MAY 31 2011

Subject: Notification per PR Notice 98-10 (Environmental Hazards per PR Notice 2008-1, Storage and Disposal per PR Notice 2007-4, updated warranty statement, company address, contact number, trademarks)  
Green Light Com-Pleat 41% Systemic Grass & Weed Killer  
EPA Reg. No. 85827-9  
Application Dated May 24, 2011

Dear Ms. Obrestad:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRNs) 98-10, 2007-4, and 2008-1 for the subject product. The Registration Division (RD) has conducted a review of this request finds that the action falls within the scope of the above PRNs. The label submitted with the application has been date-stamped "Notification" and will be placed in our records.

Please note that should you wish to add a reference to the company's website on your label, then please be aware that the language presented in the website becomes labeling under the FIFRA and is subject to the false and misleading provisions of 40CFR§156.10(a)(5). Therefore, should the Agency find or if it is brought to our attention that a website contains claims substantially differing from the EPA approved §3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, please contact Mindy Ondish at (703)605-0723 or at [ondish.mindy@epa.gov](mailto:ondish.mindy@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis".

**GREEN LIGHT® Com-Pleet® 41% Systemic Grass & Weed Killer**  
**EPA Reg. No. 85827-9**  
**NOTIFICATION**

Mr. Kable Bo Davis  
Registration Division (7505P)  
Document Processing Deck (NOTIF)  
U.S. Environmental Protection Agency  
Room S4900, One Potomac Yard  
2777 S. Crystal Drive  
Arlington, Virginia 22202

Dear Mr. Davis,

Green Light Company is submitting a label notification to update our product label for Green Light® Com-Pleet® 41% Systemic Grass & Weed Killer (EPA Reg. No. 85827-9). The following changes have been made to this product label:

- Transferred EPA Reg. No. from 869-238 to 85827-9
- Updated the Environmental Hazards statement according to PR-Notice 2008-1
- Updated the Container Disposal according to PR-Notice 2007-4
- Updated the Warranty statement
- Updated Green Light manufactured address, telephone numbers and trademarks

I have enclosed the following documents to support this Notification submission:

- Pesticide applications (Form 8570-1)
- Certification Statements consistent with the provisions of PR-Notice 98-10, PR-Notice 2007-4 and PR-Notice 2008-1
- One (1) copy of the proposed label
- One (1) copy of the proposed label with redline additions/strike through

If you should have any questions please contact me at (925) 256-2791 or email: [linda.obrestad@valent.com](mailto:linda.obrestad@valent.com) or Ms. Julie Schlekau at (202) 872-0955 or email: [julie.schlekau@valet.com](mailto:julie.schlekau@valet.com) .

Sincerely,

**NET WEIGHT**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

**FIRST AID**

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**HOTLINE NUMBER** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact **210-494-3481** 800-892-0099 for general product information and/or medical information.

**ENVIRONMENTAL HAZARDS:** ~~Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.~~ To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use only according to label instructions observing all precautions.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** ~~Use and store this product only in its original container. Store product in a secure storage area away from sources of heat or open flame. Protect from freezing.~~ Store in original container. Store in a locked storage area out of reach of children and pets.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** ~~If Empty:~~ Nonrefillable container. Do not reuse this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. ~~Spill or Leak: In case of spill or leak, soak up with paper towels and discard in trash.~~

**GENERAL INFORMATION:** Green Light Com-Pleet 41% Systemic Grass & Weed Killer eliminates nearly all common weeds and grasses. This product can be used in driveways, walkways, curbs, along fences and foundations, near trees and shrubs, flower beds, mulch beds, vegetable gardens, fruit trees and other similar areas of the landscape to get rid of undesirable vegetation. The product can also be used for big jobs such as lawn renovation, vegetable and flower garden preparation. Do not use on or around edible food crops.

**IMPORTANT:** This product is a non-selective herbicide and will kill all vegetation contacted. This herbicide kills plants by inhibiting the production of a substance found only in plants. It enters plants through the sprayed foliage and moves down to the roots. Avoid direct spray or drift onto desirable plants, lawn grasses, shrubs and trees. Protect desirable plants and vegetation with a piece of plastic or cardboard. If desirable plants are accidentally sprayed, wash plants with water immediately. Any product not absorbed by the plant is broken down into natural materials. This product has no soil activity and thus will not affect nearby untreated plants. Do not mow, cut or otherwise disturb treated vegetation for at least 7 days following application.

