Coleen Gerber  
Keller and Heckman LLP  
Agent for Innovasource, LLC  
1001 G Street, NW Suite 500 West  
Washington, DC 20001

Subject: PRIA Label Amendment – Adding SARS-CoV-2 claim  
Product: Detergent Disinfectant Pump Spray  
EPA Registration Number: 85837-1  
Application Date: 03/28/2022  
Action Case No.: 00350266

Dear Ms. Gerber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 85837-1  
Decision No. 00350266

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Stacey Grigsby by phone at 703.305.6440, or via email at [grigsby.stacey@epa.gov](mailto:grigsby.stacey@epa.gov)

Sincerely,

A handwritten signature in cursive script that reads "Jacqueline Hardy".

Manufactured [Mfd] [For] [By] Innovasource [LLC]  
 11515 Vanstory Drive, Suite 110  
 Huntersville, NC 28078  
 [Batch number]

Detergent Disinfectant Pump Spray (PROXI® (multi-purpose) (kitchen) ( bathroom) disinfectant cleaner (or this product or product name) is designed specifically as a general (non-acid) (ready-to-use) (non-abrasive) cleaner and disinfectant for use in homes, hospitals, nursing homes, patient rooms, operating rooms, ICU areas, shower rooms, locker rooms, public restrooms, schools, food processing plants, food service establishments (restaurants) (commercial kitchens), transportation terminals, office buildings, manufacturing facilities, lodging establishments, retail businesses, veterinary clinics, pet shops, animal life science laboratories and athlete/recreational facilities where housekeeping is of prime importance in controlling the hazard of cross contamination. It is formulated to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, chrome, copper, laminated surfaces, baked enamel surfaces, bathrooms, shower stalls, bathtubs and cabinets. **For plastic and painted surfaces, spot test on an inconspicuous area before use.** [No rinsing is required, except on direct food contact surfaces which require a potable water rinse after treatment.] In addition, (this product or product name) deodorizes those areas that generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms. [Not for use on food contact surfaces.]

Bacteria:

- Escherichia coli 157(ATCC 35150)
- Listeria monocytogenes (ATCC 7644)
- Pseudomonas aeruginosa (ATCC 15442)
- Salmonella (choleraesuis) enterica (ATCC 10708)
- Staphylococcus aureus (ATCC 6538)

Virus:

- Human Influenza A (H1N1) virus (A/PR/8/34)
- SARS-CoV-2

Fungi:

- Trichophyton interdigitale (ATCC 9533)

(This product) is a broad-spectrum disinfectant (bactericidal) tested according to the AOAC Germicidal Spray Products test method.

(This product) is a combination cleaner/disinfectant that provides hospital disinfection on (washroom) (restroom) (and other) hard, non-porous surfaces.

(This product) is germicidal\* when used as directed for disinfection of non-food contact surfaces (This product) is a versatile and convenient disinfectant cleaner for most washable hard, non-porous surfaces.

(This product) is highly versatile and a convenient disinfectant cleaner that you use straight from the bottle.

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term “this product” used throughout this document may be replaced with the marketed product name. The term “x” is a place holder for a number between 1 to 99.

