ANIMALS**

**CAUTION.** Causes moderate eye irritation. Harmful if swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves. Remove and wash contaminated clothing before re-use. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the restroom.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to certain invertebrates and other aquatic organisms. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems to treat previously notifying the local sewer treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**IMPORTANT:** Read the entire directions for use before using Ecolife Concentrate.

**PERSONAL PROTECTIVE EQUIPMENT (P.P.E.)**

Applicators and other handlers must wear the following personal protective equipment:

- Coveralls over long sleeved shirt and long pants.
- Socks and chemical resistant footwear.
- Goggles or face shield
- Chemical resistant gloves such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, PVC or viton.

**APPLICATION**

Ecolife Concentrate may be applied by dip, or pressure treatment methods. Solution uptake and treatment conditions for each method should result in a 250-2500 ppm combined retention of active ingredients in the treated article. Treated wood should be used only for above ground uses.

For pressure treatment, follow the general requirements of American Wood Preservers' Association Standards U1, T1. For dip treatment, immerse wood completely until enough solution has been absorbed to meet the retention requirements given above. Use dip treatment procedures consistent with the equipment being used and standard treatment practices.

Ecolife Concentrate can be tank-mixed with other pesticide products labeled for wood treatment. Read and follow the label of each tank mix product used for precautionary statements, directions for use, application rates, and other restrictions.

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry place.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
