U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

83893-13

Date of Issuance:

DEC 20 2007

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

**Greenleaf Lawn Fungus
Control**

Name and Address of Registrant (include ZIP Code):

**Greenleaf llc
P.O. Box 1700
848 Highway 264 East
Lowell, AR 72745**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following changes to the label:
 - a. Change the product registration number to "EPA Reg. No. 89893-13"
 - b. In the section "Maximum Application Rate" on page 2, change "...per bag, or applications at 3,700...." to "per bag, or 4 applications at 3,700...."
 - c. In the First Aid box
 1. under "If in eyes" change the comma to a period after "...20 minutes"
 2. use a real emergency response or poison control center phone number.
 - d. Change the address listed on page 4 of the label to the official mailing address on record with the Agency:

Greenleaf llc
P.O. Box 1700
848 Highway 264 East
Lowell, AR 72745

3. Submit one copy of the revised final printed label for the record before the product is released for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Mary L. Waller
Product Manager (21)
Fungicide Branch
Registration Division (7505P)

Enclosure: Label stamped "Accepted with Comments"

Greenleaf Lawn Fungus Control

Controls major lawn disease problems without fertilizer application
For home use only. Do not apply to sod farms.

- Controls brown patch, dollar spot, and other fungus diseases listed on back
- Suppresses fusarium blight, necrotic ring spot, and summer patch diseases

KEEP OUT OF REACH OF CHILDREN

CAUTION

See back for additional precautionary statements

Active Ingredient:

Thiophanate-methyl, Dimethyl 4,4-o-phenylenebis, (3-thioallophanate).....	2.30%
Inert Ingredients.....	97.70%
Total: 100.00%	

EPA Reg: 83893-XXX
EPA Est. No. 83893-MO-1

Net Weight: XXXX lbs (XXX Kg)
Made in the USA

Right Gusset: Greenleaf Lawn Fungus Control
Left Gusset: Greenleaf Lawn Fungus Control

Back Panel:

Controls the following turfgrass diseases:

- Anthracnose
- Brown patch
- Copper spot
- Dollar spot
- Pink patch (red thread)
- Stripe smut
- Leaf spot

Suppresses the following turfgrass diseases:

- Fusarium blight
- Necrotic ring spot
- Summer patch

**ACCEPTED
with COMMENTS
In EPA Letter Dated
DEC 20 2007**

**Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.**

83893-13

How and When to apply:

Directions for Use:

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not enter or allow others to enter until dust has settled.

When to Use:

For prevention of dollar spot, copper spot, red thread, anthracnose, stripe smut and brown patch, apply to dry or moist foliage at the NORMAL RATE (7,400 square feet per bag) when disease activity is noted or suspected, then repeat at 2-to-3 week intervals. The minimum re-treatment interval is 14 days. Do not exceed 8 applications per year or 4 DOUBLE RATE (3,700 square feet per bag) applications. During periods of high day and night temperature and humidity, treatment intervals may need to be shortened to achieve best brown patch control. For cure of these diseases when symptoms indicate advanced stages, apply at the DOUBLE RATE then follow with the NORMAL RATE preventive program.

For suppression of summer patch diseases (summer patch, Fusarium blight, and necrotic ring spot), apply to dry foliage at the DOUBLE RATE every 30 days (beginning in late spring to early summer). Three to four applications may be necessary for season-long suppression. Water immediately after application and keep turf from becoming drought stressed by watering (1 inch) weekly.

Maximum Application Rate: Apply contents of bag to up to 7,400 square feet of turf. (Do not apply to less than 3,700 square feet, a maximum application rate of 2.7 lb thiophanate-methyl per acre per application) Do not apply more than 10.88 lb thiophanate-methyl per acre per year (8 applications at 7,400 square feet per bag, or applications at 3,700 square feet per bag). Do not apply more often than once every 14 days.

How to use:

Apply with a drop-type or rotary spreader. Do not apply by hand or with hand-held rotary spreader (e.g. belly grinder). Do not apply this product in a way that will contact any person or pet either directly or through drift. Keep people and pets out of the area during application and until turf is dry after watering-in product. Do not enter or allow others to enter the treated areas until dusts have settled.

For best results with a rotary spreader, apply during a calm period of the day. If necessary to apply when a breeze is blowing, move in the direction of the wind to prevent material from blowing toward the operator. Allow one week between application of this and other control products. (This guideline may be relaxed where a severe insect or disease requires immediate treatment.)

5/6

It is not necessary to water in immediately. However, water is required before product will be activated.

**KEEP OUT OF REACH OF CHILDREN
CAUTION
PRECAUTIONARY STATEMENTS**

Hazards to Humans and Domestic Animals: CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
