

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505T)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

83529-262

Date of Issuance:

8/20/26

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Sharda Indoxacarb 0.05% Ant Gel

Name and Address of Registrant (include ZIP Code):

Sharda USA LLC
c/o Wagner Regulatory Associates, Inc.
P.O. Box 640
Hockessin, DE 19707

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. Submit one copy of the final printed label for the record before you release the product for shipment.

Signature of Approving Official:

Tamica Cain, Product Manager 10
Invertebrate & Vertebrate Branch 2
Registration Division (7505T)

Date:

8/20/26

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF:

- Basic CSF dated 11/07/2022

If you have any questions, please contact David Gardner at (202) 566-2677 or at gardner.david@epa.gov.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION - Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

USER SAFETY RECOMMENDATIONS

Users should: Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Environmental Hazards

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 24 hours. Rinsing application equipment over the treated area will help avoid runoff to water bodies or drainage systems. Do not apply to any impervious surfaces which may contact or lead directly to surface water, storm drains, or urban runoff conveyance systems (gutters).

Physical and Chemical Hazards

Do not use this product in or on electrical equipment where a possibility of shock hazard exists.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PRODUCT INFORMATION

Sharda Indoxacarb 0.05% Ant Gel is formulated to be attractive to major pest species of listed ants* such as Acrobat, Argentine, Big-headed, Cornfield, Crazy, Field, Ghost, Honey, Little black, Odorous house, Pavement, Pyramid, Rover, Thief, and White-footed ants.

Sharda Indoxacarb 0.05% Ant Gel contains the active ingredient, indoxacarb, a non-repellent insecticide. Use of **Sharda Indoxacarb 0.05% Ant Gel** will help eliminate listed ants* within days of applying the gel according to the use directions. For complete control of outdoor nests of listed ant* species, use additional treatments labeled for outdoor nest control of these species.

*Excludes carpenter, pharaoh, harvester and red imported fire ants.

INSECT RESISTANCE MANAGEMENT

For insect resistance management. **Sharda Indoxacarb 0.05% Ant Gel** contains a Group 22 insecticide. Any insect population may contain individuals naturally resistant to **Sharda Indoxacarb 0.05% Ant Gel** and other Group 22 insecticides. The resistant individuals may dominate the insect population if this group of insecticides are used repeatedly in the same treated areas. Appropriate resistance-management strategies should be followed. To delay insecticide resistance, take the following steps:

- Rotate the use of **Sharda Indoxacarb 0.05% Ant Gel** or other Group 22 insecticides with different groups that control the same pests.
- Adopt an integrated pest management program for insecticide use that includes scouting, uses historical information related to pesticide use, record keeping, and which considers cultural, biological, and other chemical control practices.
- Monitor after application for unexpected target pest survival. If the level of survival suggests the presence of resistance, consult with your local university specialist or certified pest control advisor.

Contact your local [Sharda USA LLC] sales representative, retailer, or extension specialist for any additional pesticide resistance-management and/or IPM recommendations for the specific site and

pest problems in your area. For further information or to report suspected resistance, contact [Sharda USA LLC at www.shardausa.com][insert company name and number].

Responsible pest control product stewardship practice is encouraged when using this product to support long-term control of the ant pest species listed on this label.

Use Instructions and Precautions:

Sharda Indoxacarb 0.05% Ant Gel can be used indoors or outdoors applied as a crack and crevice or spot treatment in single and multi-family residential homes, institutional, commercial and industrial facilities (including schools, warehouses, apartments, supermarkets, restaurants, motels, hotels, hospitals, nursing homes, offices, zoos, retail establishments, food handling/storage establishments), transportation equipment such as aircraft, trains, ships, boats, and buses, and other similar sites where ant* infestations are a problem.

DO NOT treat areas that are easily accessible to children and pets.

Precautions:

- Avoid applying **Sharda Indoxacarb 0.05% Ant Gel** to surface areas recently treated with residual sprays.
- Avoid applying residual sprays to surface areas recently treated with **Sharda Indoxacarb 0.05% Ant Gel**.
- Inspect applications periodically for consumption/activity and apply additional bait as needed.
- Refillable Bait Stations: **Sharda Indoxacarb 0.05% Ant Gel** may be used in commercially available refillable bait stations designed for interior and/or exterior or perimeter insect pest control. If the refillable bait station is not equipped with a sticker to identify the contents, apply a sticker either on the interior or exterior of the device. For best results, position refillable bait stations near ant trails, nest sites, or where listed ants* are known to actively forage. Regularly inspect each refillable bait stations and replace with **Sharda Indoxacarb 0.05% Ant Gel** as needed for continual control of listed ants*.

Restrictions:

- **Do not** apply to surfaces that food contacts.
- **Do not** allow open foods to contact gel material.

Treatment Rates for All Uses

- Apply **Sharda Indoxacarb 0.05% Ant Gel** as spots of gel or small lines of gel.
- Placements of spots or lines of **Sharda Indoxacarb 0.05% Ant Gel** should be to active foraging trails, nest sites, or to areas known to be active.
- Apply 0.1 to 1 gram spots of **Sharda Indoxacarb 0.05% Ant Gel** or approximately 1/4" in diameter spots.
- Apply lines of **Sharda Indoxacarb 0.05% Ant Gel** of approximately 1/8" wide and 2" long; up to 3" long for highly active foraging trails.
- Apply as many placements of **Sharda Indoxacarb 0.05% Ant Gel** as possible to active foraging areas without disrupting the natural foraging behavior of ants*.
- If **Sharda Indoxacarb 0.05% Ant Gel** is used in refillable bait stations apply an amount of the gel that does not exceed the capacity of the refillable bait station's bait reservoir.

