U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
83795-1

Date of Issuance:
AUG 13 2007

Term of Issuance:
Conditional

Name of Pesticide Product:
1- Shot Aircraft
Insecticide

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(Under FIFRA as amended)

Callington Haven Pty Ltd
30 South Street
Rydalmere NSW 2116
Australia

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. You will make the following label changes before you release the product for shipment:

a. Revise the EPA Registration Number to read "EPA Registration Number 83795-1."

b. Delete "World Health Organization approved formulation for the disinsection of aircraft". This product is for localized treatment in the cargo areas of aircraft.

EPA Reg. No. 83795-1

c. Replace the Precautionary Statement section with "Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco."

d. Add "only" to the bullet "aerosol insecticide for cargo holds only."

e. No rate of application is given per cubic feet. Revise the Directions for Use as follows: "For use on aircraft (cargo storage areas only): For control of insect pests that may have entered cargo hold including flying and crawling insects (including mosquitoes, flies and cockroaches). Suitable for use in all types of aircraft. The aerosol can be sprayed into the cargo hold manually or automatically using aircraft mounted equipment. Ensure the spray pattern is not obstructed by any cargo. Use while the aircraft is empty of passengers and on the ground prior to take off and after landing. Before takeoff and after loading of all cargo is complete close all doors, hatches and ventilation openings. Turn off ventilation system. Apply (add ounces per cubic feet or number of cans per 1000 cubic feet). After system is complete open doors and hatches turn on ventilation system and ventilate for 30 minutes with fresh air prior to boarding the aircraft with passengers. After landing remove all passengers, close all doors, hatches and ventilation openings and reapply insecticide as instructed above."

ACUTE TOXICITY PROFILE

STUDY	CATEGORY	CLASSIFICATION
Acute Oral	III	Cited
Acute Dermal	III	Cited
Acute Inhalation	III	Cited
Eye Irritation	III	Cited
Dermal Irritation	IV	Cited
Dermal Sensitization	No	Cited

3. The storage stability/corrosion studies, guidelines 830.6317 and 830.6320, provided at 0, 1, 2 years for this product show that there was no significant reduction in purity of either permethrin or phenothrin. These data are acceptable for this specific end use. In the future, you must conduct these tests at 0, 3, 6, 9 and 12 months of simulated warehouse storage.

4. Please note that a notice of availability of EPA's registration eligibility document (RED) for product containing Permethrin was published in the FR on June 28, 2006 (Vol71 No. 124 page 36788). Additional data and/or labeling changes may be required for products containing Permethrin.

EPA Reg. No. 83795-1

5. Please submit two (2) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Attached is a copy of the product chemistry and acute toxicity.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

If on skin or clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If in eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of <i>Medical</i> emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-xxx-xxx-xxxx	

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals – CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wash hand thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use on aircraft: For control of insect pests that may have entered cargo hold including flying and crawling insects (including mosquitoes, flies and cockroaches). Suitable for use in all types of aircraft. The aerosol can be sprayed into the cargo hold manually or automatically using aircraft mounted equipment. Ensure the spray pattern is not obstructed by any cargo. If sprayed automatically, the hold should be treated after the loading door is closed at the last port of call. If operated manually, ensure the spray can is positioned to achieve dispersal throughout the cargo hold.

6/6

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Store in cool dry area, away from children.

Container Disposal: Do Not Puncture or Incinerate!

If empty: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE!). If recycling option is not available, discard in the trash.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

WARRANTY: Read the entire Directions for Use, Conditions, and Warranty before using this product. If terms are not acceptable, return the unopened product container at once. Buyer assumes all responsibility for safety and use not in accordance with directions.