**WEEDS CONTROLLED**

**Annual Weeds and Grasses:** Annual ryegrass, annual bluegrass, barnyardgrass, black medic, bromegrass, bur clover, chickweed, clover, common lambsquarters, common plantain, common ragweed, crabgrass, false dandelion, fall panicum, field pennycress, field sandbur, Florida pusley, foxtail, garden spurge, goosegrass, hemp sesbania, henbit, knotweed, lambsquarters, London rocket, mallow, mouseear chickweed\*, oxalis\*, Pennsylvania smartweed, pennywort, pigweed, prickly lettuce, prostrate spurge, puncture vine, purslane, redroot pigweed, sandspur, shepherdspurge, smartweed, smooth pigweed, sowthistle, spotted spurge, spurge, Texas panicum, wild geranium\*, witchgrass, yellow nutgrass, yellow oxalis and many other annual grasses and weeds.

**Perennial Weeds, Grasses and Brush:** Alder, artichoke thistle, bahiagrass, barnyardgrass, bentgrass, Bermudagrass, bluegrass, broadleaf plantain, buckhorn plantain, bull thistle, Canada thistle, cattail, centipedegrass, cocklebur, common ragweed, creeping bentgrass, creeping Charlie, curly dock, dallisgrass, dandelion, false dandelion, fescues, field bindweed, hairy crabgrass, honeysuckle, horseradish, horsenettle, Johnsongrass, multiflora rose, nutgrass (nutsedge), oak species, orchardgrass, oxalis\*, pennywort, plantain, poison oak, poison ivy, purple cudweed\*, purple nutsedge, quackgrass, ragweed, red clover, ryegrass, smooth bromegrass, sowthistle, St. Augustinegrass, sumac, tall fescue, thistle, trumpetcreeper, Virginia creeper, white clover, wild barley, wild blackberry, wild carrot, wild morningglory, wild oats, willow, yarrow, yellow nutgrass, yellow starthistle, zoysia and many other perennial weeds, grasses, brush and sedges.

\*Annual or Perennial

**WHEN TO USE**

Apply to actively growing weeds, preferably before the seed heads form. It is best to apply on a warm sunny day when daytime temperatures are above 60°F. Weed control is accelerated by warm sunny weather. Apply when the wind is calm. Hard-to-control weeds may require a second application if not completely dead in 4 weeks.

**HOW TO USE**

Green Light Com-Pleet 41% Systemic Grass & Weed Killer is formulated for "spot" treatment of individual weeds and grasses or for treatment of large areas as instructed on this label (see specific site areas below). Apply with a plastic, aluminum or stainless steel tank-type sprayer. **Do not apply with galvanized or unlined steel sprayer, or through any irrigation system or sprinkling can.** Use a tank-type sprayer with a coarse spray nozzle for spot treatments. Use the Ortho® Dial 'N Spray® or other hose-end sprayer to treat large areas such as for lawn renovation or to prepare sites for planting flower beds or vegetable gardens.

Wear long-sleeve shirt, long pants, shoes and socks when applying this product. Wash clothing separate from other laundry.

**WHERE TO USE**

**General Weed Control:** Use near fences, in paths, patios, sidewalks, curbs and driveways, around ornamental trees, shrubs, flower beds and plantings, around buildings. Controls weeds in brick and gravel walks. Use for trimming and edging landscapes. NOT recommended for spot weed treatment in lawns, since the product kills all green plants, including lawn grasses. If replacing a lawn or parts of a lawn, see **For lawn renovation/replacement** recommendations on the label.

**Spot Treatments:** Direct spray on undesirable weeds and grasses in and around flower beds, ornamental trees, fruit and nut trees, grapevines, shrubs, fences, driveways and walkways. Do not spray fruit and nut trees or grapevines directly.

**Landscapes:** For use in preparing areas for planting of ornamentals, trees, shrubs, desert landscapes, rock gardens, flower beds or similar plantings. Treated areas can be planted 1 day after treatment.

