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, "EPA Reg. No. 83529-222."

3. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

• Basic CSF dated 05/09/2022

If you have any questions, please contact Jennifer Drobish at 202-566-2642 or at Drobish.jennifer@epa.gov.

[MASTER LABEL]

BOSCALID	GROUP	7	FUNGICIDE
PYRACLOSTROBIN	GROUP	11	FUNGICIDE

# Sharda Bos. 3.5% + Pyra. 1.75% ULV ABN: Parade ULV

[One can Treats up to 3,000 square feet]

For Use on Ornamentals in Commercial Greenhouses and Transportation Equipment (Trucks - Cargo Areas Only).

For Control of Alternaria, Botrytis, Cercospora, Cylindrocladium, [Downy Mildew], Myrothecium, Powdery Mildew, [Rhizoctonia], and Rust (Uromyces).

ACTIVE INGREDIENTS:	WT. BY %
Boscalid*: 3-pyridinecarboxamide, 2-chloro-N-(4'-chloro(1,1'-biphenyl)-2-yl)	3.50%
Pyraclostrobin*: carbamic acid, [2-[[[1-(4-chlorophenyl)-1H-pyrazol-3-yl]oxy]methyl]phenyl]methoxy-, methyl ester	1.75%
OTHER INGREDIENTS:	<u>94.75%</u>
TOTAL:	100.00%
*Contains 0.0000 lb. bassalid and 0.0022 lb. numelestrabin	

\*Contains 0.0066 lb. boscalid and 0.0033 lb. pyraclostrobin.

# KEEP OUT OF REACH OF CHILDREN CAUTION/PRECAUCION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you **DO NOT** understand this label, find someone to explain it to you in detail.)

	FIRST AID
IF SWALLOWED:	Call a poison control center or doctor immediately for treatment advice.
	<ul> <li>Have person sip a glass of water if able to swallow.</li> </ul>
	• <b>DO NOT</b> induce vomiting unless told to do so by a poison control center or doctor.
	• <b>DO NOT</b> give anything by mouth to an unconscious person.
IF ON SKIN OR	Take off contaminated clothing.
CLOTHING:	Rinse skin immediately with plenty of water for 15-20 minutes.
	Call a poison control center or doctor for treatment advice.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes.
	• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
	Call a poison control center or doctor for treatment advice.
	HOTLINE NUMBER

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information concerning this product, call your poison control center at **1-800-222-1222**.

#### EPA Reg. No. 83529-XXX

7217 Lancaster Pike, Suite A Hockessin, Delaware 19707

Manufactured for: SIL Sharda USA LLC

Net Contents: \_\_\_\_\_ [Lbs./Kg.]

EPA Est. No. XXXXX-XX-XXX

# PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION.** Harmful if swallowed. Avoid contact with eyes, skin, or clothing. Causes moderate eye irritation. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

#### PERSONAL PROTECTIVE EQUIPMENT (PPE)

#### Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves (such as barrier laminate or butyl rubber, nitrile rubber, neoprene rubber or PVC or viton)
- Shoes plus socks
- Protective eyewear

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washing exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

#### Users should:

### USER SAFETY RECOMMENDATIONS

- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

#### **ENVIRONMENTAL HAZARDS**

This product may be toxic to bees exposed to direct treatment or residues from blooming plants.

# **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Container contents must be at room temperature before use; therefore, cans must be stored at room temperature (above 65°F) for 24 hours before application. Container must be elevated so that the top of the can is above the top of plant canopy and clear a 6-foot area around the can. In order to obtain maximum distribution of fog, spray must be unobstructed by foliage or other physical objects.

**Notice:** When conditions that would harm plant foliage or flowers might be created by tightly closing greenhouses, good greenhouse management must overrule the use of this product. **DO NOT** use this product in greenhouses with unvented or defective gas heating systems or when open combustion exists.

#### AGRICULTURAL USE REQUIREMENTS

**DO NOT** apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

**DO NOT** enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours with no ventilation.

Alternatively, you may ventilate the treated areas after 4 hours per 40 CFR 170.110(c)(3) until after:

- 10 air exchanges are completed; or
- 4 hours of ventilation using vents, windows, or other passive ventilation; or
- 2 hours of ventilation using fans or other mechanical ventilating systems.

Using one of these ventilation methods is equivalent to the REI of 12 hours with no ventilation, and no PPE is required after this time.

