U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

EPA Reg. Number:

83893-2

Date of Issuance:

OCT 25 2007

Term of Issuance:

Conditional

Name of Pesticide Product:

Greenleaf Fertilizer with Weed
 Control

Name and Address of Registrant (include ZIP Code):

Greenleaf LLC
 13960 Palm Rd
 Neosho, MO
 64850

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided you agree in writing to

1. Move the First Aid section to the Front Panel of the label, directly after the signal word. Place the First Aid section in a box. Change the First Aid statements to "If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice."
2. Move the Hazards to Humans and Domestic Animals to the front panel of the label directly after the First Aid section. Change the Hazards to Humans and Domestic Animals section to "Causes eye irritation. Harmful if swallowed. Avoid contact with eyes, skin, or clothing."

3. Change the Environmental Hazards statements to "This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark except as noted on appropriate labels. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwaters or rinseate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater."
4. To the Storage and Disposal section change the heading "Storage" to "Pesticide Storage" and "Disposal" to "Pesticide Disposal". Place the Storage and Disposal section in a box.
5. To the Directions for Use section under a heading "General Precautions and Restrictions" add "Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until dusts have settled". Delete these statements from where they occur under the Precautionary Statements.

Signature of Approving Official:

Joanne Miller, Product Manager (23)
Herbicide Branch, Registration Division (7505P)

Date:

OCT 25 2007

EPA Form 8570-6

You will submit one copy of your final printed labeling before you release the product for shipment. A stamped copy of labeling is enclosed for your records. If you have any questions please contact Erik Kraft at 703-308-9358.

GREENLEAF LAWN FERTILIZER WITH WEED CONTROL

LEFT GUSSET-
GREENLEAF LAWN FERTILIZER WITH WEED CONTROL

5/7

BACK PANEL-

For southern lawns, use on bermudagrass, bahiagrass, tall fescue or zoysiagrass.

DO NOT USE ON ST. AUGUSTINEGRASS, FLORATAM, DICHONDRA, LIPPIA, CARPETGRASS OR BENTGRASS LAWNS.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For southern lawns, use on bermudagrass, bahiagrass, tall fescue or zoysiagrass.

Before You Apply

- Make sure that the grass is wet from dew or sprinkling before applying. (This helps particles adhere to weed leaves to produce best results.)
- Do not apply if rain is expected within 24 hours.
- Do not apply if day temperatures are regularly below 60° or above 90°F.
- Do not apply on St. Augustinegrass, floratam, dichondra, lippia, carpetgrass, or bentgrass.
- On bahia or centipedegrass lawns, wait until after the second mowing of the year, but NOT before mid-March.

When to Apply

- In fall, **DO NOT** treat centipedegrass after Oct. 1, no bahiagrass after Nov. 1.
- Apply on a calm day.
- This product applies 1.5 pounds of 2, 4-D per acre per application. Do not apply more than twice per year.
- Apply only to grass. Do not allow granules or dust to drift onto flowers, shrubs, fruit or vegetables.
- Grass should not touch the bottom of a drop spreader. Tall grass should be mowed a day or two before application.
- Delay application on newly seeded, sodded or sprigged areas until new grass has been mowed four times.

What to Avoid

- Do not water or mow lawn for at least 24 hours after application. (Granules must remain on weed leaves for 24 hours to be effective.)
- For maximum product effectiveness, keep people and animals off lawn after treatment.
- Do not seed, sod or plant grass sprigs until at least one month after using this product.

[Spreader Settings] [following spreader section is optional]

<p>[Spreading Tips] Apply header strips. Then apply product in longest direction of lawn. For best results, use a Scotts® spreader.</p>	<p>Covers 5,000 sq.ft.</p>
<p>Scotts Broadcast/Rotary Spreaders Each pass should be within 5 feet of each other to ensure an overlap. Scotts Basic™, Standard™, Deluxe™ EdgeGuard®, Lawn Pro™ or SpeedyGreen®</p>	<p>4 ½</p>
<p>Scotts Easy Green®</p>	<p>26 ½</p>
<p>Scotts Drop Spreaders Make sure spreader wheel completely overlaps previous wheel marks. Scotts AccuGreen®</p>	<p>6</p>

[End of optional section]

First Aid and Environmental Information

KEEP OUT OF REACH OF CHILDREN AND PETS

CAUTION

CAUSES EYE IRRITATION. HARMFUL IF SWALLOWED.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Avoid contact with eyes, skin or clothing. Wear long-sleeved shirt, long pants, socks, and shoes. After use, remove clothing and launder separately before reuse, wash hands and exposed skin thoroughly with soap and water.

Do not allow people (other than the applicator) or pets on treatment area during application or after treatment until dust (if any) has settled.

First Aid

- **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.
- **If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
- **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment.

Environmental Hazards

Do not apply when weather conditions favor drift from target areas. Drift or runoff may adversely affect non-target plants.

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

Storage and Disposal

- **STORAGE:** Store in a clean dry place. Reseal opened bag by folding top down and securing.
- **DISPOSAL:** If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Guaranteed Analysis

Greenleaf Lawn Fertilizer with Weed Control 26-3-12

Total nitrogen(N) 26%
 4.0% ammoniacal nitrogen
 0.8% water insoluble nitrogen

7/7

12.1% urea nitrogen
9.1% other water soluble nitrogen*
Available phosphate (P₂O₅) 3%
Soluble Potash (K₂O) 12%
Sulfur(S) 8%
8% combined sulfur(S)

Derived from: methyleneurea, ammonium phosphate,
potassium sulfate and ammonium sulfate.

*Contains 6.7% slowly available methylenediurea
and dimethylenetriurea nitrogen.