## DETERGENT DISINFECTANT PUMP SPRAY MASTER LABEL

### **(Additional Claims, Uses & Applications):**

- When used as directed, (this product or product name) (is) effective against a wide variety (broad-spectrum) of pathogenic microorganisms (including bacteria\*\*, viruses(^), fungi, mold and mildew.)
- (This product or product name) is a germicidal\* (disinfectant) cleaner and deodorant (odor-counteractant) (odor neutralizer) designed for general cleaning, (and) disinfecting (deodorizing) (and controlling mold and mildew on) (of) hard, non-porous inanimate surfaces. It (also) eliminates odors leaving (restroom) surfaces smelling clean and fresh. Use where odors are a problem.
- **Animal Housing Facilities:** (This product or product name) removes dirt, grime, mold, mildew, blood, urine, fecal matter and other common soils found in animal housing facilities, grooming facilities, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities. It (also) eliminates odors leaving surfaces smelling clean and fresh.
- It cleans, disinfects and deodorizes hard, non-porous inanimate surfaces. Its non-abrasive formula is designed for use on (Use daily on) (Use daily to clean and disinfect) hard, non-porous inanimate surfaces: plated or stainless steel, aluminum, chrome, glazed porcelain, glazed tile, laminated surfaces associated with floors, walls, countertops, cages, crates, kennels and animal equipment found in animal housing facilities.
- **Public Restrooms:** (This product or product name) is a disinfectant cleaner and deodorant (odor-counteractant) (odor-neutralizer) designed for general cleaning, (and) (disinfecting) (deodorizing) (and controlling mold and mildew) on hard, non-porous inanimate surfaces.
- It cleans, disinfects and deodorizes surfaces by killing odor-causing microorganisms and prevents (inhibits) (controls) the growth of mold and mildew. Its non-abrasive formula is designed for use on (restroom surfaces): glazed ceramic (restroom surfaces), glazed porcelain, chrome, stainless steel and plastic surfaces associated with floors, walls, fixtures, toilet bowls (above the water line), urinals, sinks, shower rooms and locker rooms.
- **Non-Acid Bowl (& Bathroom) Disinfectant Cleaner:** (This product or product name) is (also a (ready-to-use) non-acid (bowl and) bathroom cleaner that cleans, disinfects and deodorizes. It cleans, disinfects and deodorizes toilet bowls (above the water line), urinals, rims, sinks, sink basins, faucets, tubs, glazed tiles, glazed ceramic, glazed porcelain, chrome, stainless steel and all non-porous inanimate surfaces found in the bathroom (restroom).
- It eliminates odors, leaving bathrooms (restrooms) smelling clean and fresh. Use where odors are a problem. It cleans, disinfects and deodorizes surfaces by killing odor-causing microorganisms and prevents (inhibits) (controls) the growth of mold and mildew. Its non-abrasive formula is designed for use (Use it daily) on (restroom surfaces): glass, glazed ceramic (restroom surfaces), glazed tile, glazed porcelain, chrome, stainless steel and plastic surfaces associated with floors, walls, fixtures, toilet bowls (above the water line), urinals, sinks, shower rooms and locker rooms.
- **Deck Wash and Cleaner:** (This product or product name) is (also) a ready to use cleaner for outdoor decks and or patio surfaces to clean without harming nearby shrubs and grass

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product name. The term "x" is a place holder for a number between 1 to 99.

## DETERGENT DISINFECTANT PUMP SPRAY MASTER LABEL

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

*(For labels that list medical premises and metal and/or stainless steel surfaces, one of the following statements must be used.)* This product is not to be used as a terminal sterilant/high-level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or other areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

Or

This product is not for use on critical or semi-critical medical device surfaces.

*(Optional Directions for Product Supplied in Refill Bottles)*

Fill or refill the X fluid ounces. (This product or product name) spray bottle with (this product or product name) refill. Pour product into spray bottle over sink or tub basin.

**DISINFECTION, DEODORIZING AND CLEANING** - Remove visible soil prior to application of the product. Hold container six to eight inches from surface to be treated. Spray area until it is covered with the solution. Allow product to penetrate and the surface to remain visibly wet for **10 minutes**: No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum.

**Disinfection of toilet bowls (above the water line) and urinals:** Remove water from bowl by forcing water over trap with a swab mop applicator. Press swab mop against side of the bowl to remove excess from applicator. Hold container 6 to 8 inches from the surface to be treated and spray area until covered with solution, making sure to get under the rim. Let stand visibly wet for **10 minutes**.

**To disinfect food processing premises:** floors, walls and storage areas, hold container six to eight inches from the surface to be treated and spray area until it is covered with the solution. Allow (product or product name) to penetrate and remain visibly wet for **10 minutes**. Wipe off with a clean cloth, mop or sponge and thoroughly rinse all surfaces in the area with potable water. Visibly soiled areas must be pre-cleaned before using this product. Food products and packaging materials must be removed or carefully protected prior to using this product.

**Disinfection of animal quarters and kennels:** For disinfection of pre-cleaned, hard, non-porous surfaces in animal quarters and kennels, apply (this product or product name). Remove all animals and feed from premises. Remove all litter and droppings from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all troughs, racks and other feeding and watering appliances. Thoroughly clean all surfaces with soap or detergent and rinse with water. Hold container 6 to 8 inches from the surface to be treated and spray area until covered with solution. Allow surfaces to remain visibly wet for **10 minutes**. Ventilate building and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. All treated equipment that will contact feed or drinking water must be rinsed with potable water before reuse.

**To clean outdoor decks, patios, outdoor furniture and storage areas.** Hold container 6 to 8 inches from the surface to be treated and spray area until covered with solution. Allow surfaces to remain visibly wet for **10 minutes**, scrub surface wipe or rinse off. Visibly soiled areas may need precleaning prior to use of this product.

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product name. The term "x" is a place holder for a number between 1 to 99.