Early entry to treated areas is permissible after 4 hours (per 40 CFR 170.112) to perform short-term activities, including ventilation procedures, provided personal protective equipment is worn. PPE required for early entry to treated areas that is permitted under the WPS and that involves contact with anything that has been treated, including plants, soil, or water, is:

- Coveralls
- Chemical-resistant gloves, including barrier laminate or butyl rubber
- Shoes plus socks
- Protective eyewear

#### **Use Sites**

#### **APPLICATION INSTRUCTIONS**

**Ornamentals in Commercial Greenhouses and Trucks (Cargo Areas Only) including:** Bedding plants, Cut flowers, Flowering hanging baskets, Foliage plants, Potted flowering plants, and Perennials.

#### **Preapplication Directions**

As part of a preventative disease management program apply prior to disease development. Container must be elevated so that the top of the can is above the top of plant canopy and clear a 6-foot area around the can. All exhaust fans must be shut off and all windows, doors, and vents closed. **DO NOT** place cans within 10 horizontal feet of any ignition source including pilot lights, other open flames, or running electrical appliances that cycle off and on. Use when foliage is dry and temperature is between 60°F - 80°F. Crop injury may result if applied at lower or higher temperatures. Run a small-scale test and observe for plant damage and performance prior to a full-scale application. See **Plant Safety Information** for more details.

#### **Total Release Dosage**

Apply 2 cans per 3,000 square feet when using to control Cercospora. Ensure good air movement prior to application and position plants to ensure coverage of tops and bottoms of leaves when using to control Rust. Apply 1 can per 3,000 square feet to control all other listed diseases. Reapplications can be made at 7-day intervals. To maintain good resistance management practices, **DO NOT** make more than 2 consecutive applications of this product before alternating to a labeled fungicide with a different mode of action for at least 1 application. This product is fungicide class **Group 7** (boscalid) and **Group 11** (pyraclostrobin). Use up to 4 times per crop. Up to 10 cans per 3,000 square feet is permitted per year.

#### To Activate Cans

Start with can farthest away from exit door. Tilt can away from face during activation. Activate each can by pressing tab down and locking it. Leave greenhouse immediately. The entire contents will release automatically.

#### **Plant Safety Information**

This product has been used on a variety of common ornamental plants without observed plant injury. Not all species, varieties, and cultivars have been tested for tolerance to this product, possible space mix combinations with this product, or pesticide treatments preceding or following treatments made with this product. Local conditions can also influence plant tolerance and may not match those under which Sharda USA LLC has conducted testing. The grower must recognize differences and test the product accordingly because many cultivars within a plant species vary in tolerance to chemical applications and growing conditions. At a minimum, always test a small group of representative plants for tolerance to this product under local growing conditions and prior to large-scale use. Refer to the below **Plant Species NOT Tolerant to Sharda Bos. 3.5% + Pyra. 1.75% ULV** table for the list of plants known to be sensitive to this product.

Responsibility is assumed by grower for testing species suitability under local growing conditions by treating a small number of plants at the specified rate. At a minimum, this must include evaluating treated plants for several weeks following treatment for possible injury or other effects. To the extent consistent with applicable law, by applying this product, the user assumes responsibility for any crop damage or other liability associated with factors beyond the manufacturer's control, including weather, presence of other materials, and manner or use of application.

#### Precautions

• This product has occasionally shown **discoloration on open flowers and plants** following application to **Petunias and Impatiens**. Make sure you have tested plants prior to release of this product on a large scale.

#### Restrictions

- **DO NOT** apply to plants exhibiting symptoms of stress or injury including abnormal growth, stunting, wilting, leaf burn or drop.
- DO NOT expose the varieties or species in the below Plant Species NOT Tolerant to Sharda Bos. 3.5% + Pyra. 1.75% ULV table to this product.

Common Name	Scientific Name
Gerbera	Gerbera spp.
Pansy	Viola spp.
Ninebark	Physocarpus opulifolius
Wintercreeper	Euonymus fortunei 'Vegetus'

#### Plant Species NOT Tolerant to Sharda Bos. 3.5% + Pyra. 1.75% ULV

## STORAGE AND DISPOSAL

**DO NOT** contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool area away from heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

#### **CONTAINER HANDLING:**

**DO NOT** puncture or incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

#### CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Sharda USA LLC or Seller. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Sharda USA LLC and Seller harmless for any claims relating to such factors.

Sharda USA LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under conditions not reasonably foreseeable to or beyond the control of Seller or Sharda USA LLC and Buyer and User assume the risk of any such use. To the extent consistent with applicable law, SHARDA USA LLC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, neither Sharda USA LLC nor Seller shall be liable for any incidental, consequential, or special damages resulting from the use or handling of this product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF SHARDA USA LLC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF SHARDA USA LLC OR SELLER, THE REPLACEMENT OF THE PRODUCT.

Sharda USA LLC and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Sharda USA LLC.