*Excludes carpenter, pharaoh, harvester and red imported fire ants.

Examples of Sharda Indoxacarb 0.05% Ant Gel Placement Amounts

Figure 1: Line of gel approximately 1/8" x 2"

Figure 2: Spot of gel approximately 0.1 g

Figure 3: Spot of gel approximately 1g

Use Directions: Indoor Sites

- Inspect infested areas carefully to determine overall infestation levels, locations of foraging, nesting areas, and most appropriate application points.
- Indoor applications include cracks and crevices along walls or floors, behind or under equipment or appliances, under tables, within framing of tables or furniture, around sinks, within or near garbage collection areas, attics, crawl spaces, and cracks and crevices in cabinets.
- Inspect **Sharda Indoxacarb 0.05% Ant Gel** placements periodically for consumption or attractiveness and reapply as needed.

Non-food/Non-feed Handling Areas:

Sharda Indoxacarb 0.05% Ant Gel is designed for use as a spot or crack and crevice treatment to control listed ants* in residential structures and the non-food /non-feed areas of commercial, industrial, public and institutional buildings/structures, including restaurants, warehouses, food processing plants, supermarkets, hospitals, nursing homes, motels, hotels, schools, laboratories, computer facilities, aircraft, buses, boats/ships, trains, pet shops and zoos.

Non-food/non-feed areas include areas such as garbage rooms, lavatories, floor drains (to sewers), entries, and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after bottling or canning). Refer to section below for use directions and restrictions when making applications in food/feed handling areas of Food/Feed Handling Establishments.

Food/Feed Handling Areas:

Application to food/feed areas of food/feed handling establishments may only be made as a crack and crevice treatment. Apply **Sharda Indoxacarb 0.05% Ant Gel** directly into cracks and crevices by placing the bait dispenser tip approximately 1/2 inch into cracks, crevices, holes and similar openings where ants* are found or are entering. Food and feed handling areas include areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas are also considered a food/feed area when food is exposed and facility is in operation.

- **DO NOT** apply **Sharda Indoxacarb 0.05% Ant Gel** to areas where food/feed, food utensils or food processing surfaces may come into contact and become contaminated.
- **DO NOT** apply **Sharda Indoxacarb 0.05% Ant Gel** to areas that are routinely washed such as cracks and crevices in tops of tables, food/feed preparation and prepared food-holding surfaces as bait could be removed by the washing.
- **DO NOT** apply **Sharda Indoxacarb 0.05% Ant Gel** to surfaces where the temperature exceeds 120-130° F because this could cause the bait to liquefy and lose effectiveness. Examples include, but are not limited to, parts of stoves, ovens, grills, fume hoods, saunas, heat lamps, coffee urns, steam tables, toasters, fryers, dishwashers, and hot water pipes.
- Use good application practice to avoid movement of **Sharda Indoxacarb 0.05% Ant Gel** to exposed surfaces used for food preparation.
- If **Sharda Indoxacarb 0.05% Ant Gel** contacts an exposed surface, first remove as much of the gel bait as possible, then wash with soap and water.

*Excludes carpenter, pharaoh, harvester and red imported fire ants

Use Directions: Outdoor Sites

- A thorough inspection around a structure may reveal areas where ants* are gaining access to the structure. Once access points are identified, take steps to remove the access.
- Apply **Sharda Indoxacarb 0.05% Ant Gel** as a spot or thin bead (see above) to pest entry sites such as along windows, doors, between construction elements, sewer areas, adjacent trees which harbor ants*, along walls, garbage holding areas, or suitable placement site acting as an ant harborage.
- Make **Sharda Indoxacarb 0.05% Ant Gel** placements to reduce the potential of subsequent

human contact.

- Inspect **Sharda Indoxacarb 0.05% Ant Gel** placements periodically and apply fresh ant gel as needed.
- High temperatures may affect the consistency of the gel after placement, so inspect to determine if additional gel is needed.

*Excludes carpenter, pharaoh, harvester and red imported fire ants.

STORAGE AND DISPOSAL

DO NOT contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store containers of the gel in cool, dry places that are inaccessible to children and pets.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable Container - Do not reuse or refill this container. Offer for recycling if available. Place empty bait dispensers in trash. If partially filled, wrap in newspaper and discard in trash or call your local solid waste authority for disposal instructions.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Sharda USA LLC or Seller. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Sharda USA LLC and Seller harmless for any claims relating to such factors.

Sharda USA LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under conditions not reasonably foreseeable to or beyond the control of Seller or Sharda USA LLC and Buyer and User assume the risk of any such use. To the extent consistent with applicable law, SHARDA USA LLC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, neither Sharda USA LLC nor Seller shall be liable for any incidental, consequential, or special damages resulting from the use or handling of this product. **TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF SHARDA USA LLC AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF SHARDA USA LLC OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

Sharda USA LLC and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Sharda USA LLC.