## DETERGENT DISINFECTANT PUMP SPRAY MASTER LABEL

**EFFICACY TESTS HAVE DEMONSTRATED THAT (THIS PRODUCT or PRODUCT NAME) IS AN EFFECTIVE BACTERICIDE\*\*, VIRUCIDE^, AND FUNGICIDE ON PRECLEANED SURFACES.**

Using approved AOAC (under Good Laboratory Practices, [GLPs]), in the presence of 5% soil load serum and a **10-minute** contact time, unless otherwise noted, (this product or product name) kills the following organisms on hard non-porous inanimate surfaces:

**BACTERICIDAL ACTIVITY (BACTERIA):**

***Pseudomonas aeruginosa*, (ATCC 15442) *Staphylococcus aureus*, (ATCC 6538) *Salmonella enterica* (ATCC 10708) *Escherichia coli*, (ATCC 11229)**

Using approved AOAC (under Good Laboratory Practices, [GLPs]), in a **10 minute** contact time, unless otherwise noted, (this product or product name) kills the following organisms on precleaned hard non-porous inanimate surfaces:

**BACTERICIDAL ACTIVITY (BACTERIA):**

***Listeria monocytogenes* (ATCC 19115)**

**EFFICACY TESTS HAVE DEMONSTRATED THAT (THIS PRODUCT or PRODUCT NAME) IS AN EFFECTIVE BACTERICIDE AGAINST *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonella enterica*, *Escherichia coli*, AND *Listeria monocytogenes***

**FUNGICIDAL ACTIVITY-** (This product or product name) is fungicidal against the pathogenic fungus, ***Trichophyton mentagrophytes* (ATCC 9533)** (Athlete's Foot Fungus) (a cause of ringworm) (a cause of ringworm of the foot), when used with a **10 minute** contact time on precleaned, non-porous hard surfaces as found in bathrooms, shower stalls, locker rooms, or other areas commonly contacted with bare feet.

**VIRUCIDAL ACTIVITY** - (This product or product name) kills on hard, non-porous inanimate surfaces when allowed to remain visibly wet for a 10-minute contact time against: **Influenza A (H1N1) virus**, (ATCC VR-1469)

(This product or product name) when used on environmental, inanimate hard surfaces exhibits effective virucidal activity against, **Influenza A (H1N1) virus**, when the treated surface is allowed to remain visibly wet for 10 minutes.

(This product or product name) kills on hard, non-porous inanimate surfaces when allowed to remain visibly wet for a 10-minute contact time against: (SARS-CoV-2 (coronavirus) (COVID-19 virus) (the cause of COVID-19) (the virus that causes COVID-19).

(This product or product name) when used on environmental, inanimate hard surfaces exhibits effective virucidal activity against (SARS-CoV-2 (coronavirus) (COVID-19 virus) (the cause of COVID-19) (the virus that causes COVID-19), when the treated surface is allowed to remain visibly wet for 10 minutes.

**MILDEWSTAT-** To control mold and mildew on pre-cleaned, hard, non-porous surfaces, spray surface to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product name. The term "x" is a place holder for a number between 1 to 99.

**Additional directions for use**

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

<<Operation directions>>

**To Operate:** Turn nozzle [counterclockwise] to preferred usage.

**To Refill:** 1. Remove trigger sprayer (or cap) from empty bottle.  
 2. Unscrew cap on refill container and pour contents into empty bottle.  
 3. Replace trigger sprayer (or cap) and use this product as you normally would. (This product can also be used straight from this refill container)

**To Refill:** 1. Remove trigger unit from the empty bottle.  
 2. Attach the trigger unit to this product container.

**To Refill (Bottle):** Remove trigger sprayer from empty (bottle) (container). Unscrew cap on refill and pour contents into empty (bottle) (container). Replace trigger sprayer and use as you normally would. Refill container only with (this product).

**To Refill (Bottle):** 1. REMOVE: Remove trigger sprayer from empty (bottle) (container).  
 2. POUR: Unscrew cap on refill and pour contents into empty (bottle) (container).  
 3. USE: Replace trigger sprayer and use (product) as you normally would. (This product) can also be used straight from this refill container.

**To Refill Applicators:**

This product may be used to fill and refill clean, properly labeled containers. Make sure the applicator container has been cleaned, dried and properly labeled according to state and local regulations. Also make sure other items (funnels or hand pumps) are properly cleaned and dried. To refill, (simply) pour from the Refill container directly into (applicator) (sprayer) being careful not to spill any product. Excess product should be properly disposed of after use. (This product is only intended for storage in original packaging.)

«Cleaning directions»

**Safety First:** Run the shower before entering to rinse shower/tub. Always stand on a non-slip surface when in shower or tub.

**For Spot Cleaning:** (Spray) (Apply) straight from the bottle and wipe clean with a damp (sponge) (cloth) (mop).

**Floors:** Cleans all washable no-wax, linoleum, vinyl and glazed ceramic tile floors. For easy cleaning, squeeze straight from the bottle and wipe clean with a damp mop.