**For Lawn Renovation/Replacement:** Use this product to remove the undesired lawn and kill weeds and grasses. For best results, apply in spring or fall, when daytime temperatures are at least 60°F. If the lawn is dry, water lawn every other day for a week before applying Green Light Com-Pleat 41% Systemic Grass & Weed Killer. Do not mow for 7 days before or after treatment. Use 2 1/2 fl oz per gallon of water for each 300 sq ft of area to treat. After 7 days, prepare the soil by raking or rototilling the lawn. Rake up and remove loosened thatch or debris. Mix in starter fertilizer and soil amendments, if needed. Level the soil. Sow new seed according to directions on seed package, or install sod. Level the soil. Apply seed according to directions on seed package, or install sod. Grass seed must have good contact with soil to germinate and grow. Keep area moist to establish new lawn, then water as needed.

**To Control Brush:** Apply to green and actively growing brush. For plants taller than 5 feet, cut them back and spray the regrowth. Fall applications to brush may delay control to the following season. A second application may be required on hard-to-control species such as blackberry, kudzu or poison oak.

**Stump Treatment:** Stumps can be treated to prevent regrowth. For best results, treat when the vegetation is actively growing or within a few minutes of being cut. Cut the stump close to the soil surface. Make 4 to 5 nail holes in the stump and flood the stump with undiluted product. This procedure will control or suppress many types of woody brush and trees, such as alder, bluegum eucalyptus, madrone, oak, giant reed, saltcedar, sweetgum and tan oak.

**To Kill Vines:** If vine is growing up a pole, fence or mature tree trunk, cut vine to a height of 3 to 4 feet and spray to thoroughly cover remaining vine. If vine is climbing a shrub or immature (green) tree trunk, to avoid damage to these plants, cut vine at base and spray its regrowth. Shield shrub and green tree trunk from spray drift with a sheet of plastic or cardboard.

### MIXING INSTRUCTIONS

#### Plastic, Aluminum or Stainless Steel Tank Sprayers

For general weed control of annual and seedling weeds: use 1 1/2 oz (3 Tbs) of product in 1 gallon of water. For tough weed control of perennials or brush or lawn renovation: use 2 1/2 oz (5 Tbs) of product in 1 gallon of water. Treats 300 sq-ft or can be used for spot treatments.

#### Ortho Dial 'N Spray Hose-End

For general weed control of annual and seedling weeds: use 1 1/2 oz (3 Tbs) of product in sprayer jar. DO NOT ADD WATER. Set dial to 1 1/2 oz and spray. For tough weed control of perennials or brush or lawn renovation: use 2 1/2 oz (5 Tbs) of product in sprayer jar. DO NOT ADD WATER. Set dial to 2 1/2 oz and spray. Treats 300 sq ft

### WHEN TO REPLANT

All ornamental flowers, trees and shrubs, may be planted **1 day after** application.

The following fruits, vegetables and herbs may be planted **3 days after** application: Beans, Beet Greens, Broccoli, Brussels Sprouts, Cabbage, Carrot, Cauliflower, Celery, Chard (Swiss), Chicory, Collards, Corn, Cucumber, Eggplant, Endive, Garlic, Gourds, Horseradish, Jerusalem Artichoke, Kale, Kohlrabi, Leek, Lentils, Lettuce, Melons, Mustard Greens, Okra, Onion, Parsley, Parsnips, Peas, Pepper, Potato, Pumpkin, Radish, Rape Greens, Rhubarb, Spinach, Sweet Potato, Tomatillo, Tomato (by seed only), Turnip, Watercress and Yams.

Turfgrasses and the following berries may be planted **7 days after** application: Blackberry, Black Raspberry, Blueberry, Boysenberry, Currant, Dewberry, Elderberry, Gooseberry, Huckleberry, Loganberry, Olallieberry and Red Raspberry.

Tomatoes from transplant and fruits, vegetables and herbs not listed may be planted **30 days after** application.

### WARRANTY

Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. To the extent consistent with applicable law, seller makes no other express or implied warranty of merchantability or fitness, for a particular purpose or otherwise, that extend beyond the statements made on this label.
