NOV 10 2009

Subject: Bull Run Yellowjacket Attractant Cartridge Label Amendment
Application Dated: June 09, 2009
EPA File Symbol: 84565-5
Decision Number: 417153
PRIA Code: B 680

Dear Ms Smith:

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(5), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(b). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

If you have any questions contact Driss Benmhend at 703-308-9525 or by email at: benmhend.driss@epa.gov. A stamped copy of the label is enclosed for your records.

Sincerely,

Linda A. Hollis, Chief
Biochemical Pesticides Branch
Biopesticides and Pollution
Prevention Division (7511P)

ACCEPTED

NOV 10 2009

Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended, for
the pesticide registered under
EPA Reg. No. 84565-5

[Back Panel]

**Bull Run
YELLOWJACKET
ATTRACTANT CARTRIDGE**

For use in the Bull Run Yellowjacket Trap.

The Bull Run Yellowjacket Attractant Cartridge is proven to lure the following species:
Western Yellowjacket (*Vespula pensylvanica*), Prairie Yellowjacket (*V. atropilosa*), California Yellowjacket (*V. sulphurea*), Blackjacket (*V. consobrina*), Forest Yellowjacket (*V. acadica*), Southern Yellowjacket (*V. squamosa*), Northeastern Yellowjacket (*V. vidua*), Common Yellowjacket (*V. vulgaris*), Eastern Yellowjacket (*V. maculifrons*), and German Yellowjacket (*V. germanica*).

DIRECTIONS FOR USE

1 first Aid
label

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Remove bottom cap of trap.
2. Cut and remove clear plastic surrounding attractant cartridge.
3. Insert cartridge, vented end up, into center receptacle of bottom cap.
4. Reassemble and hang trap.
5. Wash hands with soap and water.

Use Rate: Use 2-4 traps for a 10,000 square foot area or 8 to 16 traps per acre. For areas with heavy infestation, use a maximum of 48 traps per acre.

CAUTION: Due to the extreme effectiveness of the attractant, use caution when placing and maintaining traps. Place and maintain traps in late evening or early morning when yellowjackets are less active. People allergic to yellowjacket stings should allow others to place and maintain traps for them. Yellowjacket stings can be fatal.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in a cool, dry, well-ventilated location out of reach of children and pets.
DISPOSAL: Deposit in trash for collection. Wash hands with soap and water.