**General (Bathroom) (Restroom) (Washroom) (Household) (Kitchen) Cleaning:** (Spray) (Apply to) soiled area, then wipe clean. No rinsing required.

**General Cleaning:** Turn nozzle counterclockwise to preferred usage. To clean household, kitchen and bathroom surfaces, spray dirty (soiled) area, then wipe clean. Repeat for stubborn stains. No rinsing required. To remove soap scum, spray bathroom surfaces then wipe clean. Allow product to penetrate soap scum before wiping.

**TO CLEAN:** (Spray) (Apply to) soiled area, then wipe clean. No rinsing required.

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product name. The term "x" is a place holder for a number between 1 to 99.

«Disinfecting Directions»

**To Disinfect/Deodorize:**

(Apply (ready to use) product {undiluted} to disinfect hard, nonporous surfaces (with) ((mechanical spray device,) (((hand pump) (coarse))) trigger spray device)). Hold container 6"-8" from surface and spray until thoroughly wet. Let stand visibly wet for 10 minutes then wipe clean. Rinse after use on surfaces that come in contact with food. For visibly soiled surfaces, pre-clean first. No rinsing required.

**Fungicidal:** Kills Trichophyton mentagrophytes (Athlete's Foot Fungus) when used as a disinfectant on (shower walls) (shower stalls), glazed ceramic tile floors, in/around shower areas and areas commonly contacted by bare feet.

**Virucidal:** Kills Influenza A (H1N1) virus when allowed to remain visibly wet and for 10 minutes

**Control Mold & Mildew Stains:** Pre-clean hard, non-porous surfaces. Apply product at full strength with (sponge) (cloth) (or) (trigger spray). Let surface remain visibly wet for 10 minutes, allow to air dry. Repeat application at weekly intervals or when mold and mildew stains appear.

<<Deodorizing directions>>

<<Hard non-porous surface>>

**To Deodorize:** Spray (Apply to) surface until visibly wet. Let stand for 10 Seconds. Wipe clean. For visibly soiled surfaces, pre-clean first. No rinsing required

«Advisory Statements»

Do not use on eating/cooking utensils, glasses/dishes or cookware.

Do not use on outdoor patio furniture cushions and pillows.

Do not use on unfinished, oil or waxed wood floors. Does not harm most (kitchen) (bathroom) surfaces. If the last portion (of this product) is difficult to dispense, turn trigger 180° to face opposite direction; this will ensure full use of its contents.

On painted surfaces test a small inconspicuous area first.

Rinse all food contact surfaces with potable water.

This product is not recommended for use on finished wood floors.

This product is not recommended for use on (natural) marble, brass or acrylic plastic.

This product is not recommended for use on (natural) marble, brass or acrylic plastic or finished wood surfaces.

This product is not recommended for use on finished wood floors, or for used on marble or brass.

This product is not recommended for use in sprayer with liquid/metal contact.

NOTE: Bracketed information is denoted as: <<directive>>, {insert as noted}, (optional text), [required qualifier]. The term "this product" used throughout this document may be replaced with the marketed product name. The term "x" is a place holder for a number between 1 to 99.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

[Wear Gloves and Eye Protection when using product.] [Extended contact with this product may cause a temporary white appearance on the skin of some individuals. Bubbling or foaming may also occur upon contact with dry or damaged skin. These are normal effects from hydrogen peroxide and the white appearance should disappear quickly. To minimize these effects, rinse or wash hands promptly after contact.] [If extended contact with the product results in a temporary white appearance of the skin, or if foaming appears on dry or damaged skin, it is a common reaction to the hydrogen peroxide and will disappear quickly. To minimize the effect, rinse hands after using the product.]

#### FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If **inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**[OPTIONAL:** You may contact xxx/xxx-xxxx for emergency medical treatment information.]

### STORAGE AND DISPOSAL

*(Note to reviewer: the following Storage and Disposal directions will be used for residential/household packaging:)*

**STORAGE:** Store in areas inaccessible to children. Store in a cool dry place.

**Container Handling:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. **Container Disposal for Refill Spray Bottle:** Do not reuse empty spray bottle except with refill bottle, Offer for recycling, if available.

*(Note to reviewer: the following Storage and Disposal directions will be used for industrial/ commercial packaging:)*

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store in a dry place no lower in temperature than 50°F or higher than 120°F.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse as follows: Empty the remaining contents into application equipment or mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

**Container Disposal of Refill Spray Bottle:** Refill only with this product. Offer empty container for recycling. Triple rinse container according to the directions outlined above.
